New Culture New Right Antiliberalism In Postmodern Europe

Damon T. Berry

New Culture New Right Antiliberalism In Postmodern Europe:

New Culture, New Right Michael O'Meara, 2013 *New Culture New Right* is the first English language study of the identitarian movements presently reshaping the contours of European politics. The study's focus is Alain de Benoist's GRECE (Groupement de Recherche et d'Etude pour la Civilisation Européenne) which Paul Piccone of Telos described as the most interesting group of continental thinkers since the existentialists of the 1950s and which elsewhere is seen as the leading school of contemporary Right wing thought. Made up of veterans from various nationalist traditionalist far Right and regionalist movements the GRECE began as an association of French intellectuals committed to restoring the crumbling cultural foundations of European life and identity. Due to the quality of its publications and its philosophically persuasive reformulation of the Right project it attracted an immediate audience. By the late 1970s it had recruited an impressive array of Continental thinkers to its ranks. In Italy Germany Belgium and a number of other European countries there have since emerged organizations and publishing concerns either directly linked to the Paris based GRECE or involved in analogous endeavors. As a result of these diffusions GRECE style identitarianism has come to form the chief ideological alternative to the regnant liberalism. The European New Right to which the GRECE gave birth is new however not in the modernist sense of being novel but in the traditionalist sense of reappropriating an origin whose meaningful possibilities remain open for realization. Such a revolutionary return to Europe's roots has never seemed so urgent. After a half century under the liberal democratic regimes imposed by the United States in 1945 Europeans now face extinction as a race and a culture. In opposition to the ethnocidal forces of the American Occupation and its European collaborators New Rightists appeal to the primordial in their people's heritage aiming to awake a spirit of resistance and renaissance in them. The result as documented in this introduction to their ideas is one of the most formidable critiques ever made of the liberal project. Michael O'Meara Ph.D. studied social theory at the Collège des Hautes Etudes en Sciences Sociales and modern European history at the University of California. He is the author of *Guillaume Faye and the Battle of Europe* 2013 also published by Arktos.

Rethinking the French New Right Tamir Bar-On, 2013-04-12 This book focuses on the philosophy politics and impact of the New Right which originated in France and has since influenced activism ideology and policy in a number of European countries This book explores the idea that revolutionaries do not necessarily need to come from the left nor use arms in order to overturn liberal democracy In the post World War Two era the extremists of the revolutionary right took three different paths 1 parliamentary 2 extra parliamentary and 3 metapolitical The New Right nouvelle droite ND in France took the metapolitical path but that did not mean it abandoned its revolutionary desire to smash liberal democracy throughout Europe The book examines four interpretations of the New Right These interpretations include the following 1 The New Right as a fascist or quasi fascist movement 2 The New Right as a challenge to the traditional right left dichotomy which has structured European political debates for more than 200 years 3 The New Right as an alternative modernist movement which rejects liberal and socialist narratives of modernity accepts the technical but not political or cultural effects of modernity and longs for a pan European political framework abolishing liberal multiculturalism and privileging ethnic dominance of so called original Europeans and 4 The New Right as a variant of political religion and conversionary processes The book concludes by analysing the positions cultural and political impact and relationship to democracy of the New Right This work will be of great interest to students and scholars of racism fascism extremism European politics French politics and contemporary political theory

The Extreme Right in Europe Uwe Backes, Patrick Moreau, 2011-12-07 The present work deals not only with the well organized right extremism in modern Europe as well as with its function in proper political parties but equally includes two additional broader approaches the militant branches and subcultures that exist including some paramilitary phenomena in Eastern Europe and the broad realm of their political ideas and cultural trends and the influence they exert on European political culture

World of the Right Rita Abrahamsen, Jean-François Drolet, Michael C. Williams, Srdjan Vucetic, Karin

Narita,Alexandra Gheciu,2024-06-27 The contemporary radical Right is not merely a series of nationalist projects but a global phenomenon This book shows how radical conservative thinkers have developed long term counter hegemonic strategies that challenge prevailing social and political orders both nationally and internationally At the heart of this ideological project is a critique of liberal globalisation that seeks to mobilise transversal alliances against a common enemy the New Class of global managerial elites who are accused of undermining national sovereignty traditional values and cultures World of the Right argues that while the radical Right is far from a unified political movement its calls for sovereignty civilisational orders and multipolarity enable complex strategic convergences with illiberal states such as China and Russia as well as states and people in the Global South The potential consequences for the future of the liberal world order are profound and wide ranging

Mapping the Extreme Right in Contemporary Europe Andrea Mammone,Emmanuel Godin,Brian Jenkins,2012 In recent years the revival of the far right and anti Semitic racist and fascist organizations has posed a significant threat throughout Europe Mapping the Extreme Right in Contemporary Europe provides a broad geographical overview of the dominant strands within the contemporary radical right in both Western and Eastern Europe After providing some local and regional perspectives the book has a series of national case studies of particular countries and regions including Austria Belgium Bosnia Herzegovina Croatia Eastern Europe France Germany Greece Italy Malta Portugal Romania Scandinavia Serbia Spain Switzerland Turkey Ukraine and the United Kingdom A series of thematic chapters examine transnational phenomena such as the use of the Internet the racist music scene cultural transfers and interaction between different groups Drawing together a wide range of contributors this is essential reading for all those with an interest in contemporary extremism fascism and comparative party politics

Antiliberal Internationalism in the Twentieth Century Matthijs Lok,Marjet Brolsma,Robin de Bruin,Stefan Couperus,Rachel McElroy White,2025-05-21 This book shows how antiliberal discourse thought and mobilization have in defiance of nationalist aims been significantly shaped and determined in the international sphere as new collaborations position themselves against the liberal order established after the fall of the Berlin Wall Despite often drawing inspiration from nationalist movements and ideologies antiliberalism is a phenomenon that transcends domestic contexts and settings in important ways This collection of essays charts the many sided aspects of twentieth century internationalism and its contemporary developments across the globe Without excluding well known European sources of antiliberal internationalism it decentres the European experience by exploring specific case studies from South and East Asia the Middle East the Americas Africa and Oceania Moreover the volume abundantly demonstrates that liberalism and anti liberalism cannot be considered as fixed entities as anti liberalism was and is as much defined by its enemies as by its advocates This book is intended for scholars and students of International Studies Intellectual History Political History Political Science European Studies and Global Studies as well as for journalists and policymakers interested in contemporary Europe cosmopolitanism political polarization and the traditions of the right and far right

Muslims and

the New Information and Communication Technologies Thomas Hoffmann, Göran Larsson, 2014-01-10 This volume deals with the so called new Information and Communication Technologies ICT and their interrelationship with Muslims and the interpretation of Islam This volume taps into what has been labelled Media Studies 2.0 which has been characterized by an intensified focus on everyday meanings and lay users in contrast to earlier emphases on experts or self acclaimed experts This lay adoption of ICT and the subsequent digital literacy is not least noticeable among Muslim communities According to some global estimates one in ten internet users is a Muslim This volume offers an ethnography of ICT in Muslim communities The contributors to this volume also demonstrate a new kind of moderation with regard to more sweeping and avant gardistic claims which have characterized the study of ICT previously This moderation has been combined with a keen attention to the empirical material but also deliberations on new quantitative and qualitative approaches to ICT Muslims and Islam for instance the digital challenges and changes wrought on the Qur'an Islam's sacred scripture As such this volume will also be relevant for people interested in the study of ICT and the blooming field of digital humanities Scholars of Islam and the Islamic world have always been engaged and entangled in their object of study The developments within ICT have also affected how scholars take part in and influence public Islamic and academic discussions This complicated issue provides basis for a number of meta reflexive studies in this volume It will be essential for students and scholars within Islamic studies but will also be of interest for anthropologists sociologists and others with a humanistic interest in ICT religion and Islam

Blood and Faith Damon T. Berry, 2017-09-26 Beginning with Ronald Reagan's 1980 presidential campaign the term religious right entered the popular lexicon coming to signify a politically and socially conservative form of Christianity that informs American conservatism to this day Less well known are other ideologies that have influenced the far right since well before 1980 including Odinism Creativity and racialized atheism The rising popularity of these extreme groups and their philosophical grounding in racial politics and religious bigotry has caused a shift away from and often hostility toward even racist forms of Christianity among American white nationalists In Blood and Faith Berry deftly explores the causes of this shift rooted largely in response to racialized anxieties that are by no means exclusive to extremists in America Focusing on the challenges these tensions pose for contemporary white nationalists seeking access to mainstream conservative politics Berry also considers the recent rise of the so called alt right and the unifying issues of anti multiculturalism and anti immigration around which moderate and fringe groups have rallied Blood and Faith is a provocative investigation of the complex evolving role of white nationalism and an urgent reminder of the outsized influence of religion in American political life

Debating Worlds Daniel Deudney, G. John Ikenberry, Karoline Postel-Vinay, 2023 By the last decade of the twentieth century the great questions of modernity seemed to be answered With the collapse of the Soviet Union and global communism the liberal democratic capitalist project seemed to be the only one left standing and in the 1990s the liberal ideal spread worldwide Today of course this universalistic narrative rings hollow The global distribution of power has shifted and

the preeminence of the West is receding as new directions for world order emerge China is rapidly ascending as a peer competitor of the United States bringing with it a powerful new global narrative of grievance and revision Political Islam also burst onto the global scene as a multifaceted transnational movement reshaping regional political order and geopolitical alignments With the rapid advance of climate change there have arisen new narratives of global endangerment and dystopia Far from converging fragmentation and contestation increasingly dominate debates over world order In *Debating Worlds* Daniel Deudney G John Ikenberry and Karoline Postel Vinay have gathered a group of eminent scholars in the field to analyze the various ways in which the West's dominant narrative has waned and a new plurality of narratives has emerged Each of these narratives combines stories of the past with understandings of the present and attractive visions of the future Collectively the contributors map out these narratives focusing primarily on their key features origins and implications for world order The narratives prominent on the world stage are a volatile mix of components but they also differ in scope some are regional and civilizational without global aspirations while others cast themselves as globally expansive and universally ambitious Covering the most influential narratives currently shaping world politics *Debating Worlds* is an essential volume for all scholars of international relations

Adopting the Beat of Phrase: An Emotional Symphony within **New Culture New Right Antiliberalism In Postmodern Europe**

In a world used by monitors and the ceaseless chatter of instantaneous transmission, the melodic elegance and mental symphony developed by the prepared word frequently fade into the backdrop, eclipsed by the persistent noise and interruptions that permeate our lives. Nevertheless, set within the pages of **New Culture New Right Antiliberalism In Postmodern Europe** a wonderful fictional prize full of raw thoughts, lies an immersive symphony waiting to be embraced. Crafted by a masterful composer of language, that fascinating masterpiece conducts visitors on a psychological journey, skillfully unraveling the hidden tunes and profound affect resonating within each carefully constructed phrase. Within the depths of this touching analysis, we can discover the book is central harmonies, analyze its enthralling publishing model, and surrender ourselves to the profound resonance that echoes in the depths of readers souls.

New Culture New Right Antiliberalism In Postmodern Europe Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free New Culture New Right Antiliberalism In Postmodern Europe PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to

locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free New Culture New Right Antiliberalism In Postmodern Europe PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of New Culture New Right Antiliberalism In Postmodern Europe free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About New Culture New Right Antiliberalism In Postmodern Europe Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. New Culture New Right Antiliberalism In Postmodern Europe is one of the best book in our library for free trial. We provide copy of New Culture New

Right Antiliberalism In Postmodern Europe in digital format, so the resources that you find are reliable. There are also many Ebooks of related with New Culture New Right Antiliberalism In Postmodern Europe. Where to download New Culture New Right Antiliberalism In Postmodern Europe online for free? Are you looking for New Culture New Right Antiliberalism In Postmodern Europe PDF? This is definitely going to save you time and cash in something you should think about.
