Veterinary patients from companion to farm animals play a key role in our society and economy as members of families which provide leisure or sustenance. Therefore their health and welfare are of utmost importance and should be supported by all means available. The field of regenerative medicine offers new opportunities to understand and treat diseases with a growing interest to benefit animals not only as models but also as patients. The rapid expansion of the veterinary regenerative medicine field demands for continuous innovation. A big share of the affiliated research is contributed by dedicated young researchers willing to advance the standard of animal care. *Marketing in Practice 2007-2008* Tony Curtis, 2007.
