*Research Report*, 1994 **Fiscal Federalism in Theory and Practice** Mrs. Teresa Ter-Minassian, 1997-09-10 Over the past few decades a clear trend has emerged worldwide toward the devolution of spending and to a lesser extent revenue raising responsibilities to state and local levels of government One view is that the decentralization of spending responsibilities can entail substantial gains in terms of distributed equity and macroeconomic management The papers in this volume edited by Teresa Ter Minassian examine the validity of these views in light of theoretical considerations as well as the experience of a number of countries

*Sales and Use Tax Answer Book (2009)* Bruce M. Nelson, James T. Collins (J.D.), John C. Healy, 2008-11 The Sales and Use Tax Answer Book is the key reference source for which practitioners have been searching Not only is it comprehensive and clear it also provides extensive citation to important case and statutory law Forty five states and the District of Columbia impose a sales tax on the retail sale of tangible personal property and selected services In addition there are 7 500 cities municipalities towns school districts counties and other special taxing districts that levy sales and use taxes The varying rates the changing jurisdictional boundaries the different tax bases and the often inconsistent and contradictory interpretations of similarly worded statutes are all covered The book also includes a chapter on sales tax reforms particularly the Streamlined Sales Tax Project

*Inzell Lectures on Orthogonal Polynomials* Wolfgang zu Castell, 2005 Based on the success of Fourier analysis and Hilbert space theory orthogonal expansions undoubtedly count as fundamental concepts of mathematical analysis Along with the need for highly involved functions systems having special properties and analysis on

more complicated domains harmonic analysis has steadily increased its importance in modern mathematical analysis Deep connections between harmonic analysis and the theory of special functions have been discovered comparatively late but since then have been exploited in many directions The Inzell Lectures focus on the interrelation between orthogonal polynomials and harmonic analysis

**State and Local Finances Under Pressure** David L. Sjoquist,2003-01-01 State and Local Finances under Pressure explores the future of state and local government fiscal systems given the numerous pressures they face from economic legal technological demographic and political forces It explores how these multiple forces play out in terms of the changes state and local governments should and are likely to make The contributors argue that state and local governments must make substantial changes and that failure to act is likely to result in adverse effects and increasing pressures for modifications that are more difficult to implement and more politically unpalatable Without reform state and local fiscal systems will grow increasingly out of sync with economic reality The authors suggest that government responses are likely to be evolutionary but that in 25 years the recorded changes will be substantial The first chapter provides a historic perspective of state and local fiscal trends Each of the subsequent chapters describes the nature of one of the pressures state and local governments face including political and legal forces globalization of business demographic and technological changes deregulation of utilities and urban sprawl Policymakers economists political scientists fiscal policy analysts and public administrators will find this comprehensive book of interest

**The Encyclopedia of Taxation & Tax Policy** Joseph J. Cordes,Robert D. Ebel,Jane Gravelle,2005 From adjusted gross income to zoning and property taxes the second edition of The Encyclopedia of Taxation and Tax Policy offers the best and most complete guide to taxes and tax related issues More than 150 tax practitioners and administrators policymakers and academics have contributed The result is a unique and authoritative reference that examines virtually all tax instruments used by governments individual income corporate income sales and value added property estate and gift franchise poll and many variants of these taxes as well as characteristics of a good tax system budgetary issues and many current federal state local and international tax policy issues The new edition has been completely revised with 40 new topics and 200 articles reflecting six years of legislative changes Each essay provides the generalist with a quick and reliable introduction to many topics but also gives tax specialists the benefit of other experts best thinking in a manner that makes the complex understandable Reference lists point the reader to additional sources of information for each topic The first edition of The Encyclopedia of Taxation and Tax Policy was selected as an Outstanding Academic Book of the Year 1999 by Choice magazine Publisher's website

**The Future of State Taxation** David Brunori,1998 State tax systems have generally not changed dramatically over the last 50 years yet they are facing profound challenges Increased international trade the advent of electronic commerce evolving federal state relations and interstate competition are just some of the

developments that will have a powerful influence on how states collect revenue This collection of essays from leading tax scholars addresses a wide variety of issues concerning the major sources of state tax revenue and provides insight into what has worked in the past and what will or will not work in the future

**Rethinking Subnational Taxes** Mr. Richard Miller Bird, 1999-12-01 The assignment of revenues in most developing and transitional countries to the central government has arguably facilitated irresponsible behavior by some subnational governments One way to relieve this problem is to strengthen subnational tax regimes The paper proposes two approaches to accomplish such strengthening in developing countries The first most applicable to large countries with important regional governments is to establish subnational value added taxes VATs the second is to replace the various unsatisfactory state and local taxes imposed on business by a low rate value added tax levied on the basis of income production origin rather than consumption destination
