Saints Barsanuphius And John Questions And Answers:

The Letters of Barsanuphius and John John Chryssavgis, 2022-06-02 Revealing unexpected truths about early desert spirituality this volume argues that the lives of Barsanuphius and John relate closely to contemporary urban communities and how clergy tackle social challenges The early Desert Fathers and Mothers have exercised a particular charm and appeal in recent years but they have often been portrayed as inaccessible and eccentric figures in the history of monastic spirituality John Chryssavgis argues that the elders have an unusual capacity to reach into the depths of the heart to reveal the extraordinary in the very ordinary and that the correspondence between Barsanuphius and John offers an unparalleled glimpse into the sixth century religious political and secular world It opens with an exploration into the historical context of Palestinian monasticism followed by an evaluation of the fundamental principles and practices of Barsanuphius and John

St. Maximus the Confessor's "Questions and Doubts" Saint Maximus the Confessor, 2021-08-15 Despina D Prassas translation of the Quaestiones et Dubia presents for the first time in English one of the Confessor's most significant contributions to early Christian biblical interpretation Maximus the Confessor 580-662 was a monk whose writings focused on ascetical interpretations of biblical and patristic works For his refusal to accept the Monothelite position supported by Emperor Constans II he was tried as a heretic his right hand was cut off and his tongue was cut out In his work Maximus the Confessor brings together the patristic exegetical aporiai tradition and the spiritual pedagogical tradition of monastic questions and responses The overarching theme is the importance of the ascetical life For Maximus askesis is a lifelong endeavor that consists of the struggle and discipline to maintain control over the passions One engages in the ascetical life by taking part in both theoria contemplation and praxis action To convey this teaching Maximus uses a number of pedagogical tools including allegory etymology number symbolism and military terminology Prassas provides a rich historical and contextual background in her introduction to help ground and familiarize the reader with this work Saints and Role Models in Judaism and Christianity Marcel Poorthuis, Joshua J. Schwartz, 2004-01-01 This volume deals with the role of saints and exemplary individuals in Judaism and Christianity Although sharing the Hebrew Bible and recognizing the same Biblical figures there both religions have developed widely divergent perspectives upon the significance of these figures although there are occasional common motifs and themes Moreover even the contrasting themes betray an underlying interaction between both religions as is clear from the contributions on for example Melchizedek Elijah the Desert Fathers Rabbis on clothing the Apostle Peter in Jewish tradition the Maccabees in Christian tradition and the Biblical examples in Saint Antony the Hermit The book examines Jewish and Christian perspectives upon saints and role models from the Biblical period to the present time It will be of special importance to scholars and general readers interested in an interdisciplinary approach to theology rabbinics history art history and much more Butler's Lives of the Saints: April Alban Butler, Paul Burns, 1999-01-01 For more than two centuries Butler's has been one of the best known most widely consulted hagiographies

The Cult of Saints in Late Antiquity and the Early Middle Ages James Howard-Johnston, Paul Antony Hayward, 2000-01-07 This book contains eleven essays prefaced by a general introduction on a set of related themes the characteristic traits and diverse functions of holy men the fashioning of saints out of a small minority of holy men and a number of other individuals of high social status but with more dubious spiritual credentials the literary processes involved in the construction of hagiographical texts the role of hagiography in the creation and diffusion of cults and the worldly interests and other purposes which were served by hagiographical texts and the cults which they propagated These themes are explored across a wide range of social and cultural milieux extending from the late antique east Mediterranean through the early medieval Frankish world and Byzantium to Russia and Islam in the high middle ages The work of Peter Brown in particular his article The Rise and Function of the Holy Man in Late Antiquity first published in 1971 forms a constant point of reference acknowledged by the contributors as having irradiated the whole field with fresh provocative and illuminating ideas

Holy Bishops in Late Antiquity Claudia Rapp, 2005 Between 300 and 600 Christianity experienced a momentous change from persecuted cult to state religion One of the consequences of this shift was the evolution of the role of the bishop as the highest Church official in his city from model Christian to model citizen Claudia Rapp's exceptionally learned innovative and groundbreaking work traces this transition with a twofold aim to deemphasize the reign of the emperor Constantine which has traditionally been regarded as a watershed in the development of the Church as an institution and to bring to the fore the continued importance of the religious underpinnings of the bishop's role as civic leader Rapp rejects Max Weber's categories of charismatic versus institutional authority that have traditionally been used to distinguish the nature of episcopal authority from that of the ascetic and holy man Instead she proposes a model of spiritual authority ascetic authority and pragmatic authority in which a bishop's visible asceticism is taken as evidence of his spiritual powers and at the same time provides the justification for his public role In clear and graceful prose Rapp provides a wholly fresh analysis of the changing dynamics of social mobility as played out in episcopal appointments

The Monastic School of Gaza Brouria Bitton-Ashkelony, Aryeh Kofsky, 2006-02-01 This book studies one of the most striking chapters in the history of late antique monastic culture provided by the monastic legacy of Gaza A monastic intellectual community flourished in the region of Gaza from the fourth to the seventh century producing a wealth of literary works In this diverse and exciting literary corpus especially in the

unique correspondence between spiritual leaders and their clientele matters that are usually only hinted at in monastic sources are vividly portrayed Distinct from the dry and matter of fact monastic instructions and the stereotypes of hagiography this corpus exposes the psychological tensions moods frustrations and elations in the daily existence of the monks revealing them as creatures of flesh and blood This book seeks to frame the historical development of this community and endeavours to analyze the spiritual and intellectual context of what may be termed the monastic school of Gaza The legacy of this complex and thriving centre cuts across theological differences and boundaries Shedding light on these neglected educated circles enhances and somewhat balances the overall historical picture of late antique ascetic culture and Palestinian Christianity

Christian Gaza In Late Antiquity Brouria Bitton Ashkelony, Arie

Kofsky,2004-01-01 This valuable collection of thirteen studies provides an overview of recent research on central issues concerning the history of late antique Gaza Several essays address various aspects of the continuity of pagan culture in Christian Gaza festivals spectacles and the classical legacy of the fifth and sixth centuries thus highlighting the public life of the city as a unique synthesis of the new and old worlds Several articles deal with central topics pertaining to the monastic life developed in the region of Gaza and its vicinity between the fourth and seventh centuries More specifically they explore the rich Correspondence of Barsanuphius and John the spiritual leaders of this monastic community Two papers furnish an archeological survey of the monasteries of Gaza and a discussion on the geographical and administrative aspects of its territory Certain articles focus on the anti Chalcedonian resistance of this monastic center in the wake of the council of Chalcedon while others tackle the change of its stance in the time of Emperor Justin 518 527 In sum this book covers a relatively neglected chapter in the complex and fascinating Christian history of the Holy Land *Joy-bearing Grief* Hannah Hunt,2004-11-01 This volume is the first full length study of penthos tears of contrition since Hausherr s in 1944 It traces its exposition in the early eastern Christian tradition through detailed analysis of Greek and Syriac texts by Klimakos Ephrem Isaac and Symeon the New Theologian It suggests why such weeping is for these writers a joyful as well as a sobering experience and it places their writings in their historical and geographical context giving some lexicographical background Issues of religious anthropology and the unusual choice of a female exegete in the person of the sinful woman Luke 7 36 50 are considered The conclusion points the way to an appropriate theological interpretation of these teachings and highlights modern non monastic examples of joy bearing penitent grief *Crisis of Empire* Phil Booth,2017-10-26 This book focuses on the attempts of three seventh century Palestinian intellectuals John Moschos Sophronius of Jerusalem and Maximus the Confessor to determine the Church s power and place during a period of profound crisis as the eastern Roman empire suffered serious reversals in the face of Persian and then Islamic expansion Through their stories Booth documents nothing less than a profound change in the very nature of the self perception of a religious society Although focused on the first half of the seventh century this book throws bright light both behind itself on the nature of the role of the holy man in late antiquity and in front of itself on the nature of the Byzantine Orthodoxy that would emerge in the middle ages and which is still central to the churches of Greece and Eastern Europe *The T&T Clark History of Monasticism* John Binns,2019-11-14 Despite its rich history in the Latin tradition Christian monasticism began in the east the wellsprings of monastic culture and spirituality can be directly sourced from the third century Egyptian wilderness In this volume John Binns creates a vivid authoritative account that traces the four main branches of eastern Christianity up to and beyond the Great Schism of 1054 and the break between the Catholic and Orthodox churches Binns begins by exploring asceticism in the early church and the establishment of monastic life in Egypt led by St Anthony and Pachomius He chronicles the expansion influence and later separation of the various Orthodox branches examining monastic traditions and histories ranging from Syria to Russia and

Ethiopia to Asia Minor Culminating with both the persecution and the revival of monastic life Binns concludes with an argument for both the diversity and the shared set of practices and ideals between the Orthodox churches creating a resource for both cross disciplinary specialist and students of religion history and spirituality

Death of the Desert

Christine Luckritz Marquis, 2022-03-22 In the late fourth century the world of Christianity was torn apart by debate over the teachings of the third century theologian Origen and his positions on the incorporeality of God In the year 400 Archbishop Theophilus of Alexandria convened a council declaring Origen's later followers as heretics Shortly thereafter Theophilus banished the so called Tall Brothers four Origenist monks who led monastic communities in the western Egyptian desert along with hundreds of their brethren In some accounts Theophilus leads a violent group of drunken youths and enslaved Ethiopians in sacking and desecrating the monastery in others he justly exercises his episcopal duties In some versions Theophilus violent actions effectively bring the Golden Age of desert monasticism to an end in others he has shown proper respect for the desert fathers whose life of asceticism is subsequently destroyed by bands of barbarian marauders For some the desert came to be inextricably connected to violence and trauma while for others it became a site of nostalgic recollection Which of these narratives subsequent generations believed depended in good part on the sources they were reading In *Death of the Desert* Christine Luckritz Marquis offers a fresh examination of this critical juncture in Christian history and brings into dialogue narrative strands that have largely been separated in the scholarly tradition She takes the violence perpetrated by Theophilus as a turning point for desert monasticism and considers how monks became involved in acts of violence and how that violence came back to haunt them More broadly her careful attention to the dynamic relations between memory practices the rhetorical constructions of place racialized discourse and language and deeds of violence speak to us in our own time
