Race And Ethnicity Sociology In Focus Series:

Race and Ethnicity in the 21st Century Alice Bloch, John Solomos, 2017-09-16 In the 21st century new ethnic groups are forming faster than ever before and the role of race and ethnicity studies has evolved in response to this From policy issues around housing and crime through to debates about asylum and media representations sociologists must encounter and explore a vast range of issues in this ever changing field This book gives an overview of the most important topics that affect the making of race and ethnic relations in contemporary societies It goes beyond general definitions to explain exactly how and what these issues and debates can tell us about modern society Using research and statistics to shed light on the most cutting edge issues the book takes each major topic in turn and helps readers to think through race and ethnicity on the basis of the most recent thinking in the field Each chapter explains a range of theoretical and conceptual perspectives whilst approaching complex ideas in an accessible and insightful way Written and edited by recognized experts in the field **Race and Ethnicity in the 21st Century** will be an essential point of reference for researchers and practitioners and key reading for all students of race and ethnicity

Imagined Borders/Lived Ambiguity B. Garrick Harden, 2019-06-07 **Imagined Borders Lived Ambiguity** Intersections of Repression and Resistance examines the theoretical versatility of the concept of borders The impulse to categorize while present from antiquity in Western culture has increased in intensity since the advent of the modern age with its corresponding political rise in the ideology of the sovereign nation state While immigration is the common mental image Westerners have when discussing borders immigration is only the tip of the iceberg for this book The belief in mutually exclusive clear and concrete categories creates large swathes of exceptions where people live ambiguous lives nationally racially sexually ethnically and in terms of gender Identity is discussed in the book through the lens of borders and ambiguity The fervor over categorization best embodied in recent political history by the Trump administration in the United States is both a desire to identify and control dangerous populations but also creates the very ambiguity categorization is intended to alleviate The volume weaves together discussions on the subjective meaning making in ambiguity policies that create ambiguity historical creations of ambiguity that persist to the present and theoretical considerations on the relationship between borders and ambiguity

Radical and Marxist Theories of Crime Paul B. Stretesky, 2017-03-02 The essays selected for this volume show how radical and Marxist criminology has established itself as an influential critique since it emerged in the late 1960s Unlike orthodox criminology which emphasizes individual level explanations of criminal behavior radical and Marxist criminology emphasizes power inequality and structures especially those related to class as key factors in crime law and justice This collection of essays draws attention to the way in which structural forces shape and influence both individual and institutional for example governmental behavior highlights neglected crime corporate governmental state corporate and environmental which causes more extensive damage than the street crimes examined by orthodox criminology and discusses the ways in which law and criminal justice processes reinforce

research with public impact Race, Ethnicity, and Inequality in the U.S. Labor Market George Wilson, 2007-03-26 What patterns of racial and ethnic stratification are emerging in the American labor market as representation of racial and ethnic minorities continues to increase in the new millennium The articles in this special volume of The Annals demonstrate that in the 21st century the labor market is neither race neutral nor color blind Race and ethnicity continue as salient factors in determining life chance opportunities in the American labor market The volume focuses on the range of issues sociologists are addressing as they explore racial and ethnic inequality in the labor market It also examines the methodological strategies used to analyze the subtle dynamics associated with inequality in the labor market Taken together these articles move us ahead in understanding the incidence causes and consequences of persisting inequities *Learning Difference* Annegret Daniela Staiger, 2006-11-13 This ethnographic study of an urban high school in one of the most diverse cities in the United States examines the role that race plays in the lives of students At a school publicly celebrated for its integration academic excellence and racial harmony the reality is a different story that of continuing internal segregation and racial conflicts Examining the role of race in neighborhood relations desegregation programs and school violence the author uncovers competing racial orders A gifted magnet program reinforces the notion that being white means being gifted Conflicts in the schoolyard show a racial bipolarization where Cambodian Americans identify as blacks and Latinos as whites Applying racial formation theory to ethnographic research this study reveals how a school racializes its students But students are not just passive victims of such structural forces They also creatively shape the way in which race is organized imagined and experienced **Health and Health Care Concerns among Women and Racial and Ethnic Minorities** Jennie Jacobs Kronenfeld, 2017-08-31 This volume covers macro and micro level issues involving health and health care concerns for women and racial and ethnic minorities The book includes an examination of health and health care issues of patients providers of care especially those related to concerns for women and for racial and ethnic minorities in different countries

Eliminating Racism Phyllis A. Katz, Dalmás A. Taylor, 2013-06-29 The chapters presented here provide the reader with an awareness of the divergent views of what constitutes racism and frameworks for reducing it This book points out that the dialogue and research on this subject since the mid 1970s have yielded increased controversy over the theories foundation and continued existence of racism Ironically what we viewed in the 1954 Brown decision and the Civil Rights Act of 1964 as the beginning of the end of racism turned out to be the beginning of confusion over the course of action to ensure societal acceptance of political mandates Hence the title of this book captures the essence of the emotional core of any forum for examining racism past and present One of the most controversial forums has been that of education beginning with the U.S. Supreme Court's 1954 ruling in Brown v Board of Education Behind every event that has spawned controversy is a profile in courage It was not a simple decision for the players in the scenario of the Brown v Board of Education case to step forward and present themselves as evidence of discrimination Black parents supported by black organizations viewed this legal action

as a chance for equal opportunity Yet the 1950s were a time when black communities were pained by the thought that bigotry and institutional racism would forever stand in the way of their achieving equality Methods in Social Epidemiology J.
