Plan 9 From Outer Space:

Plan 9 from Outer Space: the Original Uncensored Screenplay Edward Wood, 2013-04-15 It's been called the worst movie of all time. Now is YOUR chance to read the original uncensored screenplay of Ed Wood's infamous film Plan 9 from Outer Space and judge for yourself. Originally titled Grave Robbers from Outer Space, Wood reportedly wrote the film's script from start to finish in a matter of days following the untimely death of the film's star Bela Lugosi. The movie became Plan 9 from Outer Space when, according to legend, the Baptist church funding part of the project found the original title to be highly offensive. Both titles are contained on the script you have before you: a found and unaltered copy of the script that many believe to be the working version used by Ed Wood while filming the movie. Featuring hand-written annotations and corrections alongside the dialogue and scene descriptions that were hammered out on a typewriter back in 1956, including content that never made it to the finished version of the film, this is a definitive collector's item for any fans of Plan 9, Ed Wood, or horror sci-fi B-movie mania in general. *Before Plan 9* Tony Schaab, Patrick D'Orazio, D. A. Chaney, Greg Carter, Tonia Brown, David Dunwoody, Rob Silvera, Jonathan Maberry, Craig DiLouie, Joe McKinney, Michael McCarty, 2012-03-15 Greetings, my friend! The Amazing Criswell here. Anyone who is familiar with Ed Wood's classic film Plan 9 from Outer Space knows that the sometimes nefarious aliens and their ninth attempt to interact with humanity didn't quite work out. What we don't know is this: what were the first eight Plans? When did they happen? What did they entail? How and why did they fail? This book, my friend, will answer those questions. With serious and humorous stories spanning many time periods and genres, including science fiction, horror, noir, steampunk, and speculative fiction, *Before Plan 9* boasts an impressive array of writing talent, including national and New York Times best sellers and multiple literary award winners. This collection is narrated by yours truly, the Amazing Criswell, as I offer you my sage words of wisdom and my unique presentation before each spectacular tale. Use this tome, my friend, to learn when, throughout history, the aliens have had their influence, and perhaps it will help to prepare us for their next Plan. If you don't heed my warning and choose not to read this book, then God help you in the future. **BONUS CONTENT** as a special preview also included in this book is the first chapter of the upcoming novelization of Plan 9 from Outer Space by Edward D. Wood Jr. and Tony Schaab. *Zombie Movies* Glenn Kay, 2008-10 Featuring chronological reviews of more than 300 zombie films from 1932's *White Zombie* to George A. Romero's 2008 release *Diary of the Dead*, this thorough, uproarious guide traces the evolution of one of horror cinema's most popular and terrifying creations. Fans will learn exactly what makes a zombie a zombie, go behind the scenes with a chilling production diary from *Land of the Dead*, peruse a bizarre list of the oddest things ever seen in undead cinema, and immerse themselves in a detailed rundown of the 25 greatest zombie films ever made. Containing an illustrated zombie rating system ranging from Highly Recommended to Avoid at All Costs, and So Bad It's Good, the book also features lengthy interviews with numerous talents from in front of and behind the camera. *Ed Wood, Mad Genius* Rob Craig, 2009-09-12 Filmmaker Ed Wood was

Once Upon a Time Peter Kivy, Aaron Meskin, 2019-08-07

Once Upon a Time is a collection of essays in the philosophy of literature with two central themes the significance of story telling for us and the question of whether the novel perhaps the art form most closely associated with story telling is a legitimate source of human knowledge Leading philosopher of art Peter Kivy explores why human beings are so enthralled by being told stories and whether story telling is a significant source of knowledge Starting with a study of Aristotle's Poetics Kivy then undertakes a critical discussion of Noel Carroll's suggestion that our interaction with the artists of the past is a kind of conversation He goes on to defend the thesis that one of the legitimate artistic pleasures we take in novel reading is the acquiring of knowledge and furthermore that the silent reading of a novel is a kind of performance making the novel one of the performing arts The volume concludes with a chapter about jokes and in particular whether it is immoral to tell or be amused by an immoral joke This volume of essays is a must read for anyone seriously interested in literature and the conceptual problems it may raise for philosophers
