identity and meaning is to be found in these deeper levels of Consciousness hidden away from the world If you want to know more of your own meaning then look within your Self For it is all there stored in the Unconscious levels of your mind

Secure Dr. Anthony Emmett,2024-08-28 You are more than you appear That changing body you see each day is not the real you We are now able to understand more of how we are influenced from the unconscious mind in everyday life The author had been a plastic surgeon for over 30 years teaching and researching and studied the way people saw themselves and understood their role in life Your body which dies and becomes a corpse is only one part of your identity and it is a mistake to think it is the sole abode you occupy the sole meaning of your individual self Your real meaning occupies a wider and deeper space but it is invisible as are the energies you come with and go to those energies you unconsciously utilize daily which surround you and link you to eternity Sigmund Freud investigated the subconscious for treating mental illness Carl Jung talked of the universal unconscious communicating to us through dreams and described the way dreams can talk to us using symbols in a non logical sequence Jung became a bridge between Eastern Mysticism and Western Christian beliefs While exploring past lives to understand influences that had been coming to him from childhood the author encountered a higher spiritual entity opening the road of ongoing discovery He embarked on a 20 year journey exploring higher consciousness and the life death life process We see how love happiness forgiveness and laughter are able to promote bodily health We examine the role of intuition dreams beliefs spiritual healing and mental telepathy and the way they are working through the unconscious mind and the way the universal law of attraction is so effective Our deeper levels of consciousness open to the eternal spirit in each of us which is an unfolding story relating science and medicine to the gift of life We grow and learn to look within to find our destiny

Born in Heaven, Made on Earth Michael Brennan Dick,1999 Pejoratively referred to as idols in the Hebrew Bible and in western tradition the cult image occupied a central place in the cultures of the ancient Near East In Mesopotamia a ritual mis pi was used to give birth to the god represented by the cult image In this volume three separate essays examine the topic within different ancient Near Eastern cultures and a fourth provides a modern analogy as counterpoint
