Economic Crisis and Political Change in North Africa Azzedine Layachi,1998-10-28 A collective effort by American and North African scholars this volume provides a comprehensive analysis of recent economic social and political events in North Africa It shows how the Maghrebi states and societies are currently at a very important junction as they try to adjust to different ways of doing things in new regional and international orders Using a political economy approach the book focuses on a series of issues raised by the interaction between economic crisis and reform on the one hand and political change or stagnation on the other The author and his contributors provide a comprehensive and up to date survey of particular value to scholars and researchers of the Arab world in general and North Africa in particular *El Sahara y España* José Ignacio

Algueró Cuervo,2006 **The Death Penalty in Africa** Aimé Muyoboke Karimunda,2016-03-16 Human development is not simply about wealth and economic well being it is also dependent upon shared values that cherish the sanctity of human life Using comparative methods archival research and quantitative findings this book explores the historical and cultural background of the death penalty in Africa analysing the law and practice of the death penalty under European and Asian laws in Africa before independence Showing progressive attitudes to punishment rooted in both traditional and modern concepts of human dignity Aim Muyoboke Karimunda assesses the ground on which the death penalty is retained today Providing a full and balanced appraisal of the arguments the book presents a clear and compelling case for the total abolition of the death penalty throughout Africa This book is essential reading for human rights lawyers legal anthropologists historians political analysts and anyone else interested in promoting democracy and the protection of fundamental human rights in Africa

Territorial Integrity in a Globalizing World Abdelhamid El Ouali,2012-03-28 This book offers a comprehensive highly informative and interdisciplinary study on territorial integrity and the challenges globalization self determination and external interventions present This study aims at not only to fill an epistemological gap in this regard but also answer the question of whether International Law is adequately equipped to help states address these challenges The author argues that the biggest threat that many states are confronted with today is their disintegration rather than their obsolescence and that International Law has not often been able to prevent that eventuality In fact states when they were not destroyed by war managed to survive thanks to the flexibility of territoriality i e their ability to adjust to difficult situations as they arose It is this understanding of adaptation that urges an increasing number of states today to revive territorial autonomy and restore an original understanding of self determination in which democracy is a pivotal factor in establishing congruence between

the states and their nations While this move is endorsed by International Law it is not the case for globalization for their own sake proponents of globalization should recognize that the states are irreplaceable as long as they remain the sole providers of protection for their peoples

Le Sahara occidental, enjeu maghrébin Abdelkhaleq Berram dane, 1992-01-01 Ce sont dix huit ans après d'un conflit concernant la souveraineté sur le Sahara occidental large bande de 266 000 km² et peuplée de quelque 200 000 mes situés sur le flanc nord ouest du continent africain en face des îles Canaries que cet ouvrage restitue dans ses innombrables circonvolutions ses plus infimes inflexions ainsi que dans ses spectaculaires retournements dont la fameuse marche verte n'est que l'épisode le plus connu. Le Sahara Occidental est en effet depuis bientôt deux décennies les deux dernières de la guerre froide le foyer incandescent d'une guerre qui n'en finit pas de finir activement sans cesse par les nationalismes maghrébins croisés et irrconciliables et attisés continuellement par les intérêts politiques économiques et stratégiques enchevêtrés et inextricables. Ce livre cherche précisément à dévoiler le cheveau de ce conflit, l'un des derniers issus du Yalta colonial au siècle passé. Il démontre les enjeux multiples et complexes la fois régional et international de cette crise qui se déploie en cercles concentriques l'un retentissant sur l'autre. Il rend compte également des jeux subtils et changeants des différents protagonistes de ce drame : le Front Polisario, les Etats maghrébins, les puissances méditerranéennes et les grandes puissances. Crise qui devrait enfin se terminer en 1992, Rattachement définitif au Maroc ou indépendance du Sahara occidental. Quelles que soient l'issue de ce conflit, cet ouvrage consacrera son histoire appuyé sur une vaste documentation.

Enfermement, prison et châtiments en Afrique du 19e siècle à nos jours Florence Bernault, 1999-01-01 A la fin du XIX^e siècle sauf à l'intérieur de quelques garnisons et forts de traite européens de la capitale, les prisons étaient inconnues en Afrique. Aujourd'hui les Etats africains utilisent massivement le système pénitentiaire largement par les colonisateurs. Comme le rappellent chaque jour les prisons surpeuplées du Rwanda la nuit carcérale tend désormais son ombre sur l'ensemble des sociétés au sud du Sahara. Depuis les premières années de la conquête coloniale la prison joua un rôle central dans le contrôle de la population. Des bâtiments temporaires aidèrent à contraindre et soumettre les Africains au travail forcé et l'impôt obligatoire fut remplacé bientôt par un maillage serré de prisons permanentes partie intégrante du dossier colonial et de ses techniques répressives. Aujourd'hui ce réseau architectural n'a rien de triste ni remplacé et fournit la majeure partie des bâtisses utilisées par le régime national des Etats contemporains. Mais la prison fait partie d'un ensemble plus vaste. Les gouvernements coloniaux dotèrent leurs territoires d'institutions destinées à comprendre et surtout quadriller les espaces et les hommes qui persistaient leur chapper. Ces outils intellectuels et matériels : cartes ethniques, routes, villages regroupés, asiles, camps de travail, enfermement peu à peu l'Afrique dans une nouvelle forme d'espace politique dont les paysages actuels sont les héritiers directs. Ce basculement s'accompagne d'une Afrique ouverte, une Afrique fermée, contenant de précieuses leçons sur l'efficacité des modes de gouvernement occidentaux à envahir d'autres aires culturelles sur la capacité des hommes ordinaires à refuser ou manipuler les systèmes imposés de l'extérieur ainsi que sur le

destin de l'autorité en Afrique et de ses Etats. Cet ouvrage présente pour la première fois l'histoire sociale, culturelle et politique des arsenaux et pressifs apparus en Afrique depuis la capture des esclaves au XIXe siècle jusqu'aux prisons du génocide rwandais en passant par les asiles d'aliénés coloniaux, les camps de réfugiés et les rations des prisonniers leurs bourreaux.

Les populations du Sahara occidental Attilio Gaudio, 1993-01-01 In this book Journalist Attilio Gaudio specialist of Morocco and the Sahara recalls the history of the people of this arid desert. Islam has allowed the development of numerous brotherhoods with their important historic religious literature as a support to mysticism being both popular and scholarly. From these Arabic texts old the archives of the Spanish colonization as well as the works of European authors Attilio Gaudio traces the history genealogies and lifestyles of the main Saharan tribes and analyzes their relations with each other. He shows that the socio economic and cultural organization is well adapted to the hard living conditions.

Habib Bourguiba. La

trace et l'héritage, 2004-05-01 Plutôt que de faire œuvre biographique cet ouvrage rassemble des contributions et des témoignages dans ces dits. Il se propose d'analyser et d'interpréter des moments et des sites du parcours de Bourguiba dont les enjeux et la profondeur dépassent souvent de loin sa personne et son action. Non point pour les besoins d'un quelconque procès en canonisation ou l'opposition à l'usurpation d'histoire. Mais tout simplement parce qu'il est nécessaire de poser les jalons d'une vocation de la trace et de l'héritage de Bourguiba serait renoncer à la compréhension d'un présent si pesant.

Application du

principe d'intangibilité des frontières africaines par les États membres de l'Union africaine comme stratégie de paix et de stabilité en Afrique Pierre Tshinanga Ngelu, 2017 Cet ouvrage porte sur le statut des frontières et l'interventionnisme étranger en Afrique. Il montre en quoi l'Union africaine peut aider à garantir le principe de l'intangibilité frontalière tout en contribuant à soudre les crises politiques.

International Dimensions of the Western Sahara Conflict Yahia H. Zoubir, Daniel Volman, 1993-03-17 The war in the Western Sahara recently entered its sixteenth year. Although progress toward peace has been made, concrete steps to a final resolution have not yet occurred. This has had serious political, social, economic and military consequences for the countries in the region. Despite the significance of the issue, until now very few scholarly works have dealt with the regional and international dimensions of the conflict. In particular, little attention has been paid to the role of the superpowers and of the United Nations in the region and to the other related issues which are the focus of this book.

The Western Sahara conflict raises serious questions about the role of international law and of the United Nations in achieving the decolonization of former colonial territories and resolving regional conflicts Taken together the work of the scholars diplomats and experts in international law who have contributed to this volume constitutes a significant contribution to our understanding of the role of outside powers in the origins and evolution of the war in the Western Sahara Their work also casts new light on the efforts of the Maghrebi states to overcome regional divisions by themselves and on the continuing attempts by the United Nations to resolve the conflict in the Western Sahara and restore respect for international law This work will interest specialists West African affairs and in international law and organizations

1950 se développe une mobilisation supra tribale dans la Sagiya al Hamra elle s'imposera en contradiction avec les objectifs de l'Armée et de Libération du Sud Marocain et relèvera que au Sahara se conjuguent trois formes de souveraineté celle des tribus sur leur territoire celle du jihad et celle du pouvoir sultanien théocratique makhzen La souveraineté sur le territoire saharien associait depuis longtemps les tribus du Wad Nun colonisées par la France et leur extension migratoire dans la Sagiya al Hamra colonisées par l'Espagne. Inspirés des milieux politiques et académiques le projet indépendantiste porté par le Front Polisario maintiendra la séparation de ces deux régions jouant dès lors le rôle de déclencheur dans le développement politique du conflit. La résolution de ce dernier passe donc par une approche qui fasse toute sa place la complexité historique.
