Saints In Medieval Manuscripts

Michael Hoelscher

Saints In Medieval Manuscripts:

Saints in Medieval Manuscripts Greg Buzwell,2005-01-01 In *Saints in Medieval Manuscripts* Greg Buzwell documents how saints were represented in the manuscripts of the Middle Ages **Text, Image, Message** Leslie D. Ross,1994-05-30 Ross provides a broad survey of pictures and texts concerning saints from the Early Christian through the late Gothic period Both Western and Byzantine material is included Beginning with the earliest pictures of and stories about saints the book traces the evolution of hagiographic imagery primarily in manuscript contexts Because of its cross disciplinary nature it will be of interest to audiences interested in Early Christian Byzantine and Western medieval culture religion society politics and art No other book to date is organized similarly in providing detailed descriptions for the identification of medieval manuscripts with hagiographic texts and illustrations **Text, Image, Message** Leslie Ross,1994-05-30 Ross provides a broad survey of pictures and texts concerning saints from the Early Christian through the late Gothic period Both Western and Byzantine material is included Beginning with the earliest pictures of and stories about saints the book traces the evolution of hagiographic imagery primarily in manuscript contexts Because of its cross disciplinary nature it will be of interest to audiences interested in Early Christian Byzantine and Western medieval culture religion society politics and art No other book to date is organized similarly in providing detailed descriptions for the identification of medieval manuscripts with hagiographic texts and illustrations *Saints and Scribes* Pamela Gehrke,1993-02-17 In this survey of thirteenth century codices in Old French verse that contain at least one saint's life the author finds a great variety among combinations in contrast to the corpus of medieval Latin hagiographic manuscripts She interprets the combinations of texts in four collections demonstrating the value of codicological and textual analysis of entire manuscripts as an approach to medieval vernacular pious literature *The Legends of the Saints in Old Norse-Icelandic Prose* Kirsten Wolf,2013-01-01 With *The Legends of the Saints in Old Norse-Icelandic Prose* Kirsten Wolf has undertaken a complete revision of the fifty year old handlist *The Lives of the Saints in Old Norse Prose* **Saints' Lives in Middle English Collections** Anne B Thompson,Robert K Upchurch,E Gordon Whatley,2005-04-01 This volume is conceived as a complement to another Middle English Texts series text Sherry Reames *Middle English Legends of Women Saints* This selection is intended to be broadly representative of saints' lives in Middle English and of the classic types of hagiographic legend as these were presented to the lay public and less literate clergy of late medieval England **Hagiography and the Cult of Saints** Thomas Head,2005-11-24 This book explores the uses made of sanctity and patronage by the Franks **Women Saints Lives in Old English Prose** Leslie A. Donovan,1999 Translations of eight saints' lives giving an insight into women's religious culture in Anglo Saxon England Devout virtuous and independent the heroines of Old English saints' lives one of the most popular literary genres of the middle ages provided exemplars of personal and public inspiration for medieval Christians The eight lives translated here are the earliest known vernacular accounts of the biographies of thelthryth Agatha Agnes Cecilia

Eugenia Euphrosyne Lucy and Mary of Egypt They depict women escaping unwanted marriages communicating with male relatives acquiring an education living autonomously as hermits and achieving positions of leadership such lives document not only the importance of spiritual faith to early Christian women but also testify to how these women and their audience employed faith as a tool for empowerment Each life is preceded by a brief description of the saint s cult from its early Christian origins to its presence in Anglo Saxon culture The translation is accompanied by an introduction establishing the general background for the genre the conventions of women saints lives and women s religious culture in Anglo Saxon England and an interpretive essay exploring the relationships between explicit presentations of the female body and the strength of spiritual authority as exhibited in these texts completes the volume

LESLIE A DONOVAN is Associate Professor at the University of New Mexico

Saints and Sanctity Ecclesiastical History Society. Summer Meeting, Ecclesiastical History Society. Winter Meeting, 2011 Provides insight into a key issue of Christian history which still has a huge influence on ecclesiastical practice and politics

Saints' Lives and the Rhetoric of Gender John Kitchen, 1998-08-13 Medieval lives of female saints have attracted wide attention in recent years Some scholars have argued that such texts reveal a distinctive form of female sanctity which only female hagiographers managed to properly articulate and important writings have been attributed to female authors on that assumption In this revisionist work John Kitchen tests such claims through a close examination of several texts lives of both male and female saints by authors of both sexes from sixth century France He argues that sometimes the authentic voice of the female writer or saint sounds emphatically male This study gives examples of how both male and female authors sometimes depicted holy women talking acting or even dressing like their male counterparts Ultimately the author aims to cast doubt on the assumption that male authors were ignorant of or hostile toward certain specifically female concerns By the same token Kitchen s work raises serious methodological problems with the gender approach to the hagiographic literature of the early Middle Ages

Medieval manuscript containing legends of and sermons on the saints Pope Gregory I, Catholic Church, 1400

A Companion to Old Norse-Icelandic Literature and Culture Rory McTurk, 2008-03-11 This major survey of Old Norse Icelandic literature and culture demonstrates the remarkable continuity of Icelandic language and culture from medieval to modern times Comprises 29 chapters written by leading scholars in the field Reflects current debates among Old Norse Icelandic scholars Pays attention to previously neglected areas of study such as the sagas of Icelandic bishops and the fantasy sagas Looks at the ways Old Norse Icelandic literature is used by modern writers artists and film directors both within and outside Scandinavia Sets Old Norse Icelandic language and literature in its wider cultural context

The Saints' Lives of Jocelin of Furness Helen Birkett, 2010 First comprehensive study of four important medieval saints lives setting them in their political and ecclesiastical context Jocelin of Furness fl 1175x1214 the Cistercian hagiographer composed four substantial and significant saints lives varying widely in both subject and patron they offer a rich corpus of medieval hagiographical writing Jocelin s Vita S Patricii and Vita S

Kentegerni provide updated versions of each saint's legend and are carefully adapted to reflect the interests of their respective patrons in Ireland and Scotland. The Vita S Helenae was probably commissioned by a female community in England; it represents an idealized narrative mirror of its early thirteenth-century context. In contrast, the Vita S Waldevi was written to promote the formal canonization of a new saint. Walthæof, d. 1159, abbot of the Cistercian house of Melrose in the Scottish borders. This is the first full-length study of the Lives. It combines detailed analyses of the composition of the texts with study of their patronage audiences and contemporary contexts and it provides new insights into Jocelin's works and the writing of hagiography in the period. Dr HELEN BIRKETT is Lecturer in Medieval History, University of Exeter.

Three Eleventh-century Anglo-Latin Saints' Lives Rosalind C. Love, 1996. This volume contains comprehensive and scholarly editions of three Anglo-Saxon saints' lives: Birinus of Dorchester on Thames, Kenelm of Winchcombe and Rumwold of Buckingham. Rosalind Love provides the Latin texts based on all known manuscript versions with a facing-page English translation together with full annotation and a historical introduction which sets these works in the context of the development of hagiographical literature. Dr Love traces the growth and changes in hagiographical writing, one of the most important genres of medieval literature and essential to the understanding of the religious mentality of the Middle Ages and shows how the eleventh century saw significant new directions emerge in the cult of the saints and the writing of saints' lives.

Saints Amy Jeffs, 2025-09-09. From the bestselling author of *Storyland* and *Wild* comes a sweeping new legendary of miracles, magic, human frailty and heroic strength. Illustrated by the author with over thirty original papercut portraits. In *Saints*, historian and artist Amy Jeffs illuminates the lives of medieval saints, drawing on official biographies, vernacular romances, artworks and poetry to tell of wayfaring monks, oak-felling missionaries and mighty martyrs. Organized by feast month, this enchanting compendium presents the legends of Brigid, Patrick, Nicholas and Augustine as well as saints whose stories are less well known: Iain Mungo, Scoith n and Euphrosyne. Combining history and myth, tradition and invention, Jeffs offers transporting tales of demons and dragons, men raised by wolves and women who commune with birds.

Music and Culture in the Middle Ages and Beyond Benjamin Brand, David J. Rothenberg, 2016-10-27. It has become widely accepted among musicologists that medieval music is most profitably studied from interdisciplinary perspectives that situate it within broad cultural contexts. The origins of this consensus lie in a decisive reorientation of the field that began approximately four decades ago. For much of the twentieth century, research on medieval music had focused on the discovery and evaluation of musical and theoretical sources. The 1970s and 1980s, by contrast, witnessed calls for broader methodologies and more fully contextual approaches that in turn anticipated the emergence of the so-called New Musicology. The fifteen essays in the present collection explore three interrelated areas of inquiry that proved particularly significant: the liturgy, sources, musical and archival, and musical symbolism. In so doing, these essays not only acknowledge past achievements but also illustrate how this broad interdisciplinary approach remains a source for scholarly innovation.

The Joy of Advent with Saint Benedict

John R. Fortin, 2010 *The Meaning and Celebration of Advent* I have heard it said many times that Christmas is for children As someone who is moving past the middle age years and who has always been very fond of Christmas I can only say I hope not I hope that Christmas is truly a festival of light and happiness for everyone Yet I also think that Christmas for young and old and middle aged alike is only celebrated well when the beautiful season of Advent is truly entered into as a time of preparation in joyful hope for the coming of our Savior Jesus Christ from The Joy of Advent with Saint Benedict Open your hearts during this Advent season and prepare for the celebration of Christmas with Saint Benedict Inside you will find for every day of Advent and Christmas the daily Gospel Reading a selection from the Rule of Saint Benedict a reflection and a prayer Also included are chapters on Saint Benedict the Meaning and Celebration of Christmas and the O Antiphons May you have a joyful Advent and a blessed Christmas

The Royal Saints of Anglo-Saxon England Susan J. Ridyard, 1988 Within Anglo Saxon England there was a strong and enduring tradition of royal sanctity of men and women of royal birth who in an age before the development of papal canonisation came to be venerated as saints by the regional church This study which focuses on some of the best documented cults of the ancient kingdoms of Wessex and East Anglia is a contribution towards understanding the growth and continuing importance of England's royal cults The author examines contemporary and near contemporary theoretical interpretations of the relationship between royal birth and sanctity analyses in depth the historical process of cult creation and addresses the problem of continuity of cult in the aftermath of the Norman Conquest of 1066 An understanding therefore emerges of the place of the English royal saint not only in Anglo Saxon society but also in that of the Anglo Norman realm

Aelfric and the Cult of Saints in Late Anglo-Saxon England Mechthild Gretsch, 2006-01-19 The cult of saints was one of the most important aspects of life in the Middle Ages and it often formed the nucleus of developing group identities in a town a province or a country The literature of Anglo Saxon England is unique among contemporary European literatures in that it features a vast amount of saints Lives in the vernacular Of these Lives Aelfric is the most important author and his saints Lives have never previously been explored in their contemporary setting In this study Gretsch analyses Aelfric's Lives of five important saints in the light of their cults in Anglo Saxon England This gives the reader fascinating glimpses of Aelfric at work he adapts the cults and rewrites the received Latin hagiography of the five saints with the result that each of their English Lives conveys a distinct message to the contemporary political elite and to a lay audience at large

Florence and Its Church in the Age of Dante George W. Dameron, 2013-05-27 By the early fourteenth century the city of Florence had emerged as an economic power in Tuscany surpassing even Siena which had previously been the banking center of the region In the space of fifty years during the lifetime of Dante Alighieri 1265-1321 Florence had transformed itself from a political and economic backwater scarcely keeping pace with its Tuscan neighbors to one of the richest and most influential places on the continent While many historians have focused on the role of the city's bankers and merchants in achieving these rapid transformations in Florence and Its Church in the Age of Dante George W. Dameron

emphasizes the place of ecclesiastical institutions communities and religious traditions While by no means the only factors to explain Florentine ascension no account of this period is complete without considering the contributions of the institutional church In Florence economic realities and spiritual yearnings intersected in mysterious ways A busy grain market on a site where a church once stood for instance remained a sacred place where many gathered to sing and pray before a painted image of the Virgin Mary as well as to conduct business At the same time religious communities contributed directly to the economic development of the diocese in the areas of food production fiscal affairs and urban development while they also provided institutional leadership and spiritual guidance during a time of profound uncertainty Addressing such issues as systems of patronage and jurisdictional rights Dameron portrays the working of the rural and urban church in all of its complexity Florence and Its Church in the Age of Dante fills a major gap in scholarship and will be of particular interest to medievalists church historians and Italianists

Immerse yourself in heartwarming tales of love and emotion with Explore Love with is touching creation, **Saints In Medieval Manuscripts** .
