Shallowwater Dictionary A Grounding In Estuary English:

Shallow Water Dictionary John Stilgoe, 2003-12-18 *Shallow Water Dictionary* is both a celebration of the richness of our vernacular language and a lament on its passing and with it the passing of the words we need to understand our shallow water regions once the primary landscape of America and now facing extinction both physical and linguistic This small book is an intriguing and valuable addition to our knowledge of a changing landscape Literary etymological historical and vernacular investigations of such varied terms as guzzle creek and chartreuse Stilgoes definitions are lyric explanations of words whose original meanings have been eroded by time **Shallow-water Dictionary** John R. Stilgoe, 1990-01-01

Theory in Landscape Architecture Simon R. Swaffield, 2002-11-22 Basic theoretical texts for landscape architects

Home Ground Barry Lopez, Debra Gwartney, 2011-04-14 Published to great acclaim in 2006 the hardcover edition of *Home Ground* Language for an American Landscape met with outstanding reviews and strong sales going into three printings A language lover's dream *Home Ground* revitalized a descriptive language for the American landscape by combining geography literature and folklore in one volume Now in paperback this visionary reference is available to an entire new segment of readers *Home Ground* brings together 45 poets and writers to create more than 850 original definitions for words that describe our lands and waters The writers draw from careful research and their own distinctive stylistic personal and regional diversity to portray in bright precise prose the striking complexity of the landscapes we inhabit *Home Ground* includes 100 black and white line drawings by Molly O Halloran and an introductory essay by Barry Lopez

The Language of Landscape Anne Whiston Spirn, 1998-01-01 This eloquent and powerful book combines poetry and pragmatism to teach the language of landscape Anne Whiston Spirn author of the award winning *The Granite Garden* *Urban Nature and Human Design* argues that the language of landscape exists with its own syntax grammar and metaphors and that we imperil ourselves by failing to learn to read and speak this language To understand the meanings of landscape our habitat is to see the world differently and to enable ourselves to avoid profound aesthetic and environmental mistakes Offering examples that range across thousands of years and five continents Spirn examines urban rural and natural landscapes She discusses the thought of renowned landscape authors Thomas Jefferson Frank Lloyd Wright Frederick Law Olmsted Lawrence Halprin and of less well known pioneers including Australian architect Glenn Murcutt and Danish landscape artist C Th S rensen She discusses instances of great landscape designers using landscape fluently masterfully and sometimes cynically And in a probing analysis of the many meanings of landscape Spirn shows how one person's ideal landscape may be another's nightmare how Utopian landscapes can be dark There is danger when we lose the connection between a place and our understanding of it Spirn warns and she calls for change in the way we shape our environment based on the notions of nature as a set of ideas and landscape as the expression of action and ideas in place **Pilgrimly** Siobhán Scarry, 2013-12-21 Attentive to telling detail The metallic bloom of bright silences Hieratic Instructions for a vigil

Augury We could ruminare luxuriate and divinate in the language of these exquisite poems They give the light with their own eyes There is gold on their tongues Their words marry or refer Lure or long In the alchemical brilliance of Siobh n Scarry s stunning debut collection we walk the page as if the earth feeling each word a footstep and each footstep marking our PILGRIMLY progress How surely the poems move us to their spacious pilgrimage Offer proof of Presence Fiery Cerebrally CYNTHIA HOGUE author of Or Consequence and Flux Shallow Water Dictionary ,1990 *Travels in the Greater Yellowstone* Jack Turner,2009-05-12 Award winning nature writer Jack Turner directs his attention to one of America s greatest natural treasures the Greater Yellowstone Ecosystem In a series of essays Turner explores this wonderland venturing on twelve separate trips in all seasons using various modes of travel He treks down the Teton Range picks up the Oregon Trail in the Red Desert and floats the South Fork of the Snake River Along the way he encounters a variety of wildlife moose elk trout and wolves From the treacherous mountains in the dead of winter to lush river valleys in the height of fishing season his words and steps trace one of the most American of experiences exploring the West Turner who has lived in Grand Teton for three decades designates the Greater Yellowstone as ground zero for the country s conflict between preservation and development and his accounts of the area s conflicts with alien species logging real estate oil and gas development are alarming A mixture of adventure nostalgia and Americana Turner s rare experiences and evocative writing transform the sights and sounds of Greater Yellowstone into an intimate narrative of travel through America s most beloved lands

Alongshore John R. Stilgoe,1994-01-01 This cultural and historical study of the coast draws from a variety of sources to illuminate both the landscape of the shore and its place in American life The work scrutinizes the fishing boats lighthouses wharfs resorts shipwrecks and people to evoke the culture of the coast *Aaaaw to Zzzzzd: The Words of Birds* John Bevis,2010-08-20 The distinctive and amazing songs and calls of birds a meditation and a lexicon A miraculous little book a compressed encyclopedia of our fascination with avifauna The Nation A charming funny and eccentric book Times Literary Supplement An elegant tribute to the beauty of its subject Los Angeles Times Birds sing and call sometimes in complex and beautiful arrangements of notes sometimes in one line repetitions that resemble a ringtone more than a symphony Listening we are stirred transported and even envious of birds ability to produce what Shelley called profuse strains of unpremeditated art And for hundreds of years we have tried to write down what we hear when birds sing Poets have put birdsong in verse Thomas Nashe Cuckoo jug jug pu we to witta woo and ornithologists have transcribed bird sounds more methodically Drawing on this history of bird writing in Aaaaw to Zzzzzd John Bevis offers a lexicon of the words of birds For tourists in Birdland there could be no more charming phrasebook Consulting it we find seven distinct variations of hoo attributed to seven different species of owls from a simple hoo to the more ambitious hoo hoo hoo hoo ho hoo hoo hoo the understated cheet of the tree swallow the resonant kreeaaaaaaaaaaaar of the Swainson s hawk the modest peep peep peep of the meadow pipit We learn that some people hear the Baltimore oriole saying here here come right here dear and the yellowhammer

saying a little bit of bread and no cheese Bevis a poet frames his lexicons one for North America and one for Britain and northern Europe with an evocative appreciation of birds birdsong and human attempts to capture the words of birds in music and poetry He also offers an engaging account of other methods of documenting birdsong field recording graphic notation and mechanical devices including duck calls and the serinette an instrument used to teach song tunes to songbirds The singing of birds is nature at its most sublime and words are our medium for expressing this sublimity Aaaaaw to Zzzzzd belongs in the bird lover s backpack and on the word lover s bedside table an unexpected and sui generis pleasure

Ignite the flame of optimism with Get Inspired by is motivational masterpiece, Find Positivity in **Shallowwater Dictionary A Grounding In Estuary English** .
