Rosicrucian Christianity Two Lectures By Rudolf Steiner Neuchatel September 27 And 28 1911:

Rudolf Steiner, Fragment of a Spiritual Biography Sergei O. Prokofieff, 2020-11-16 Underlying Sergei O Prokofieff's life's work was a fundamental research theme to which he returned to repeatedly the individuality of Rudolf Steiner as manifested through his past incarnations on Earth Beginning in 1982 inspired by a visit to an exhibition on The Epic of Gilgamesh Prokofieff planned a full scale spiritual biography with the intention of finding an answer to the question Who is Rudolf Steiner In a sequence of five past incarnations as indicated by Steiner himself and culminating in the life of Rudolf Steiner Prokofieff searched for the inner thread between the six stages of this great all encompassing life His intention was to find not only the outer connections in this sequence but also the deeper more esoteric stream that offers the key to the unique significance of this individuality In 1984 Prokofieff began to write the first chapter about Rudolf Steiner's incarnation as Enkidu in Sumer Sadly many obstacles in his path were to prevent him finalising the project However the author returned to the book in his final months preparing a Preface that outlines its conception together with a summary chapter on Rudolf Steiner's evolutionary journey This precious fragment of a biography features valuable additional material including a full introduction to the relationship of the anthroposophical movement to other occult streams of esoteric Christianity and their Masters a detailed spiritual scientific interpretation of the Epic of Gilgamesh that establishes Rudolf Steiner's connection with the being of Jesus of Nazareth and an exploration of Steiner's relationship to the Nathan soul the Luke Jesus child Serious students of anthroposophy will welcome these final writings from the pen of one of Rudolf Steiner's most faithful and insightful disciples

Human Evolution Rudolf Steiner, 2014-12-15 Returning from travels in war torn Europe Steiner gives a stark impression of the conditions of the time encouraging esoteric work as a counter to the world situation Steiner analyses the gulf between contemporary culture and science which he says are characterized by narrow mindedness philistinism and ineptitude and a scientific approach to the spirit The wealth of spiritual thoughts and knowledge in these lectures remain as relevant today as they did when they were first delivered

Rudolf Steiner's Endowment Virginia Sease, 2012 The author's reflections emphasize especially three considerations First that the Endowment impulse would allow us to experience the art of interpreting in the Rosicrucian way Second that the best initiative even one undertaken by a great individuality is doomed to failure if the participants are unable to overcome their personal ambitions And third that we may live with the fact that despite the passage of time the latent seeds in Rudolf Steiner's attempt still have the possibility to reach fruition in the future

Esoteric Christianity and the Mission of Christian Rosenkreutz Rudolf Steiner, 1984

Revelation Edward Reaugh Smith, 2015-12-15 With this major work Edward Reaugh Smith concludes his singular series on the Bible and Anthroposophy Understanding the Book of Revelation presents the ultimate challenge to those who wish to penetrate its deepest meaning a spiritual mountain whose summit has remained beyond reach to most people Paradoxically in spite of its name Revelation is the most veiled and mysterious book in the Bible A century ago Rudolf Steiner opened a

route to that summit This book is the first extensive application of that priceless resource to the full text of Revelation The substance of what Steiner tells us about John s Revelation derives from the individuality who had that Apocalyptic Vision he was a seer and visionary and his account is esoteric and open only to such a seer Smith presents Steiner as a seer who for the first time since John wrote his Revelation has penetrated the obscuring veil of this text The scope of John s vision and Steiner s exposition covers the vast stretch of our human journey Our ongoing involvement in that journey is not optional We are each in it from beginning to end This book is for those who would awake to it *Rudolf Steiner and the Founding of the New Mysteries* Sergei O. Prokofieff,1994 Prokofieff investigates the deepest mysteries of Rudolf Steiner s life and individuality and examines the earthly and supersensible aspects of the first Goetheanum the implications of the Christmas Conference of 1923-24 and the Foundation Stone meditation **Rosicrucian Christianity** Rudolf Steiner,1980 *From Round Table to Grail Castle* Isabel Wyatt,1979 Study of the different version of the stories of King Arthur based on the research of Rudolf Steiner **Rosicrucian Christianity** Rudolf Steiner,1983 **TRUE KNOWLEDGE OF THE CHRIST** Rudolf Steiner,2015-06-15 All existence is spirit Just as ice is water so matter is also spirit Mineral vegetable animal or human all are a condensed form of spirit Rudolf Steiner In the two lecture courses featured in this volume Rudolf Steiner presents a radical new paradigm Tackling the central dilemma of modern civilization the polarisation of science and spirituality he seeks to broaden natural science through a comprehensive spiritual science Rather than harking back to old spiritual forms or religions Steiner s approach is based on a conscious and systematic intensification of thinking and perception Rudolf Steiner approaches this spiritual scientific task from two perspectives In Kassel Germany he deepens insight into theosophy and Rosicrucianism showing their relationship to science and religion Although presented as an introduction Steiner was never interested in simply providing information not even in the form of new revelations and his insights are from fresh angles and with new illustrative examples These lectures deepen and develop key elements found in his fundamental works *Occult Science An Outline* and *Theosophy* Also featured are the fascinating question and answer sessions from the Kassel lectures In Basel Switzerland Rudolf Steiner discusses that most esoteric of the accounts of the life of Christ the Gospel of John Whilst the focus is on the gospel basic tenets of spiritual science human existence and world evolution are considered as is the concept of karma and the true nature of Christianity In both sets of lectures Steiner dwells on the Prologue to the Gospel of John given in his own translation which offers a meditative approach to gaining insight into both the gospel and Christianity as a whole Rather than distancing us from life each of the lectures in this volume brings us closer to reality As Rudolf Steiner states Rosicrucian theosophy does not make us into eccentrics outsiders but into friends of existence for it doesn t look down on everyday life alienating us from our mission on earth it brings us closer
