Safari Rifles:

Safari Rifles II Craig Boddington, 2007-01-01 Gone are the days of simple solid and softpoint bullets for a mere dozen and a half African calibers. The sheer number of products on the market today staggers the mind and bewilders even experienced hunters. Boddington presents his information in clearly explained bite size pieces that we can digest and in the process he gives us a solid understanding of what works and what doesn't. Many writers proclaim their knowledge of African hunting but few have the true in depth experience that comes from thousands of days afield. *Safari Rifles II* offers solid information based on vast experience and insight gathered over the last thirty years of hunting on the Dark Continent.
