New Left And Labor In The 1960s:

The New Left and Labor in 1960s Peter B. Levy, 2024-04-22 It is a powerful story the relationship between the 1960s New Left and organized labor was summed up by hardhats confronting students and others over US involvement in Vietnam But the real story goes beyond the Love It or Leave It signs and melees involving blue collar types attacking protesters Peter B Levy challenges these images by exploring the complex relationship between the two groups Early in the 1960s the New Left and labor had cooperated to fight for civil rights and anti poverty programs But diverging opinions on the Vietnam War created a schism that divided these one time allies Levy shows how the war combined with the emergence of the black power movement and the blossoming of the counterculture drove a permanent wedge between the two sides and produced the polarization that remains to this day

The New Left and Labor in 1960s Peter B. Levy, 1994-06 It is a powerful story the relationship between the 1960s New Left and organized labor was summed up by hardhats confronting students and others over US involvement in Vietnam But the real story goes beyond the Love It or Leave It signs and melees involving blue collar types attacking protesters Peter B Levy challenges these images by exploring the complex relationship between the two groups Early in the 1960s the New Left and labor had cooperated to fight for civil rights and anti poverty programs But diverging opinions on the Vietnam War created a schism that divided these one time allies Levy shows how the war combined with the emergence of the black power movement and the blossoming of the counterculture drove a permanent wedge between the two sides and produced the polarization that remains to this day

The New Left and Labor in the 1960s Peter B. Levy, 1994 The Columbia Guide to America in the 1960s David Farber, Beth Bailey, 2003-04-09 The 1960s continue to be the subject of passionate debate and political controversy a touchstone in struggles over the meaning of the American past and the direction of the American future Amid the polemics and the myths making sense of the Sixties and its legacies presents a challenge This book is for all those who want to take it on Because there are so many facets to this unique and transformative era this volume offers multiple approaches and perspectives The first section gives a lively narrative overview of the decade s major policies events and cultural changes The second presents ten original interpretative essays from prominent historians about significant and controversial issues from the Vietnam War to the sexual revolution followed by a concise encyclopedia articles organized alphabetically This section could stand as a reference work in itself and serves to supplement the narrative Subsequent sections include short topical essays special subjects a brief chronology and finally an extensive annotated bibliography with ample information on books films and electronic resources for further exploration With interesting facts statistics and comparisons presented in almanac style as well as the expertise of prominent scholars The Columbia Guide to America in the 1960s is the most complete guide to an enduringly fascinating era

Leaders from the 1960s David De Leon, 1994-06-22 The throngs at Woodstock Jane Fonda in Hanoi I Have a Dream burning draft cards fire in the streets these images of the 1960s are still very much alive today What happened to the people and principles that

dominated that decade Which leaders from those turbulent years had the most lasting effect on our lives today How well have the principles for which those leaders fought so strongly withstood the test of time This thought provoking biographical dictionary allows the reader to study the leaders both conservative and liberal their ideals and their enduring influence With major sections on racial democracy peace and freedom sexuality and gender the environment radical culture and visions of alternative societies Leaders from the 1960s includes entries on a wide selection of nationally prominent activists of the 1960s In addition to those who dominated only the sixties the volume includes earlier activists who came into prominence in the 1960s and activists of the era who came into prominence since the 1960s Each entry provides a biographical sketch but the focus of the entries is on the person s basic concepts or the essence of his or her work and the public response it generated Included are extensive bibliographies on the individuals and the period

The new left and the cultural revolution of the 1960's , *Making Peace with the 60s* David Burner,2021-07-13 David Burner s panoramic history of the 1960s conveys the ferocity of debate and the testing of visionary hopes that still require us to make sense of the decade He begins with the civil rights and black power movements and then turns to nuanced descriptions of Kennedy and the Cold War the counterculture and its antecedents in the Beat Generation the student rebellion the poverty wars and the liberals war in Vietnam As he considers each topic Burner advances a provocative argument about how liberalism self destructed in the 1960s In his view the civil rights movement took a wrong turn as it gradually came to emphasize the identity politics of race and ethnicity at the expense of the vastly more important politics of class and distribution of wealth The expansion of the Vietnam War did force radicals to confront the most terrible mistake of American liberalism but that they also turned against the social goals of the New Deal was destructive to all concerned Liberals seemed to rule in politics and in the media Burner points out yet they failed to make adequate use of their power to advance the purposes that both liberalism and the left endorsed And forces for social amelioration splintered into pairs of enemies such as integrationists and black separatists the social left and mainline liberalism and advocates of peace and supporters of a totalitarian Hanoi Making Peace with the 60s will fascinate baby boomers and their elders who either joined denounced or tried to ignore the counterculture It will also inform a broad audience of younger people about the famous political and literary figures of the time the salient moments and above all the powerful ideas that spawned events from the civil rights era to the Vietnam War Finally it will help to explain why Americans failed to make full use of the energies unleashed by one of the most remarkable decades of our history

Rethinking the Chicano Movement Marc Simon Rodriguez,2014-11-13 In the 1960s and 1970s an energetic new social movement emerged among Mexican Americans Fighting for civil rights and celebrating a distinct ethnic identity the Chicano Movement had a lasting impact on the United States from desegregation to bilingual education Rethinking the Chicano Movement provides an astute and accessible introduction to this vital grassroots movement Bringing together different fields of research this comprehensive yet concise narrative considers the Chicano Movement as a national not just

regional phenomenon and places it alongside the other important social movements of the era Rodriguez details the many different facets of the Chicano movement including college campuses third party politics media and art and traces the development and impact of one of the most important post WWII social movements in the United States America in White, Black, and Gray Klaus P. Fischer, 2007-05-30 From the reviews of Nazi Germany The best one volume history of the Third Reich available It fills a void which has existed for a long time and it will probably become the basic text for generations of students Walter Laqueur An indispensable compellingly readable political military and social history of the Third Reich Publishers Weekly From the reviews of History of an Obsession This is truly a significant work for Fischer gives a balanced account of a complex subject making it painfully clear just how Germany became capable of genocide Booklist Fischer writes with a clear mastery of both primary and secondary sources Synthesizing a wide spectrum of literature into a fine scholarly work Library Journal No decade since the end of World War II has been as seminal in its historical significance as the 1960s That stormy period unleashed a host of pent up social and generational conflicts that had not been experienced since the Civil War intense racial and ethnic strife cold war terror the Vietnam War counter cultural protests controversial social engineering and political rancor Numerous studies on various aspects of these issues have been written over the past 35 years but few have so successfully integrated the many sided components into a coherent synthetic and reliable book that combines good storytelling with sound scholarly analysis The main materials covered will be the Kennedy and Johnson presidencies the Civil Rights movement the Vietnam War and the protest it generated the New Left student radicals and Black student militancy and finally the counter cultural side of the 60s hippies sex and Rock n Roll **Encyclopedia of African American History, 1896 to the Present** Paul Finkelman, 2009 Alphabetically arranged entries from A to C that explores significant events major persons organizations and political and social movements in African American history from 1896 to the twenty first century **Transgression as a Mode of Resistance** Christina R. Foust, 2010-06-22 Since industrialization two major theoretical perspectives have accompanied the vibrant practice of social change The first hegemony emerged as a less deterministic route to revolution from Marxist theory and forms the common sense of social movement today Within hegemonic resistance rhetoric links issues ideas and identities to form a recognizable collective agent whose aim is to transform the status quo into its vision of the world The second major mode of resistance transgression grows from anarchist and autonomous resistance to capitalism Transgression attempts to free individuals uniqueness and creative power by deconstructing authority and explicating the body in resistance Transgression as a Mode of Resistance Rethinking Social Movement in an Era of Corporate Globalization provides the conceptual mapping for scholars students and practitioners to participate in the growing debate between these rich and powerful forces of social change Through a broad perspective on philosophy and history Christina R Foust demonstrates that hegemony and transgression are sometimes conflicting oftentimes inter related practices She responds to critics who believe that without a social change agent

resistance appears baseless and naive without a representational economy to cohere and express common interests social movement is impossible Through alternative social relationships and political performances transgressive resisters may reinvent daily life

Managerial Control of American Workers Mel van Elteren, 2017-03-13 Today surveillance and regulation of employees are pervasive at all levels except the highest in a wide variety of American workplaces Digital information systems have become important tools of managerial control The constraints built into these systems by so called business process reengineering are a continuation of scientific management principles developed during the late 19th century Additional means of control have included employment based welfare capitalism and human relations and corporate culture approaches This book provides fresh insight into various practices of managerial control from the 1880s to the present and their effects on work organization and quality and worker skill requirements The author highlights current developments including those focused on highly skilled knowledge workers accounting for enhanced automation offshoring and related changes in the production and distribution of goods and services

The Republic of Rock Michael J. Kramer, 2013-06-27 Michael Kramer draws on new archival sources and interviews to explore sixties music and politics through the lens of these two generation changing places San Francisco and Vietnam From the Acid Tests of Ken Kesey and the Merry Pranksters to hippie disc jockeys on strike the military's use of rock music to boost morale in Vietnam and the forgotten tale of a South Vietnamese rock band The Republic of Rock shows how the musical connections between the City of the Summer of Love and war torn Southeast Asia were crucial to the making of the sixties counterculture The book also illustrates how and why the legacy of rock music in the sixties continues to matter to the meaning of citizenship in a global society today from publisher description

State of the Union Nelson Lichtenstein, 2013-08-25 In a fresh and timely reinterpretation Nelson Lichtenstein examines how trade unionism has waxed and waned in the nation's political and moral imagination among both devoted partisans and intransigent foes From the steel foundry to the burger grill from Woodrow Wilson to John Sweeney from Homestead to Pittston Lichtenstein weaves together a compelling matrix of ideas stories strikes laws and people in a streamlined narrative of work and labor in the twentieth century The labor question became a burning issue during the Progressive Era because its solution seemed essential to the survival of American democracy itself Beginning there Lichtenstein takes us all the way to the organizing fever of contemporary Los Angeles where the labor movement stands at the center of the effort to transform millions of new immigrants into alert citizen unionists He offers an expansive survey of labor's upsurge during the 1930s when the New Deal put a white male version of industrial democracy at the heart of U S political culture He debunks the myth of a postwar management labor accord by showing that there was at most a limited unstable truce Lichtenstein argues that the ideas that had once sustained solidarity and citizenship in the world of work underwent a radical transformation when the rights centered social movements of the 1960s and 1970s captured the nation's moral imagination The labor movement was therefore tragically unprepared for the years of Reagan

and Clinton although technological change and a new era of global economics battered the unions their real failure was one of ideas and political will Throughout Lichtenstein argues that labor s most important function in theory if not always in practice has been the vitalization of a democratic ethos at work and in the larger society To the extent that the unions fuse their purpose with that impulse they can once again become central to the fate of the republic State of the Union is an incisive history that tells the story of one of America s defining aspirations This edition includes a new preface in which Lichtenstein engages with many of those who have offered commentary on State of the Union and evaluates the historical literature that has emerged in the decade since the book s initial publication He also brings his narrative into the current moment with a final chapter Obama s America Liberalism without Unions

Labor's End Jason Resnikoff,2022-01-18 Labor s End traces the discourse around automation from its origins in the factory to its wide ranging implications in political and social life As Jason Resnikoff shows the term automation expressed the conviction that industrial progress meant the inevitable abolition of manual labor from industry But the real substance of the term reflected industry s desire to hide an intensification of human work and labor s loss of power and protection behind magnificent machinery and a starry eyed faith in technological revolution The rhetorical power of the automation ideology revealed and perpetuated a belief that the idea of freedom was incompatible with the activity of work From there political actors ruled out the workplace as a site of politics while some of labor s staunchest allies dismissed sped up tasks expanded workloads and incipient deindustrialization in the name of technological progress A forceful intellectual history Labor s End challenges entrenched assumptions about automation s transformation of the American workplace

The Active Society Revisited Wilson C. McWilliams,2006 The Active Society published in 1968 is the most ambitious book in Amitai Etzioni s remarkable career In this new collection of essays Wilson Carey McWilliams brings together scholars in a range of disciplines to analyze the significance and shortcomings of this important work

New Left Revisited John Campbell McMillian,Paul Buhle,2008 Starting with the premise that it is possible to say something significantly new about the 1960s and the New Left the contributors to this volume trace the social roots the various paths and the legacies of the movement that set out to change America As members of a younger generation of scholars none of them apart from Paul Buhle has first hand knowledge of the era Their perspective as non participants enables them to offer fresh interpretations of the regional and ideological differences that have been obscured in the standard histories and memoirs of the period Reflecting the diversity of goals the clashes of opinions and the tumult of the time these essays will engage seasoned scholars as well as students of the 60s

Encyclopedia of U.S. Labor and Working-Class History Eric Arnesen,2006-11-16 A RUSA 2007 Outstanding Reference Title The Encyclopedia of US Labor and Working Class History provides sweeping coverage of US labor history Containing over 650 entries the Encyclopedia encompasses labor history from the colonial era to the present Articles focus on states regions periods economic sectors and occupations race relations ethnicity and religion concepts and developments in labor economics

New Left And Labor In The 1960s Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In today's fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free New Left And Labor In The 1960s PDF books and manuals is the internet's largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free New Left And Labor In The 1960s PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal

boundaries, ensuring that the materials they provide are either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of New Left And Labor In The 1960s free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About New Left And Labor In The 1960s Books

1. Where can I buy New Left And Labor In The 1960s books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
