"I'm Not a Racist, But..." Lawrence Blum, 2015-08-01 Not all racial incidents are racist incidents Lawrence Blum says We need a more varied and nuanced moral vocabulary for talking about the arena of race We should not be faced with a choice of racism or nothing Use of the word racism is pervasive An article about the NAACP's criticism of television networks for casting too few minority actors in lead roles asks Is television a racist institution A white girl in Virginia says it is racist for her African American teacher to wear African attire Blum argues that a growing tendency to castigate as racism everything that goes wrong in the racial domain reduces the term's power to evoke moral outrage In *I'm Not a Racist But* Blum develops a historically grounded account of racism as the deeply morally charged notion it has become He addresses the question whether people of color can be racist defines types of racism and identifies debased and inappropriate usages of the term Though racial insensitivity racial anxiety racial ignorance and racial injustice are in his view not racism they are racial ills that should elicit moral concern Blum argues that race itself even when not serving distinct racial malfeasance is a morally destructive idea implying moral distance and unequal worth History and genetic science reveal both the avoidability and the falsity of the idea of race Blum argues that we can give up the idea of race but must recognize that racial groups historical and social experience has been shaped by having been treated as if they were races

The Colors of Love Melinda A. Mills, 2021-12-07 How multiracial people navigate the complexities of race and love In the United States more than seven million people claim to be multiracial or have racially mixed heritage parentage or ancestry In *The Colors of Love* Melinda A

Mills explores how multiracial people navigate their complex and often misunderstood identities in romantic relationships. Drawing on sixty interviews with multiracial people in interracial relationships, Mills explores how people define and assert their racial identities both on their own and with their partners. She shows us how similarities and differences in identity, skin color, and racial composition shape how multiracial people choose to experience and navigate love. Mills highlights the unexpected ways in which multiracial individuals choose to both support and subvert the borders of race as individuals and as romantic partners. *The Colors of Love* broadens our understanding about race and love in the twenty-first century.

Existence in Black Lewis Ricardo Gordon, 1997 This collection of essays and reviews represents the most significant and comprehensive writing on Shakespeare's *A Comedy of Errors*. Miola's edited work also features a comprehensive critical history coupled with a full bibliography and photographs of major productions of the play from around the world. In the collection, there are five previously unpublished essays. The topics covered in these new essays are women in the play, the play's debt to contemporary theater, its critical and performance histories in Germany and Japan, the metrical variety of the play, and the distinctly modern perspective on the play as containing dark and disturbing elements. To complement these new essays, the collection features significant scholarship and commentary on *The Comedy of Errors* that is published in obscure and difficult-to-accessible journals, newspapers, and other sources. This collection brings together these essays for the first time.

A Feminist Companion to Shakespeare Dymna Callaghan, 2016-05-23 The question is not whether Shakespeare studies needs feminism, but whether feminism needs Shakespeare. This is the explicitly political approach taken in the dynamic and newly updated edition of *A Feminist Companion to Shakespeare*. Provides the definitive feminist statement on Shakespeare for the 21st century. Updates address some of the newest theatrical and creative engagements with Shakespeare, offering fresh insights into Shakespeare's plays and poems and gender dynamics in early modern England. Contributors come from across the feminist generations and from various stages in their careers to address what is new in the field in terms of historical and textual discovery. Explores issues vital to feminist inquiry, including race, sexuality, the body, queer politics, social economies, religion, and capitalism. In addition to highlighting changes, it draws attention to the strong continuities of scholarship in this field over the course of the history of feminist criticism of Shakespeare. The previous edition was a recipient of a Choice Outstanding Academic Title award; this second edition maintains its coverage and range and brings the scholarship right up to the present day.

Love's Revolution Maria P. P. Root, 2001 When the Baby Boom generation was in college, the last miscegenation laws were declared unconstitutional, but interracial romances retained an aura of taboo. Since 1960, the number of mixed-race marriages has doubled every decade. Today, the trend toward intermarriage continues, and the growing presence of interracial couples in the media, on college campuses, in the shopping malls, and in other public places draws little notice. *Love's Revolution* traces the social changes that account for the growth of intermarriage, as well as the lingering prejudices and false beliefs that oppress racially mixed families. For this book, author Maria P. P. Root, a clinical

psychologist interviewed some 200 people from a wide spectrum of racial and ethnic backgrounds Speaking out about their views and experiences these partners family members and children of mixed race marriages confirm that the barriers are gradually eroding but they also testify to the heartache caused by family opposition and disapproving strangers Root traces race prejudice to the various institutions that were structured to maintain white privilege but the heart of the book is her analysis of what happens when people of different races decide to marry Developing an analogy between families and types of businesses she shows how both positive and negative reactions to such marriages are largely a matter of shared concepts of family rather than individual feelings about race She probes into the identity issues that multiracial children confront and draws on her clinical experience to offer child rearing recommendations for multiracial families Root's Bill of Rights for Racially Mixed People is a document that at once empowers multiracial people and educates those who ominously ask What about the children Love's Revolution paints an optimistic but not idealized picture of contemporary relationships The Ten Truths about Interracial Marriage that close the book acknowledge that mixed race couples experience the same stresses as everyone else in addition to those arising from other people's prejudice or curiosity Their divorce rates are only slightly higher than those of single race couples which suggests that their success or failure at marriage is not necessarily a racial issue And that is a revolutionary idea Author note Maria P P Root Ph D is a clinical psychologist and past President of the Washington State Psychological Association

Social Work in a Corporate Era Linda Davies, 2017-09-29 A striking new feature of the welfare systems in many Western countries is the extent to which market relations have permeated social services Conceptions of risk management now dominate the way parents and children are responded to while new technologies aim to measure their relationship with state service providers Bureaucratic control is increasing while resources are reduced These factors have led to the demise of the traditional role of the social worker as one who engages with the client in a supportive encounter Professional competence within social work is increasingly tied to mastering scientific knowledge and new technical skills The result of collaboration between authors from Canada Britain and Australia Social Work in a Corporate Era offers a critical overview of these developments and their implications It provides a re evaluation of the assumptions and practices of the critical social work tradition and explores the possibility of rebuilding an emancipatory social work The authors aim to disentangle the debate between Marxism feminism and anti racism in the context of both postmodern challenges and the corporate restructuring of the welfare state Calling for the development of a new politics of social work practice this book addresses many of the urgent issues facing welfare state practitioners in health and social services today

Inclusive Feminism Naomi Zack, 2005-03-11 Second Wave feminism collapsed in the early 1980s when a universal definition of women was abandoned At the same time as a reaction to the narcissism of white middle class feminism intersectionality led to many different feminisms according to race sexual preference and class These ongoing segregations make it impossible for women to unite politically and they have not ended exclusion and discrimination among women especially in the academy In Inclusive Feminism Naomi Zack provides a universal relational definition of women critically engages both Anglo and French feminists and shows how women can become a united historical force with the political goal of ruling in place of men

compelling argument on the pervasive alienation of capitalist society that truncates and distorts our capacities for creative expression love and human flourishing M E O'Brien author of *Family Abolition* Our deeply human drive to shape the world around us and fulfill ourselves through labor is subverted by capitalist alienation leaving us to find fulfillment elsewhere As a result our erotic drives become the central focus for transformation and life making but are themselves restricted and fueled by whatever energy is left after completing the monetized or social reproductive work required to survive This alienation encounters ongoing resistance as life making activity can never be fully separated from the person who labors Eros and Alienation delves into the underexplored relationship between alienated labor and sexuality Alan Sears explores the ways this alienation frames the processes of gender and sexual formation showing how the organization of work contributes to the development of a dominant regime of gendered sexualities defined by a binary gender mapping of desire as heterosexual homosexual or bisexual Alan Sears is Professor of Sociology at Toronto Metropolitan University He is an activist and author of several books including *The Next New Left* *Resisting Reality* Sally Haslanger, 2012-04-01 Contemporary theorists use the term social construction with the aim of exposing how what's purportedly natural is often at least partly social and more specifically how this masking of the social is politically significant In these previously published essays Sally Haslanger draws on insights from feminist and critical race theory to explore and develop the idea that gender and race are positions within a structure of social relations On this interpretation the point of saying that gender and race are socially constructed is not to make a causal claim about the origins of our concepts of gender and race or to take a stand in the nature nurture debate but to locate these categories within a realist social ontology This is politically important for by theorizing how gender and race fit within different structures of social relations we are better able to identify and combat forms of systematic injustice Although the central essays of the book focus on a critical social realism about gender and race these accounts function as case studies for a broader critical social realism To develop this broader approach several essays offer reworked notions of ideology practice and social structure drawing on recent research in sociology and social psychology Ideology on the proposed view is a relatively stable set of shared dispositions to respond to the world often in ways that also shape the world to evoke those very dispositions This looping of our dispositions through the material world enables the social to appear natural Additional essays in the book situate this approach to social phenomena in relation to philosophical methodology and to specific debates in metaphysics epistemology and philosophy of language The book as a whole explores the interface between analytic philosophy and critical theory **Raising Biracial Children** Kerry Ann Rockquemore, Tracey A. Laszloffy, 2005-11-10 As the multiracial population in the United States continues to rise new models for our understanding of mixed race children and how their conception of racial identity must be developed A wide divide between academics who research biracial identity and the everyday world of parents and practitioners who raise and deal with mixed race children exists This book aims to fill this gap by providing an extensive synthesis of the existing research in the field as well as a

model for better understanding the unique process of racial identity development for mixed race children Raising Biracial Children provides parents educators social workers and anyone interested in multiracial issues with an accessible framework for understanding healthy mixed race identity development and to translate those findings into practical care giving strategies
