Joseph Alulis,Vickie Sullivan

Shakespeare's Political Pageant Essays In Politics And Literature:

Shakespeare's Political Pageant Joseph Alulis, Vickie Sullivan, 1996-09-05 Literary works through their very personal means of characterization reveal the direct effect of politics on individuals in a way a political treatise cannot The distinguished contributors to this volume share the belief that Shakespeare is the author who most effectively sets forth the multifarious pageant of politics Shakespeare's rich canon presents monarchy and republic tyrant and king thinker and soldier and Christian and pagan The twelve essays in Shakespeare's Political Pageant discuss a broad range of Shakespeare's dramatic poetry from the perspective of the political theorist This innovative book demonstrates the immense value of seeing Shakespeare's plays in the context of political philosophy It will be an important source for students and scholars of both political science and literature

Perspectives on Politics in Shakespeare John Albert Murley, Sean D. Sutton, 2006-01-01 Political science is becoming ever more reliant on abstract statistical models and almost divorced from human judgment hope and idealism William Shakespeare offers the political scientist an antidote to this methodological alienation this self imposed exile from the political concerns of citizens and politicians Shakespeare the most quoted author in the English speaking world presents his characters as rulers citizens and statesmen of the most famous regimes governed by their respective laws and shaped by their respective political and social institutions The actions deliberations mistakes and successes of his characters reveal the limitations and strengths of their regimes whether they be Athens Rome or England The contributors to this volume esteemed scholars of political science show us that Shakespeare's poetic imagination displays the very essence of politics and inspires valuable reflection on the fundamental questions of statesmanship and political leadership

Perspectives on Shakespeare's Politics explores such themes as classical republicanism and liberty the rule of law and morality the nature and limits of statesmanship and the character of democracy

Shakespeare's Political Imagination Philip Goldfarb Styrt, 2021-11-04 Shakespeare's Political Imagination argues that to better understand Shakespeare's plays it is essential to look at the historicism of setting how the places and societies depicted in the plays were understood in the period when they were written This book offers us new readings of neglected critical moments in key plays such as Malcolm's final speech in Macbeth and the Duke's inaction in The Merchant of Venice by investigating early modern views about each setting and demonstrating how the plays navigate between those contemporary perspectives Divided into three parts this book explores Shakespeare's historicist use of medieval Britain and Scotland in King John and Macbeth ancient Rome in Julius Caesar and Coriolanus and Renaissance Europe through Venice and Vienna in The Merchant of Venice Othello and Measure for Measure Philip Goldfarb Styrt argues that settings are a powerful component in Shakespeare's worlds that not only function as physical locations but are a mechanism through which he communicates the political and social orders of the plays Reading the plays in light of these social and political contexts reveals Shakespeare's dramatic method how he used competing cultural narratives about other cultures to situate the action of his plays These fresh insights encourage us to move away

from overly localized or universalized readings of the plays and re discover hidden moments and meanings that have long been obscured

Shakespeare and Early Modern Political Thought David Armitage, Conal Condren, Andrew Fitzmaurice, 2009-09-10 This is the first collaborative volume to place Shakespeare's works within the landscape of early modern political thought Until recently literary scholars have not generally treated Shakespeare as a participant in the political thought of his time unlike his contemporaries Ben Jonson Edmund Spenser and Philip Sidney At the same time historians of political thought have rarely turned their attention to major works of poetry and drama A distinguished international and interdisciplinary team of contributors examines the full range of Shakespeare's writings in order to challenge conventional interpretations of plays central to the canon such as Hamlet open up novel perspectives on works rarely considered to be political such as the Sonnets and focus on those that have been largely neglected such as The Merry Wives of Windsor The result is a coherent and challenging portrait of Shakespeare's distinctive engagement with the characteristic questions of early modern political thought

Shakespeare and the Body Politic Bernard J. Dobski, Dustin A. Gish, 2013-04-25 Metaphors animate Shakespeare's corpus and one of the most prominent is the image of the body Sketched out in the eternal lines of his plays and poetry and often drawn in exquisite detail variations on the body metaphor abound in the works of Shakespeare Attention to the political dimensions of this metaphor in Shakespeare and the Body Politic permits readers to examine the sentiments of romantic love and family life the enjoyment of peace prosperity and justice and the spirited pursuit of honor and glory as they inevitably emerge within the social moral and religious limits of particular political communities The lessons to be learned from such an examination are both timely and timeless For the tensions between the desires and pursuits of individuals and the health of the community forge the sinews of every body politic regardless of the form it may take or even where and when one might encounter it In his plays and poetry Shakespeare illuminates these tensions within the body politic which itself constitutes the framework for a flourishing community of human beings and citizens from the ancient city states of Greece and Rome to the Christian cities and kingdoms of early modern Europe The contributors to this volume attend to the political context and role of political actors within the diverse works of Shakespeare that they explore Their arguments thus exhibit together Shakespeare's political thought By examining his plays and poetry with the seriousness they deserve Shakespeare's audiences and readers not only discover an education in human and political virtue but also find themselves written into his lines Shakespeare's body of work is indeed politic and the whole that it forms incorporates us all

Seeking Real Truths: Multidisciplinary Perspectives on Machiavelli Patricia Vilches, Gerald Seaman, 2007-07-30 The thought and influence of Machiavelli have had a significant impact on a variety of academic disciplines including political science and government history literature language theatre and philosophy Rather than inscribe Machiavelli within the boundaries of a single academic approach tradition or discourse this volume assembles multidisciplinary perspectives on his writings on government on his creative works and on his legacy The result is intended

to appeal at once to generalists seeking baseline knowledge of Machiavelli and to specialists who are interested in critical views of Machiavelli that use a broad lens and that approach their subject from different angles Contributors include Susan Ashley Salvatore Bizzarro Julia Bondanella JoAnn Cavallo Salvatore Di Maria Marie Gaille Nikodimov Eugene Garver Joseph Khoury William Klein Sante Matteo Gerry Milligan RoseAnna Mueller John Roe Gerald Seaman Charles Tarlton Patricia Vilches and Mary Walsh

The Spirit of Montesquieu's Persian Letters Constantine Christos Vassiliou, Jeffrey Church, Alin Fumurescu, 2023-05-08 This book's primary purpose is to commemorate the 300th anniversary of Montesquieu's *Persian Letters* a seminal book in classical liberal thought *Persian Letters* is a delightfully rich sympathetic satire of commercial society's promise and discontents covering a wide range of issues and themes that shaped the direction of liberal modernity It consists of a series of letters largely written by two Persian travelers to Paris who allow modern readers to view Parisian life from the perspective of an outsider The volume includes contributions from prominent scholars of Montesquieu's and early career scholars who have recently unearthed new and exciting avenues for understanding this important hinge figure in modern political thought

Shakespeare and Politics Bruce E. Altschuler, Michael A. Genovese, 2015-11-17 William Shakespeare more than any other author was able to capture the essence of human nature in all its manifestations His political plays offer enduring insights into our humanity our vanity our noble and baser drives what makes us great and what makes us loathsome He tells us about ourselves and about our world This volume gleans valuable lessons from the writings of William Shakespeare and applies them to contemporary politics Original chapters covering over a dozen different plays take up perennial political themes including power and leadership corruption and virtue war and peace evil and liberty persuasion and polarization and empire and global overreach Features of the text

Shakespeare, Politics, and Italy Michael J. Redmond, 2016-04-01 The use of Italian culture in the Jacobean theatre was never an isolated gesture In considering the ideological repercussions of references to Italy in prominent works by Shakespeare and his contemporaries Michael J. Redmond argues that early modern intertextuality was a dynamic process of allusion quotation and revision Beyond any individual narrative source Redmond foregrounds the fundamental role of Italian textual precedents in the staging of domestic anxieties about state crisis nationalism and court intrigue By focusing on the self-conscious overt rehearsal of existing texts and genres the book offers a new approach to the intertextual strategies of early modern English political drama The pervasive circulation of Cinquecento political theorists like Machiavelli Castiglione and Guicciardini combined with recurrent English representations of Italy to ensure that the negotiation with previous writing formed an integral part of the dramatic agendas of period plays

Fanaticism and the History of Philosophy Paul Katsafanas, 2023-11-07 Voltaire called fanaticism the monster that pretends to be the child of religion Philosophers politicians and cultural critics have decried fanaticism and attempted to define the distinctive qualities of the fanatic whom Winston Churchill described as someone who can't change his mind and won't change the subject Yet despite fanaticism's role in the long history of social

discord human conflict and political violence it remains a relatively neglected topic in the history of philosophy In this outstanding inquiry into the philosophical history of fanaticism a team of international contributors examine the topic from antiquity to the present day Organized into four sections topics covered include Fanaticism in ancient Greek Indian and Chinese philosophy Fanaticism and superstition from Hobbes to Hume including chapters on Locke and Montesquieu Shaftesbury and Hutcheson Kant Germaine de Stael Hegel Nietzsche William James and Jorge Portilla on fanaticism Fanaticism and terrorism and extremism and gender including the philosophy and morality of the manosphere Closed mindedness and political and epistemological fanaticism Spanning themes from superstition enthusiasm and misanthropy to the emotions purity and the need for certainty Fanaticism and the History of Philosophy is a landmark volume for anyone researching and teaching the history of philosophy particularly ethics and moral philosophy It is also a valuable resource for those studying fanaticism in related fields such as religion the history of political thought sociology and the history of ideas
