history of the event presents a selection of key primary documents dealing with the Cultural Revolution's massive and bloody assault on China's political and social systems *A History of the Faculty of Arts at the University of Adelaide 1876-2012* Nick Harvey, Jean Fornasiero, Greg McCarthy, Clem Macintyre, Carl Crossin, 2012 The Bachelor of Arts BA was the first recognised degree at the University of Adelaide Although informal classes for some subjects were held at the University between 1873 and 1875 the first official University lecture was a Latin lecture at 10 am on Monday 28 March 1876 This was followed by lectures in Greek English and Mental Philosophy By 1878 the first BA student Thomas Ainslie Caterer completed his studies for the BA degree and in 1879 became the first graduate of the University of Adelaide Even though the BA was the first degree it was not until eight years later in 1887 that the Faculty of Arts was inaugurated after the Faculty of Law in 1884 a Board of Studies in Music in 1885 and the Faculty of Medicine in 1885 Following the creation of a separate science degree in 1882 many scientific subjects were removed from the BA For the next five years the subjects were Latin Greek Mathematics Natural Philosophy Logic English History and Comparative Philology Later other subjects such as French German and Political Economy were added toward the end of the nineteenth century In 1897 the Elder Conservatorium of Music was created as the first music school of its type in Australia although at that time it was not part of the Faculty of Arts In the first 50 years of the University's existence less than ten BA students graduated each year At the start of the 21st century this figure had climbed to over 300 BA graduates per year but what is interesting is that by 2010 the number of BA graduates was equalled by the number of graduates from separate named degrees within the Faculty plus 70 Music graduates In addition during the first decade of the twenty first century there were over 60 coursework postgraduates plus more than 40 research postgraduates graduating each year *The Cultural Revolution at the Margins* Yiching Wu, 2014-06-09 The Cultural Revolution began from above yet it was students and workers at the grassroots who advanced the movement's radical possibilities by acting and thinking for themselves Resolving to suppress the resulting crisis Mao set events in motion in 1968 that left out in the cold those rebels who had taken it most seriously Yiching Wu shows
