The Voice of the Seven Thunders George Kevyn Weber, 2014-07-18 There is no time for the people of the world to waste to decide to change their ways and their ways of living The world is in a crisis that it has not been in before Actually the world has been in countless crises in the past before disaster calamity or catastrophe struck the people of the earth We are not talking of crises of natural disasters calamities or catastrophes that have hit the earth we are talking about man made man engineered and man designed disasters calamities and catastrophes that have hit the world from time to time History is full of them and apart from those natural disasters caused by God or the Devil themselves the rest were caused by man themselves Now this revelation is not about the natural but about the spiritual Power mad dictators rulers and potentates the world over are normally the cause of these disasters calamities and catastrophes and nature has little to do with them although they did affect nature in some way or another Small and great Wars were started by whosoever caused them without any due regard of men s lives and the resultant horrors hardships and horrendous pain lived on in the hearts and lives of the people that survived No one can add these things up nor can they count the cost in human suffering misery and pain nor the cost of men s souls lost all for the sake of man s vanity The current synopsis is catchy and intriguing This synopsis is well written and it will entice readers into picking this book up and reading it Cynthia Sherman Writer s Literary Publishing Services Critique Division

Self-Discovery and Identity Chris Christian, 2022-01-11 This book has both revelation and expository knowledge of how a man can discover himself The book is like a loaded gun which points at darkness so as to bring people to light It spent its virtues on revealing the principles of self discovery and identity The revelation is so desperate in alleviating the pains and ordinariness of men by telling them who they are When a man discovers himself he becomes a supernatural man The clothing of men with the jacket of revelation and accomplishment of great exploit is an opportunity that is reserved for men who have discovered themselves It is only men who have discovered themselves that can take their place in God

Pro Rege Abraham Kuyper, Albert Gootjes, Jordan J. Ballor, Melvin Flikkema, 2017-03-22 Abraham Kuyper firmly believed that Jesus Christ was King not just of Christians but of the entire cosmos In volume two of *Pro Rege* he continues his analysis of the extent to which Christ rules first in the human heart then in the life of the church and continuing to the life of the Christian family Kuyper believed that it was nonsense to distinguish between life inside and outside of church walls Here he shows that although the Jesus kingship has been denied and denigrated Christ still exerts his power in the world through his people This new translation of *Pro Rege* created in partnership with the Abraham Kuyper Translation Society and the Acton Institute is part of a major series of new translations of Kuyper s most important writings The Abraham Kuyper Collected Works in Public Theology marks a historic moment in Kuyper studies aimed at deepening and enriching the church s development of public theology
