Thomas, 2020-11-19 Although King John is remembered for his political and military failures he also resided over a magnificent court Power and Pleasure reconstructs life at the court of King John and explores how his court produced both pleasure and soft power Much work exists on courts of the late medieval and early modern periods but the jump in record

keeping under John allows a detailed reconstruction of court life for an earlier period Power and Pleasure Court Life under King John 1199 1216 examines the many facets of John s court exploring hunting feasting castles landscapes material luxury chivalry sexual coercion and religious activities It explains how John mishandled his use of soft power just as he failed to exploit his financial and military advantages and why he received so little political benefit from his magnificent court John s court is viewed in comparison to other courts of the time and in previous and subsequent centuries

Embassy of Onesimus Allen Dwight Callahan, 1997-05-01 Virtually all modern commentaries on Philemon agree with the interpretation from late antiquity that the letter treats the case of Onesimus a pilfering runaway slave who Paul is attempting to rehabilitate in the eyes of Philemon his rightfully angry master In this commentary however Allen Callahan tells another story His reading of the rhetorical situation and reconstruction of the historical context provides a new narrative for the letter He interpretation for which he argues is that of several nineteenth century American abolitionist interpreters Here then is not the story of a runaway slave but a story of the estrangement of two Christian brothers Onesimus and Philemon Professor Callahan proposes that his alternative reading of the letter offers a paradigm for Christian reconciliation that necessarily includes diplomacy persuasion forbearance and reparations for injured parties In other words the letter speaks of the challenging implications of Christian love and the imperative of Christian justice If there is an interpretation of great moment to be offered for this otherwise unremarkable piece of correspondence then the treatment of these themes holds the promise of such an interpretation Allen Dwight Callahan teaches New Testament at Harvard Divinity School

Heaven's Purge Isabel Moreira, 2010 Heaven s Purge traces purgatory s roots in the texts and debates of late antiquity Illuminating the varied perspectives on post mortem purgation in late antiquity Isabel Moreira challenges the conclusions of recent scholarship through an examination of the texts communities and cultural ideas that informed purgatory s early history

Les Mystères , 2012-01-01 This collection of essays in English by scholars of international standing presents new insights into the contexts in which the fifteenth century French mystics

were created It is centred upon the remarkable outburst of large scale plays written for urban production and dealing with biblical and hagiological subjects which transformed the art of theatre in France and gave rise to a new and multi faceted theatrical culture Among the subjects treated are the means by which surviving texts preserve theatrical practice and some of the ways in which the work of the principal dramatists Eustache Mercad Arnoul Gr ban and Jean Michel interact with one another and with the work of others The nature of some surviving texts is subjected to close scrutiny and this includes detailed work upon some manuscripts and their typology Attention is also given to the related moralit s the convent drama and to the large corpus of Catalan plays which deal with similar topics but in different circumstances Further contexts are addressed through paradramatic aspects including sermons and the chansons de geste as well as the political environment One recurring feature is the nature and activities of ubiquitous and powerful evil characters and their theatrical and theological significance

Grammar of the Corpse Elizabeth Spragins,2023-06-06 No matter when or where one starts telling the story of the battle of al Qasr al Kabir August 4 1578 the precipitating event for the formation of the Iberian Union one always stumbles across dead bodies rotting in the sun on abandoned battlefields publicly displayed in marketplaces exhumed and transported for political uses A Grammar of the Corpse Necroepistemology in the Early Modern Mediterranean proposes an approach to understanding how dead bodies anchored the construction of knowledge within early modern Mediterranean historiography A Grammar of the Corpse argues that the presence of the corpse in historical narrative is not incidental It fills a central gap in testimonial narrative providing tangible evidence of the narrator s reliability while provoking an affective response in the audience The use of corpses as a source of narrative authority mobilizes what cultural historians philosophers and social anthropologists have pointed to as the latent power of the dead for generating social and political meaning and knowledge A Grammar of the Corpse analyzes the literary semiotic and epistemological function these bodies serve within text and through language It finds that corpses are indexically present and yet disturbingly absent a tension that informs their fraught relationship to their narrators own bodies and makes them useful but subversive tools of communication and knowledge A Grammar of the Corpse complements recent work in medieval and early modern Iberian and Mediterranean studies to account for the confessional ethnic linguistic and political diversity of the region By reading Arabic texts alongside Portuguese and Spanish accounts of this key event the book responds to the fundamental provocation of Mediterranean studies to work beyond the linguistic limitations of modern national boundaries **Man, God, Religion, and State**

Desmond Clarke, 2023-08-18 Man God Religion and State is a reflection on our physical philosophical and political past present and possible future This book may challenge the religious views of some readers but it is not my intention to cause offence to any religious believer We are all living in a time of anxiety and insecurities which may prevent us from embracing our humanity But we should never allow either the pain and sorrow of the past or the threats and fears of the present to obscure our vision of what is just and truthful Our present socioeconomic relationships are based on injustice and falsehood which is unsustainable We must therefore adjust our level and rates of consumption before we cross the line of no return In this sense Man God Religion and State is a warning to us all
