Pistis Sophia A Coptic Gnostic Text With Commentary:

The Magdalene Version: Secret Wisdom from a Gnostic Mystery School Stuart Wilson, Joanna Prentis, Here is the real voice of Mary Magdalene giving secret teachings from her Mystery School During the years that followed the crucifixion a Gnostic group met in Midsummer Gatherings on the island of Cyprus Channeling by the angelic source Alariel has revealed eight Keynote Speeches by Mary Magdalene during these Gatherings These speeches show a profound understanding of the Way that Jeshua taught This is forbidden knowledge forbidden by the Church because it could lead to the enlightenment and empowerment of those who heard it and applied it in their lives The Pure Transmission which forms the teachings of Mary Magdalene has been restored to us through angelic intervention at the end of the planetary cycle These teachings will change your perception of Mary Magdalene forever *Pistis Sophia* G. R. S. Mead, 2017-02-23 This edition of the *Pistis Sophia* is a complete and accurate reprint of the original translation by G R S Mead in 1921 It contains all of Mead's original notes and running commentary as well as his annotated bibliography which includes numerous sources and further research material for the reader The *Pistis Sophia* is a gnostic text thought to have been written sometime between the 3rd and 4th centuries AD According to Mead there were two codices discovered in the late 18th century that contained the original work The Bruce Codex was brought to Oxford by the famous Scottish traveler Bruce in 1769 and the Askew Codex was given to the British Museum by the heirs of a wealthy doctor in 1785 Both codices were thereafter translated by experts and their contents ordered in a fashion that seemed proper according to their best abilities Mead's translation followed these efforts but as he says in his introduction the order of the contents was changed to place the contents of these Coptic translations roughly in such a sequence that the reader may be led from lower to higher grades of the Gnosis The *Pistis Sophia* itself is of such a marvelous and complex nature that it is hard to describe in a short space But generally the book shows the risen Jesus revealing the lower and higher mysteries to a group of his followers over the period of 22 years Included in these mysteries are complex cosmologies that the human soul must travel through in order to reach Gnosis with the Father A new story of the rise and fall of a restorative figure known as the *Pistis Sophia* is also given by Christ The text in the first three of the four books is a dialogue between Jesus and his disciples including Mary Magdalene who is the most active in the discussion Other disciples involved include John the Virgin Andrew Bartholomew James John Mary Martha Mathew Philip Salome Simon the Canaanite and Thomas It is apparent based on the character of the text that the work was a compilation of various earlier editions as some subjects and events are covered multiple times with slight variations Changes in certain words used in describing the same ideas also illustrate that the collected works were from different time periods The first book details how Jesus after his resurrection stayed with his disciples for eleven years teaching the lowest of the mysteries An intricate cosmology is introduced through the details of Jesus ascending the so called aeons in order to do battle with certain servants archons of the creator god who stands between human beings and gnosis It is in this cosmology that the new myth of the

Pistis Sophia is introduced and discussed continuing into the second book where connection between the current work and the Book of Jeu is demonstrated Interestingly unlike such other Gnostic myths such as the Apocryphon of John the Pistis Sophia myth is limited to the lower aeons not herself being a divine being from the higher levels of heaven The third book concerns the ethical code for the adherents of Christianity and outlines punishments for the transgression of that ethical system Additionally human beings and their spiritual nature are discussed along with their connectedness to each other and when they should be given the mysteries The fourth book details further cosmological and astrological systems including myths of fallen archons and their imprisonment within certain zodiacal spheres Five realms of punishment with their corresponding types of sinners are revealed along with the ritual and requirements for their release **Pistis Sophia**

,2006-05 The Gnostics were an early Christian mystical sect They were persecuted and documents destroyed because the Church desired a uniform set of beliefs to operate under Only now have we begun to better appreciate these early Christian mystics The purpose of this gospel is to awaken us and aid in the process of spiritual freedom **Pistis Sophia** G. R. Mead,1984-05 The first English translation of the Gnostic religious document that was the most influential of all Gnostic studies before the discovery of the Nag Hammadi library Some of the Contents Documents Probable History of the Treatise Jesus Hitherto Instructeth His Disciples Only up to the Region of the First Mystery Treasure of Light Confusion of the Powers Dismay of the Disciples Jesus Addresseth Them That John Was Elias in a Former Birth Mystery of the Five Words on the Vesture Sophia Her Fellow Powers Behold the Light **Pistis Sophia** ,1999-01-01 The Coptic Gnostic narrative theme which attempts to explain the dilemma of humanity's predicament as a realm of intelligence amidst many realms of Life both visible and invisible It also emphasizes the role of female disciples in the ministry of Jesus the Christ The later chapters contain much information concerning the soul and its origin exploring how the soul comes to birth through the Virgin of Light and departs from earth life The text also explains how the soul works within the Light power and the spiritual elements in humanity all being connected with the strivings of Wisdom Sophia Pistis Sophia Möritz Gotthilf Schwartz,Julius Heinrich Petermann,2012-08-09 Published in 1851 this edition of a second century Gnostic work includes both the Coptic text and a Latin translation *Pistis Sophia* George Robert Stow Mead,1896 The Essenes Stuart Wilso,Joanna Prentis,2005 Eyewitness accounts of the secrets of the mystery school of the Essenes at Qumran and Jesus and Joseph of Arimathea's connection with the Essenes The information was gained through regressive hypnosis *The End of Suffering* Russell Targ,J. J. Hurtak,2006-02-27 This spiritual inquiry into the nature of truth draws on Buddhism and quantum physics to liberate us from limited understandings of ourselves and others The hopeful teaching of this book is that while everybody suffers most of this suffering is unnecessary it can be overcome The belief that things must be either true or untrue leads us to think in terms of polarities good or evil right or wrong This friend or foe approach may seem to make life easier but in *The End of Suffering* Russell Targ and J J Hurtak assert that this worldview only increases our experience of suffering In an effort

to overcome the polarity of opposites and the accompanying suffering Targ and Hurtak combine the wisdom of the East with the findings of quantum physics uncovering a middle ground that shows opposing sides are really the same Buddha taught us to live a helpful and compassionate life and to surrender our ego to the peace of spaciousness The middle path of Buddhism also shows that things may be neither true nor not true or both true and untrue The End of Suffering puts the perceived opposites of Buddhism and physics together showing step by step how we can learn to surrender the story of who we think we are and experience an end to our suffering Pistis Sophia Schmidt,2020-10-26 Preliminary Material Carl Schmidt Book I Carl Schmidt Book II Carl Schmidt Book III Carl Schmidt Book IV Carl Schmidt Bibliography Carl Schmidt Key to Words of Greek Origin Carl Schmidt Greek Words Carl Schmidt Selected Words of Coptic Origin Carl Schmidt Proper Names Carl Schmidt References Carl Schmidt **The Encyclopedia of Angels** Rosemary Guiley,2004 An encyclopedia describing and giving the history of angels from the time when the earth was created forward using texts from Hebrew Arabic ancient and contemporary works *Towards the Time of the Golden Light Bird* Nina Kristiina Honkanen,2020-03-19 Seeking our treasure in the Garden of Dreams swimming with dolphins in hyperspace riding our lion through the desert to the secrets of the Sphinx and the Great Pyramid and awakening to Higher Consciousness are maybe just dreams or products of our imagination Or could it be they are more than that When reading this book we embark on an inner journey in which the dream state being awake and the Higher Consciousness experience overlap leading us inevitably towards our true treasure the Light body and our collective I Am that I Am essence With its sense of adventure poetic rhythm and spiritual scientific theme the story is set to inspire both young and adult treasure seekers alike Within each of us lies a golden inner child who can see beyond the ordinary and who we need to learn to love and cherish in order to free our mind from the illusions of this material world of dreams and to orient ourselves towards our higher purpose Throughout the entire book there is the Consciousness Song for Treasure Seekers poem progressing as a blue river of words that functions like a book within a book It can be read separately as a standalone text GAIA LEGACY Rico Paganini,2021-08-20 Rico Paganini one of the leading megalithic geomantic and spiritual researchers has visited all the Earths major power points In this book we travel along with him And we are able to share in his stirring experiences in sensitive discoveries and the wondrous insights that he was able to gain He has not compiled them for himself but for us all Perhaps he could only manage his adventures travels bear the travails and overcome some resistance because the spiritual world was on his side accompanied him encouraged him and led him with direct guidance These received messages are also an essential and moving part of this book and are a special feature is astonishing As is the telling of the tale of the spiritual and material creation and the fact that Mother Earth is alive and is conscious our ancestors had not yet forgotten this He also leads us through the destruction of the environment climate changes and the increasing natural catastrophes What have we done At the same time he presents us with solution paths gives us courage and hope in this dramatic turning point it is not yet too late Hence GAIA LEGACY is much more than a

travel report and insight into the power points It is one can say without exaggeration an incomparable book full of awakening and strength just as the fifteenth power source Cosmology and Fate in Gnosticism and Graeco-Roman Antiquity Nicola F. Denzey,2013-04-09 In Cosmology and Fate in Gnosticism and Graeco Roman Antiquity Nicola Denzey Lewis dismisses Hans Jonas mischaracterization of second century Gnosticism as a philosophically oriented religious movement built on the perception of the cosmos as negative or enslaving A focused study on the concept of astrological fate in Gnostic writings including the Apocryphon of John the recently discovered Gospel of Judas Trimorphic Protennoia and the Pistis Sophia this book reexamines their language of enslavement to fate Gk heimarmene from its origins in Greek Stoicism its deployment by the apostle Paul to its later use by a variety of second century intellectuals both Christian and non Christian Denzey Lewis thus offers an informed and revisionist conceptual map of the ancient cosmos its influence and all those who claimed to be free of its potentially pernicious effects **Christian Gnosis** C. W. Leadbeater,2012-12-13 Then shall the candidate be bound upon the wooden cross After the third day he shall be brought back from the dead and carried up to heaven to be on the right hand of Him from whom he came Surprisingly these lines are from an Egyptian initiation ritual thousands of years before the Christian drama Linking the two is just one fascinating element in this profound introduction to esoteric Christianity as timely today as when it was first published in 1920 Famed clairvoyant Charles Webster Leadbeater was a bishop of the Liberal Catholic Church which preserves the sacraments while interpreting the scriptures with maximum freedom He quotes St Augustine himself saying that what we now call Christianity emerged at the very beginning of humanity as the one true religion To access its transformative force Leadbeater returns to original teachings and decodes its story symbolically as a guide for direct knowledge Gr gnosis of the Divine As Christ had the Godhead behind Him so have we the same power although not yet unfolded as fully he says Nevertheless it is only a question of development and that development is certain With the authority of a scientist and a mystic he addresses such topics as the birth of Christ in the heart God s utter love divine grace angelic help the true meaning of salvation and reincarnation and the evolution of the soul
