Quiet Enemy:

The Quiet Enemy Cecil Dawkins, 1995 In seven stories set in the rural South and West Cecil Dawkins displays her remarkable talent for getting beneath the surface of ordinary lives and revealing their foibles and idiosyncrasies An old deaf woman is kidnapped by a stranger she takes to be the devil an atom bomb is tested in the Arizona desert a man shoots a housebreaker dead a son comes home for a funeral a child disappears a boy has his faith destroyed a parched money grubbing man meets a woman no less hard From these occasions Dawkins distills strong rich stories Dawkins writes about people not sharply aware of their own motives or the sources of their emotions people blinkered by life in remote places or by lack of good fortune The remarkable power of her stories comes from the way she can express so much through characters who themselves can express little She does it by her brilliant evocation of background and the truthfulness of her observation and by her gift of compassionate understanding which demolishes the distances between people The War of the Rebellion: v. 1-53 [serial no. 1-111] Formal reports, both Union and Confederate, of the first seizures of United States property in the southern states, and of all military operations in the field, with the correspondence, order and returns relating specially thereto. 1880-1898. 111 v United States.
