The Shaman's Daughter Ingrid Merkel, 2020-05-11 The Shaman's Daughter By Ingrid Merkel In 2007 in a water cave on the peninsula of Yucatan divers discovered the skull and skeleton of a teenage girl who died there some 13 000 years ago The bones were moved to a museum Ancient piety forbade the disturbance of the remains of the dead In the novel during the late Ice Age a shaman in Beringia divines this future sacrilege and sends his daughter on a journey to rectify the crime As she traverses dozens of centuries on her journey through the American West she encounters events and people in historical time She recognizes the abyss between ancient and modern mentalities and the conflict between scientific and her own spiritual understanding of nature In the end she resolves the conflict for herself is liberated from the ancient laws and emerges as a free woman whose freedom however demands a heavy price

Shamans, Housewives, and Other Restless Spirits Laurel Kendall, 1987-07-01 This exceptionally well written book is good reading not only for specialists but also for beginning students interested in women Korean culture and shamanism Journal of Asian Studies Kendall maintains a closeness with and respect for her subject that keeps away the chill of academic distance and yet avoids sentimentality Korean Quarterly Spring 2001 Shamans.

Nostalgias, and the IMF Laurel Kendall, 2009-09-01 Thirty years ago anthropologist Laurel Kendall did intensive fieldwork among South Korea's mostly female shamans and their clients as a reflection of village women's lives. In the intervening decades South Korea experienced an unprecedented economic, social, political, and material transformation and Korean villages all but disappeared. And the shamans Kendall attests that they not only persist but are very much a part of South Korean modernity. This enlightening and entertaining study of contemporary Korean shamanism makes the case for the dynamism of popular religious practice, the creativity of those we call shamans, and the necessity of writing about them in the present tense. Shamans thrive in South Korea's high-rise cities working with clients who are largely middle class and technologically sophisticated. Emphasizing the shaman's work as open and mutable, Kendall describes how gods and ancestors articulate the changing concerns of clients and how the ritual frame of these transactions has itself been transformed by urban sprawl, private cars, and zealous Christian proselytizing. For most of the last century Korean shamans were reviled as practitioners of antimodern superstition; today they are nostalgically celebrated icons of a vanished rural world. Such superstition and tradition occupy flip sides of modernity's coin: the one by confuting the other by obscuring the beating heart of shamanic practice. Kendall offers a lively account of shamans who once ministered to the domestic crises of farmers as they address the anxieties of entrepreneurs whose dreams of wealth are matched by their omnipresent fears of ruin. Money and access to foreign goods provoke moral dilemmas about getting and spending; shamanic rituals express these through the longings of the dead and the playful antics of greedy gods, some of whom have acquired a taste for imported whiskey. No other book-length study captures the tension between contemporary South Korean life and the contemporary South Korean shamans' work. Kendall's familiarity with the country and long association with her subjects permit nuanced comparisons between a 1970s then and recent encounters, some with the same shamans and clients as South Korea moved through the 1990s, endured the Asian Financial Crisis, and entered the new millennium. She approaches her subject through multiple anthropological lenses such that readers interested in religion, ritual, performance, healing, gender, landscape, material culture, modernity, and consumption will find much of interest here.

The Shaman's Daughter Nicki Royall Peet, 2014-02 Set mostly in the Appalachian Mountains of North Carolina, *The Shaman's Daughter* weaves the lives of two Cherokee teenagers separated by time in a coming-of-age story. In the 19th century, Cistoo becomes the first female shaman of her tribe. Though European settlers begin to encroach upon her tribe's land, Cistoo finds the strength to lead her people west to safety. Lokie, a contemporary Cherokee teenager, faces the threat of a modern highway tearing through sacred land. The highway forces a church to relocate their cemetery. When the graveyard crew digs up a century-old mystery, Cistoo and Lokie's lives become inextricably linked.
