Commons, 2020-12-17 All men are created equal So wrote Thomas Jefferson and so agreed with him the delegates from the American colonies But we must not press them too closely nor insist on the literal interpretation of their words They were not publishing a scientific treatise on human nature nor describing the physical intellectual and moral qualities of different races and different individuals but they were bent upon a practical object in politics They desired to sustain before the world the cause of independence by such appeals as they thought would have effect and certainly the appeal to the sense of equal rights before God and the law is the most powerful that can be addressed to the masses of any people This is the very essence of American democracy that one man should have just as large opportunity as any other to make the most of himself to come forward and achieve high standing in any calling to which he is inclined To do this the bars of privilege have one by one been thrown down the suffrage has been extended to every man and public office has been opened to any one who can persuade his fellow voters or their representatives to select him *Immigrant Races in North America* Peter Roberts, 1910

Randy Boyagoda, 2010-04-02 Read together novels from a contemporary world writer Salman Rushdie and two modern American authors Faulkner and Ellison depict a century long transformation of how American identity and experience have been conceived and imagined these changes are revealed in the fiction of encounters between immigrants and natives Races and Immigrants in America John Rogers Commons, 1924 **Race and America's**

Immigrant Press Robert M. Zecker, 2011-06-30 Race was all over the immigrant newspaper week after week As early as the 1890s the papers of the largest Slovak fraternal societies covered lynchings in the South While somewhat sympathetic these articles nevertheless enabled immigrants to distance themselves from the blackness of victims and became part of a strategy of asserting newcomers tentative claims to whiteness Southern and eastern European immigrants began to think of themselves as white people They asserted their place in the U S and demanded the right to be regarded as Caucasians with all the privileges that accompanied this designation Circa 1900 eastern Europeans were slightly dismissed as Asiatic or African but there has been insufficient attention paid to the ways immigrants themselves began the process of race tutoring

through their own institutions Immigrant newspapers offered a stunning array of lynching accounts poems and cartoons mocking blacks and paeans to America's imperial adventures in the Caribbean and Asia Immigrants themselves had a far greater role to play in their own racial identity formation than has so far been acknowledged

Race, Class, and Gender in the United States Paula S. Rothenberg, 2004 Race Class and Gender in the United States An Integrated Study presents students with a compelling clear study of issues of race gender and sexuality within the context of class Rothenberg offers students 126 readings each providing different perspectives and examining the ways in which race gender class and sexuality are socially constructed Rothenberg deftly and consistently helps students analyze each phenomena as well as the relationships among them thereby deepening their understanding of each issue surrounding race and ethnicity

In the Shadow of Race Victoria Hattam, 2007-09-15 Race in the United States has long been associated with heredity and inequality while ethnicity has been linked to language and culture In the Shadow of Race recovers the history of this entrenched distinction and the divisive politics it engenders Victoria Hattam locates the origins of ethnicity in the New York Zionist movement of the early 1900s In a major revision of widely held assumptions she argues that Jewish activists identified as ethnics not as a means of assimilating and becoming white but rather as a way of defending immigrant difference as distinct from race rooted in culture rather than body and blood Eventually Hattam shows the Immigration and Naturalization Service and the Census Bureau institutionalized this distinction by classifying Latinos as an ethnic group and not a race But immigration and the resulting population shifts of the last half century have created a political opening for reimagining the relationship between immigration and race How to do so is the question at hand In the Shadow of Race concludes by examining the recent New York and Los Angeles elections and the 2006 immigrant rallies across the country to assess the possibilities of forging a more robust alliance between immigrants and African Americans Such an alliance is needed Hattam argues to more effectively redress the persistent inequalities in American life

America's Race Heritage Clinton Stoddard Burr, 1922 *Races and Immigrants in America* John Rogers Commons, 2013-09 This historic book may have numerous typos and missing text Purchasers can usually download a free scanned copy of the original book without typos from the publisher Not indexed Not illustrated 1920 edition Excerpt chapter n colonial race elements Doubtless the most fascinating topic in the study of races is that of the great men whom each race has produced The personal interest surrounding those who have gained eminence carries us back over each step of their careers to their childhood their parents and their ancestry 1 Pride of race adds its zest and each race has its eulogists who claim every great man whose family tree reveals even a single ancestor male or female near or remote of the eulogized race Here is a conflict of jurisdiction and the student who is without race prejudice begins to look for causes other than race origin to which should be ascribed the emergence of greatness Mr Henry Cabot Lodge² attempted some years ago to assign to the different races in America the 14 243 men eminent enough to find a place in Appleton's Encyclopedia of American Biography He prepared a statistical summary as follows 1 See the interesting
