capter l'essence du philosophe travers ses propres explorations intellectuelles et ses voyages. Fort de son admiration pour les grandes sages, il se propose de rendre Confucius accessible en utilisant un format qui conjugue rudition et dramaturgie. Magre par ce roman cherche non seulement à clarifier le parcours du sage mais également à questionner les valeurs héritées de la tradition face aux défis du monde moderne. Je recommande vivement le roman de Confucius quiconque désire s'immerger dans la richesse de la pensée confucienne et dans l'art de la narration. Ce livre à la fois instructif et inspirant rappelle l'importance des valeurs humaines et éthiques dans nos sociétés contemporaines. L'œuvre de Magre est une invitation à réfléchir sur notre propre cheminement, la lumière des enseignements intemporels de Confucius.
