Handbook of Contemporary Paganism Murphy Pizza, James R. Lewis, 2009 Contemporary Paganism is a movement that is still young and establishing its identity and place on the global religious landscape The members of the movement are simultaneously growing unifying and maintaining its characteristic diversity of traditions identities and rituals The modern Pagan movement has had a restless formation period but has also been the catalyst for some of the most innovative religious expressions praxis theologies and communities As Contemporary Paganism continues to grow and mature new angles of inquiry about it have emerged and are explored in this collection This examination and study of contemporary Paganism contributes new ways to observe and examine other religions where innovations paradoxes and inconsistencies can be more accurately documented and explained

Modern

Religious Druidry Ethan Doyle White, Jonathan Woolley, 2024-07-25 Over the past three decades the academic study of modern Paganism has gone from strength to strength. Scholars now have access to a plethora of studies available on such new religions as Wicca, Heathenry and the Goddess Movement but despite its prominence modern Druidry has been much neglected. This book seeks to change that. This volume is interdisciplinary in basis bringing together contributions from anthropologists, historians and scholars of religion. It fundamentally deepens collective scholastic understandings of modern religious Druidry as an actor within the broader Pagan milieu. In addition to looking at the movement in various national contexts, the volume also explores thematic topics that have largely been neglected before. It will serve as a benchmark upon which all future studies of modern Druidry as well as modern Paganism more widely can draw upon, thereby making a particularly important and much needed contribution to the field.

The Paganism Reader Chas Clifton, Graham Harvey, 2004 The Paganism Reader provides a definitive collection of key sources in Paganism ranging from its ancient origins to its twentieth century reconstruction and revival.

Faith, folk and the far right Dominic Alessio, Robert J. Wallis, 2025-06-24 This book offers the first examination of extremist Heathenry and occultism in the UK and how anti-racist Heathens act to counter this discourse. It explores the spectrum of Heathen practice today and the historical origins of racist Heathenry in nineteenth century Germanic romanticism and twentieth century folkish nationalism. Treating each of the three main extremist Heathen organisations, the book extends the analysis to the neo-Nazi occult organization the Order of the Nine Angles (O9A) and the wider racist Heathen cultural scene in Black Metal and Dark Folk music. The authors balance this with discussion of how inclusivist Heathens are countering this discourse from visible protests at far-right rallies to inter-faith forums and an active presence on social media platforms. The book makes an important contribution to the intersecting fields of new religious movements, nationalist history and racist politics.

Redefining Shamanisms David Gordon Wilson, 2013-01-31 Spiritualism and mediumship are often regarded as the product of lingering superstition in the Victorian era and as having limited relevance in modern Anglo-American society. Scholarship to date which has considered Spiritualism as a distinct religious tradition has focussed on analysing the phenomenon in terms of spirit possession only. This volume analyses the development of shamanism, communication with the spiritual world as a concept within North American English-speaking scholarship with particular focus on Mircea Eliade's influential cross-cultural presentation of shamanism. By re-examining the work of Sergei Shirokogoroff, one of Eliade's principal sources, the traditional Evenki shamanic apprenticeship is compared and identified with the new Spiritualist apprenticeship. The author demonstrates that Spiritualism is best understood as a traditional shamanism, as distinct from contemporary appropriations or neo-shamanisms. He argues that shamanism is the outcome of an apprenticeship in the management of psychic experiences and which follows the same pattern as that of the apprentice medium. In doing so, the author offers fresh insights into the mechanisms that are key to sustaining mediumship as a social institution.
