Saigon Brian Staley, 1900 Personal revelations include The Vietnam War and Peace Talks Jeremy Thorpe and the criminal cover up Campaign for Gurkha justice and Peace Foundation Joanna Lumley said This book sets out the extraordinary life experiences of a man who is so modest And those experiences and achievements are truly splendid in their breadth and depth In his early life they range from flying as a reporter on a combat mission over Vietnam and being blown out of bed by a rocket to playing a key role in the eventual peace process in that beautiful country And later in life through to helping our Gurkha heroes and dedicating his life to national and community politics This is both a testament to a remarkable life and an inspiration to the reader I read the book from start to finish in a day and found it absolutely fascinating Dr Seth Thevoz of Oxford University A Time for Peace Robert D. Schulzinger, 2006-08-15 The Vietnam War left wounds that have taken three decades to heal indeed some scars remain even today In A Time for Peace prominent American historian Robert D Schulzinger sheds light on how deeply etched memories of this devastating conflict have altered America s political social and cultural landscape Schulzinger examines the impact of the war from many angles He traces the long twisted and painful path of reconciliation with Vietnam the heated controversy over soldiers who were missing in action the influx of over a million Vietnam refugees into the US and the plight of Vietnam veterans many of whom returned home alienated unhappy and unappreciated Schulzinger looks at how the controversies of the war have continued to be fought in books and films and perhaps most important he explores the power of the Vietnam metaphor on foreign policy particularly in Central America Somalia the Gulf War and the war in Iraq Using a vast array of sources A Time for Peace provides an illuminating account of

a war that still looms large in the American imagination *Translations on South and East Asia* , **Witness to an Extreme Century** Robert Jay Lifton,2011-06-14 On a fateful day in the spring of 1954 Robert Jay Lifton a young American psychiatrist just discharged from service in the Korean War decided to stay in Hong Kong rather than return home changing his life plans entirely so that he could continue work that had enthralled him interviewing people subjected to Chinese thought reform He had plunged into uncharted territory in probing the far reaches of the human psyche as he would repeatedly in the years ahead and his Hong Kong research provided the first understanding of the insidious process that came to be known as brainwashing From that day in Hong Kong forward Lifton has probed into some of the darkest episodes of human history bearing his unique form of psychological witness to the sources and consequences of collective violence and trauma as well as to our astonishing capacity for resilience In this long awaited memoir Lifton charts the adventurous and constantly surprising course of his fascinating life journey a journey that took him from what a friend of his called a Jewish Huck Finn childhood in Brooklyn to friendships with many of the most influential intellectuals writers and artists of our time from Erik Erikson David Riesman and Margaret Mead to Howard Zinn and Kurt Vonnegut Stanley Kunitz Kenzaburo Oe and Norman Mailer In his remarkable study of Hiroshima survivors he explored the human consequences of nuclear weapons and then went on to uncover dangerous forms of attraction to their power in the spiritual disease he calls nuclearism During riveting face to face interviews with Nazi doctors he illuminated the reversal of healing and killing in ordinary physicians who had been socialized to Nazi evil With Vietnam veterans he helped create unprecedented rap groups in which much was revealed about what we now call post traumatic stress disorder helping veterans draw upon their experience for valuable even prophetic insights about atrocity and war As a pioneer in psychohistory Lifton s encounters with the consequences of cruelty and destructiveness led him to become a passionate social activist lending a powerful voice of conscience to the suppressed truths of the Vietnam War and the dangers of nuclear weapons Written with the warmth of spirit along with the humor and sense of absurdity that have made Lifton a beloved friend and teacher to so many *Witness to an Extreme Century* is a moving and deeply thought provoking story of one man s extraordinary commitment to looking into the abyss of evil in order to help us move beyond it *Daily Report* ,1975-05 Technical and Economic Guidelines for Exploiting Beef Cattle Potentialities in the Central Vietnam Highlands United States.
