saintly cults in medieval Europe and the city of Tours functioned as a religious metropolis drawing pilgrims from all over the continent Until now little has been known about how St Martin came to inspire such a lively folkloric tradition numerous works of art and the establishment of thousands of churches and numerous confraternities In this book Yossi Maurey addresses these questions by focusing on the church dedicated to the saint in Tours which acted as the crucible for Martin s cult Maurey explores the music and liturgy of the cult the most effective means of its dissemination to reveal its enormous diffusion and impact Building a more concrete picture of how saints cults operated and shaped medieval realities this book also provides new insights into the interactions between contemporary religion art and politics Anglo-Norman Studies Richard Wright,1991 Managing Sacralities Ernst van den Hemel,Oscar Saleminck,Irene Stengs,2022 What happens when religious sites objects and practices become cultural heritage What are religious or secular sources of expertise and authority that validate and regulate heritage sites objects and practices As cultural heritage becomes an increasingly popular and influential frame these questions arise in diverse and challenging manners The question who controls manages and frames religious heritage and how arises with particular urgency Case studies from Denmark the Netherlands Poland Portugal and the United Kingdom present an analysis of the paradoxes and challenges that arise when religious sites are transformed into heritage Sussex Archaeological Collections Henry Campkin,2025-07-20 Reprint of the original first published in 1874 The Antigonos publishing house specialises in the publication of reprints of historical books We make sure that these works are made available to the public in good condition in order to preserve their cultural heritage **Library of Congress Subject Headings** Library of Congress,1996 French Children of the Holocaust Serge Klarsfeld,1996-10 Features biographical information about 11 400 French children who were deported from France to the Nazi death camps including their names faces and addresses **Communities of Saint Martin** Sharon Farmer,2019-03-15 Sharon Farmer here investigates the ways in which three medieval communities the town of Tours the basilica of Saint Martin there and the abbey of Marmoutier nearby all defined themselves through the cult of Saint Martin She demonstrates how in the early Middle Ages the bishops of Tours used the cult of Martin their fourthcentury predecessor to shape an idealized image of Tours as Martin s town As the heirs to Martin s see the bishops projected themselves as the rightful leaders of the community However in the late eleventh century she shows the canons of Saint Martin where the saint s relics resided and the monks of Marmoutier which Martin had founded took control of the cult and produced new legends and rituals to strengthen their corporate interests Since the basilica and the abbey differed in their spiritualities structures and external ties the canons and monks elaborated and manipulated Martin s cult in quite different ways Farmer shows how one saint s cult lent itself to these varying uses and analyzes the strikingly dissimilar Martins that emerged Her skillful inquiry into the relationship between group identity and cultural expression illuminates the degree to which culture is contested territory Farmer s rich blend of social history and hagiography will appeal to a wide range of medievalists cultural anthropologists religious historians and urban historians
