Sailing Made Simple:

Sailing Made Easy American Sailing, 2010-01-01 Sailing Made Easy is the first step in a voyage that will last you the rest of your life. It is a gift from a group of dedicated sailing professionals who have committed their lives to sharing their art, their skill, and their passion for this wonderful activity. This book, which Sailing Magazine called best in class upon its release in 2010, is the most comprehensive education and boating safety learn-to-sail guide to date. It is also the official textbook for the ASA Basic Keelboat Standard ASA 101. Incorporated in the textbook are useful illustrations and exceptional photographs of complex sailing concepts. The text's most distinguishing feature is its user-friendly spreads in which instructional topics are self-contained on opposing pages throughout the book. There are also chapter-end quizzes and a glossary to help those new to sailing to navigate their way through the extensive nautical terminology. *Sailing Made Simple* Shirley H. Reekie,

Tactics Made Simple Jon Emmett, 2019-03-05 Olympic gold medallist and multiple world champion Paul Goodison explains why this book is important if you want to win races. He says, "To win sailboat races you need to sail the boat fast. This comes down to hours on the water training and tuning; there are few shortcuts to hours of practising on the water. To consistently win races you need to sail fast and smart, making the right decisions to sail the best course. If you are not the fastest boat, you are still able to win races and regattas by managing risk and sailing smart. This is where good tactics come in. But unlike boatspeed, tactics may be learnt by thinking about each leg of the course and different situations from the comfort of your own home." Jon Emmett's new book *Tactics Made Simple* is a great tool to help fast-track this learning. This book explains simply through hundreds of diagrams what tactics can be applied around the race track. Individual boats in each scenario are given names so that you can easily understand what they are doing. Individual chapters take you around the race course from before you get on the water through the pre-start, start, different legs, and manoeuvres. Each section contains detailed advice for the beginner, intermediate, and advanced sailor so you can just look at the level of tactics relevant to you. Ideal for dinghy sailors, there is also a wealth of advice that will benefit yachtsmen. This is a practical way to improve your racing results, whether starting out, moving up the club circuit, or competing at national level and beyond. Originally published by Wiley Nautical as *Be Your Own Tactics Coach*. **Sailing Made Simple** Shirley H. M. Reekie, 1986-01-01 Certified sailing instructor Shirley Reekie presents the essentials of boat parts, sailing dynamics, and safety precautions.

Sailing Made Easy and Comfort in Small Craft S. J. Housley, 2021-01-08 This vintage book is a complete guide to sailing with chapters on cooking and housekeeping at sea. Written in simple language and profusely illustrated, this volume will be of considerable utility to modern readers wishing to learn how to sail and would make for a fantastic addition to collections of allied literature. Contents include: On Setting Sail, Sailing with Notes on Balance, Lugs, Strong Winds, and Reefing, Rules of the Road, Mooring, Stowing Awnings Down Mast, About Knots, On Ship-keeping, The Kitchen, Sailing Dictionary, etc. Many old books such as this are becoming increasingly scarce and expensive. It is with this in mind that we are republishing *Sailing Made Easy* and

Comfort in Small Craft now in an affordable high quality edition complete with a specially commissioned new introduction on sailing When We Were Wolves Jon Billman,2009-07-01 If you could have been around a hundred and fifty years ago and passed through the landscape as a beaver trapping tough with Jim Bridger or Jedediah Smith before coal barons before soda ash and oil before Mormons before you could stand outside and watch satellites pass through the night sky or silhouettes kissing in warm apartment windows when this history was wild and new you could have just pointed and named something of permanence a mountain a river at least a creek after yourself Or they would have named it for you a permanent mark just for being here From a new talent that Annie Proulx has called an important emerging writer comes a surprising and expansive collection of stories steeped in the lore of the frontier but unmistakably fresh and of our time When We Were Wolves roams over a West we never knew existed colonized by rogues and tricksters Custer impersonators firefighters with a weakness for arson and the other rootless folk who come to rest under the vast and forgiving desert sky Jon Billman writes about accidental lives people who are trapped in unsuitable marriages impossible situations but who handle them with the odd grace of those who are determined to live by their own strange code He mingles the skewed humor of David Sedaris with the loping rough edged appeal of Tom McGuane This is a beguiling new entry on the map of American fiction **Encyclopedia**
