Safe Haven Again:

Refugee and Humanitarian Admissions U.S. Commission on Immigration Reform, 1997 *Ghanbandra* Colm Fenton, 2004

Ghanbandra is a supernatural suspense thriller foretelling the doomsday prophecies. Centering on a very wealthy satellite business company, the story tells of the owner's quest for women and power on a global scale. Murder, rape, and domination are his goals in life. Tormented by dreams of the past, future, and present, never knowing which will occur and when, his wife's early departure leaves him in the company of his beautiful secretary. She has her own fashion house and is wanted desperately by one of her male models. A beautiful nineteen-year-old nanny looks after his twelve-year-old son. The businessman, wanting to bed her at his first opportunity, is a seventh son of a seventh son, so too is his youngest son, who has constant visitations from his dead mother. All of his other six sons left him to work abroad, believing he murdered his wife for insurance money to keep the ailing company afloat. The superpowers gather together to try and find out why a star in the heavens, millions of miles from earth, is pulling on the axis of the earth, causing massive gravitational destabilization. The star continues to vibrate, sending out massive magnetic force fields that are pulling more and more on the magnetic core of our planet. The subterranean plates, two thousand miles under the oceans, are distorting and overheating from the magnetic pull from the star, which can unleash millions and millions of tons of molten lava into the oceans, thus burning our planet if the plates cannot be stopped from magnetically turning on themselves. Two rogue nuclear submarines, under the poles, threaten to overheat from the intensity of the oceans' water temperature melting the polar caps and flooding the world. The superpowers consult the Vatican, having heard of the doomsday prophecies from the valley of the king recently unearthed. The codes of the prophecies cannot be broken in full. The prophecies tell of the doomsday Armageddon, three thousand years old, written in old Arabic and mathematical codes not seen on this earth before. Decoders and mathematicians work day and night in the deep Vatican crypts, trying desperately to find answers of what lies ahead for mankind. What has been decoded tells of twelve girls all over the globe who may be hosts to the coming of the antichrist child. The world will end in twelve days if the codes cannot be broken and the host child found together with the man who will carry the antichrist seed. Twelve days tick by slowly as the Vatican desperately tries to find each girl in turn. Terrible exorcisms are conducted as Cardinal after Cardinal is butchered. One girl's supernatural powers are attempted to be harnessed by one superpower, leading to a vengeful bloodbath. Once the codes are broken, a seventh son of a seventh son is the only one who can do battle against the forces of evil with the ancient rites and texts of the prophet David, and above all, the final rite of exorcism used three thousand years ago, still undecoded, still intact, still in the casket of the visionaries handed down through the generations from pope to pope. Realizing all is lost and believing the doomsday prophesy, the superpowers agree to help the Vatican and do all in their power to find out why the star is pulling on our axis and why it is vibrating so as to pinpoint where on earth this deed of insemination will be committed. All communications systems around the globe are shut down so as the magnetic effects of the star will not turn

nations against nation with the release of nuclear weapons from failed computer systems The world will be pulled from it s axis by the Star if the magnetic pull cannot be stabilized sending the earth into outer space in a freezing ball of ice or the world will incinerate by the overheating of the subterranean plates or the world will be flooded by the melting of the ice caps Day by day the Catholics do battle against the forces of evil in their quest for the one host girl Day by day t Checkers Roger Woodson,2010 He is a dog with unusual hair who became a captive an escapee the hunted and the hero all in one day Named by his captor Catcher One of the local dog pound Checkers was given a death sentence the moment his paws hit the pavement Catcher One always boasted No dog could escape my dog pound van and live to tell about it Checkers escaped The chase led the escapee from a car crash through spilled hotdogs on the sidewalk flowers crushed by his paws a topsy turvy jump into a smelly trash dumpster to what Checkers thought was the safety of the International Raceway The tired dog lay behind a refrigerator near the main concession stand With a deep gargle a throat vibrated behind Checkers Checkers opened his eyes Two black lips and a mouth with a red tongue slobbered and quivered behind Checkers His ears perked up A growling growling sound allowed Checkers to know that someone or something else wanted his space between the concession stand and the refrigerator Checkers stood up With his paws grasping the asphalt pavement surrounding the concession stand Checkers ran The raceway dog Big Boxer growled and leaped at Checkers The big black dog moved closer and closer In an instant Checkers no longer was the only dog in the story **Hooligan** Paddy Holohan,Richard Barrett,2019-11-01 When Paddy Holohan discovered mixed martial arts as a teenager it was the first time his life settled into something approaching focus Far removed from the chaos of the outside world every bout reduced that maze of hardship to one simple proposition survive a task made all the more unlikely given Paddy s rare form of haemophilia which he kept secret from the MMA world for years For the duration of his career he was never more than one misplaced strike away from the end Why enter the Octagon knowing you might never leave For Holohan it would take a journey to the summit of his sport and a high profile fall from grace to unravel the answer to that question and with it finally find some measure of redemption This is his story *Developments in Afghanistan* United States.
