New Life For The Doctor:

Brainwavez D.W.G Pope,2013-12-12 An old man who is at the end of his life is fortunate to have his brain transplanted into the body of a young man who died during a brain operation During the operation an inert part of the old mans brain was activated which after 12 months caused his brain to develop giving him extraordinary powers and a second life full of adventures he could have only dreamed about in his previous life Dr. Wortle's School Anthony Trollope,2016-01-05 DR WORTLE The Rev Jeffrey Wortle D D was a man much esteemed by others and by himself He combined two professions in both of which he had been successful had been and continued to be at the time in which we speak of him I will introduce him to the reader in the present tense as Rector of Bowick and proprietor and head master of the school established in the village of that name The seminary at Bowick had for some time enjoyed a reputation under him not that he had ever himself used so new fangled and unpalatable a word in speaking of his school Bowick School had been established by himself as preparatory to Eton Dr Wortle had been elected to an assistant mastership at Eton early in life soon after he had become a Fellow of Exeter There he had worked successfully for ten years and had then retired to the living of Bowick On going there he had determined to occupy his leisure and if possible to make his fortune by taking a few boys into his house By dint of charging high prices and giving good food perhaps in part also by the quality of the education which he imparted his establishment had become popular and had outgrown the capacity of the parsonage He had been enabled to purchase a field or two close abutting on the glebe gardens and had there built convenient premises He now limited his number to thirty boys for each of which he charged 200 a year It was said of him by his friends that if he would only raise his price to 250 he might double the number and really make a fortune In answer to this he told his friends that he knew his own business best he declared that his charge was the only sum that was compatible both with regard to himself and honesty to his customers and asserted that the labours he endured were already quite heavy enough In fact he recommended all those who gave him advice to mind their own business *The Doctor and the Apostle* Jeffrey A. Nelson,2020-08-18 What could a first century church planter and tentmaker who helped forge the earliest years of a new religious movement possibly have in common with a British time traveling alien who first appeared in the 1960s to teach children about history Doctor Who has been a beloved science fiction franchise for over fifty years Paul s letters have been around for quite a while longer with the earliest ones that he wrote dated less than a generation after the life of Jesus Both have inspired and instructed people on how to live and have stoked the imagination for what individual and communal life can be in their own way And both were or are deeply flawed sometimes struggling against their own tendencies or those of others in order to help bring about something greater for their respective worlds The Doctor and the Apostle explores the similarities and differences between Doctor Who s title character and Paul of Tarsus comparing and contrasting the stories of each Whether a fan of one or the other or both the reader will gain a greater understanding of the possibilities of a life of faith as well as a deeper appreciation of how pop culture and

Halpin,2019-01-14 This is the first attempt to explain how Jewish doctors survived extreme adversity in Auschwitz where death could occur at any moment The ordinary Jewish slave labourer survived an average of fifteen weeks Ross Halpin discovers that Jewish doctors survived an average of twenty months many under the same horrendous conditions as ordinary prisoners Despite their status as privileged prisoners Jewish doctors starved froze were beaten to death and executed Many Holocaust survivors attest that luck God and miracles were their saviors The author suggests that surviving Auschwitz was far more complex Interweaving the stories of Jewish doctors before and during the Holocaust Halpin develops a model that explains the anatomy of survival According to his model the genesis of survival of extreme adversity is the will to live which must be accompanied by the necessities of life specific personal traits and defence mechanisms For survival all four must co exist *A Doctor's Christmas Family* Meredith Webber,2017-01-21 Dr Esther Shaw called home to Australia to battle a serious medical emergency meets the last person she expects Dr Bill Jackson her ex husband What is he doing here Bill was looking for Esther But now he s managing a potentially deadly epidemic taking care of an adorable baby and trying to understand his beautiful loving ex wife and her painfully guarded heart Can Bill persuade Esther to fall in love with him again *The Doctor Will See You Now* Max Pemberton,2011-08-04 The doctor is back again and on the wards Now in his third year as junior doctor Max looks and sounds the part But this time around things are not at all as he expected The junior doctor back on the wards After a year on the streets treating outreach patients Max Pemberton is back in the relative comfort of hospital This time running between elderly care and the dementia clinic to A E and outpatients No longer inexperienced Max and his
