Revives My Soul Again Lewis V. Baldwin,Victor Anderson,2018-11-01 MLK and the Practice of Spirituality The scholarship on Martin Luther King Jr is seriously lacking in terms of richly nuanced and revelatory treatments of his spirituality and spiritual life This book addresses this neglect by focusing on King s life as a paradigm of a deep vital engaging balanced and contagious spirituality It shows that the essence of the person King was lies in the quality of his own spiritual journey and how that translated into not only a personal devotional life of prayer meditation and fasting but also a public ministry that involved the uplift and empowerment of humanity Much attention is devoted to King s spiritual leadership to his sense of the civil rights movement as a spiritual movement and to his efforts to rescue humanity from what he termed a perpetual death of the spirit Readers encounter a figure who took seriously the personal interpersonal and sociopolitical aspects of the Christian faith thereby figuring prominently in recasting the very definition of spirituality in his time King s holistic spirituality is presented here with a clarity and power fresh for our own generation

The Sacraments Joseph Martos, 2009-08-01 What are the sacraments really For centuries the religious lives of Catholics and other Christians have revolved around church rituals with generally accepted individual and social effects What precisely are those effects and how are they produced Traditional theology used Greek philosophy to understand the sacraments and how they work But is there no other way to understand them In fact there are a number of ways and this book invites you to look at the sacraments through a variety of lenses psychology sociology anthropology history theology morality and spirituality As the introduction to this volume challenges If you read this book and especially if you engage in the interactive study to which it invites you your understanding of sacraments will be changed forever To help personalize your investigation the author has created a web site with thought provoking questions that encourage you to interact with the ideas being proposed in this volume To engage these topics more deeply see www.TheSacraments.org

The Phenomenon of Teilhard David H. Lane, 1996 New Age writer of the popular Aquarian Conspiracy Marilyn Ferguson observed that many of the leading lights of the New Age movement claim Teilhard as one of the most influential persons in their lives Other influences acknowledged include C G Jung Aldous Huxley Swami Muktananda Thomas Merton Werner Erhard and Maharishi Yogi Indeed of the 185 New Age leaders surveyed Teilhard was the most frequently mentioned of any person who had most influenced their thinking If this is the case then if we are to understand the New Age movement properly it behooves us to take a careful and critical look at Teilhard de Chardin David Lane has done precisely this in a clear well documented and penetrating way In this crucial book David Lane lays bare the philosophical theological and scientific failures of Teilhard s New Age enterprise In a highly documented and insightful scrutiny of Teilhard s cosmic evolution Lane unveils the apostate Christian roots of one of the most important forerunners of the New Age movement This is one of the most significant and serious treatments of the modern roots of the New Age in print

Teilhard's Proposition for Peace Jean Maalouf, 2018-11-15 Teilhard de Chardin called the greatest prophet of this age intended to write a book called The Book of Peace though he failed to do so Instead he went on sowing the seeds of peace throughout his writings This book distills and presents the essence of the case Teilhard made for the cause of peace There is no doubt that Teilhard s readers have noticed how difficult his thought can be and how puzzling it appears at times This volume navigates the complexity of those labyrinthine roads inviting the reader to confidently see the basic unity which

underlies all that is When we recognize that we live in the Divine Milieu where we witness the transforming presence of the divine in human consciousness we will existentially realize the truth of the principle by which Teilhard wanted us to live
