New Development Strategies Beyond The Washington Consensus:

New Development Strategies A. Kohsaka, 2004-05-24 This edited volume examines the flaws in the Washington Consensus The missing link identified is the relationship between market and government The East Asian Miracle showed that the market and government are complementary particularly with regard to economic development However the nature of this relationship has not been fully clarified This book assesses development strategies and policy issues in the context of individual and or regional economy s history and political economic reality The relationship may be conditional to these two factors With these perceptions in mind the book focuses on the role and significance of government in economic development in pursuit for new development strategies

Re-Inventing Africa's Development Jong-Dae Park, 2018-12-31 This open access book analyses the development problems of sub Sahara Africa SSA from the eyes of a Korean diplomat with knowledge of the economic growth Korea has experienced in recent decades The author argues that Africa s development challenges are not due to a lack of resources but a lack of management presenting an alternative to the traditional view that Africa s problems are caused by a lack of leadership In exploring an approach based on mind set and nation building rather than unity which tends to promote individual or party interests rather than the broader country or national interests the author suggests new solutions for SSA s economic growth inspired by Korea s successful economic growth model much of which is focused on industrialisation This book will be of interest to researchers policymakers NGOs and governmental bodies in economics development and politics studying Africa s economic development and Korea s economic growth model

Globalization - The Juggernaut of the 21st Century Jan-Erik Lane, 2016-04-22 While some people debate whether globalization really exists it proceeds apace affecting all societies It presents us with unknown challenges and as governments start to discuss what to do about these challenges it is becoming obvious that globalization is not manageable With globalization the juggernaut of the 21st century all countries of the world become interdependent in relation to the coming energy crisis climate change the sharper cleavages between rich and poor countries and people and the emergence of a multicultural social structure This interesting and erudite book adopts a distinctive approach to the multiple dimensions of the globalization debate The impressive coverage of philosophical thought including Popper Weber Habermas Lipset and Hobbes makes a valuable contribution to the debates on globalization

Trouble in the Making? Mary Hallward-Driemeier, Gaurav Nayyar, 2017-10-12 Technology and globalization are threatening manufacturing s traditional ability to deliver both productivity and jobs at a large scale for unskilled workers Concerns about widening inequality within and across countries are raising questions about whether interventions are needed and how effective they could be **Trouble in the Making The Future of Manufacturing Led Development** addresses three questions How has the global manufacturing landscape changed and why does this matter for development opportunities How are emerging trends in technology and globalization likely to shape the feasibility and desirability of manufacturing led development in the future If low wages are

going to be less important in defining competitiveness how can less industrialized countries make the most of new opportunities that shifting technologies and globalization patterns may bring The book examines the impacts of new technologies i e the Internet of Things 3 D printing and advanced robotics rising international competition and increased servicification on manufacturing productivity and employment The aim is to inform policy choices for countries currently producing and for those seeking to enter new manufacturing markets Increased polarization is a risk but the book analyzes ways to go beyond focusing on potential disruptions to position workers firms and locations for new opportunities www.worldbank.org/futureofmanufacturing
