Sharing Parenthood After Divorce:

Sharing Parenthood After Divorce Ciji Ware, 1984 **Co-Parenting from the Inside Out** Karen L.

Kristjanson, 2017-12-02 Karen L Kristjanson shares the stories of a variety of divorced and separated couples who co parent. Effective co parenting or sharing significant parenting time with an ex spouse is one of the best gifts separated parents can give to their children. The interviews in *Co Parenting from the Inside Out* are with real moms and dads in diverse circumstances showing them making choices sometimes struggling and often growing. Their stories offer insights into wise decision making as well as practical strategies that strengthen families. Parents can see that they are not alone as they navigate their feelings and build a future. While pain exists in most stories there is also hope. Co parents often feel that they have become more confident and compassionate and parent better than before. The effects of their personal growth and their children's are the silver lining in the dark pain of divorce. Karen L Kristjanson has brought together real life co parenting stories that inspire separated parents and help them understand co parenting better offering practical tips and tools that directly benefit families.

Shared Parenting Jill Burrett, Michael Green, 2011-11-23 In this practical book two experts provide straightforward co parenting advice to parents facing separation or divorce who wish to pursue the shared parenting approach. Drawing on their extensive experience and research the authors emphasize the importance of children having significant time with both parents allowing them to maintain meaningful relationships. By presenting the benefits and challenges debunking the myths giving practical tips on communication between the two households and providing concrete tools to aid in creating co parenting plans this book steers parents past their personal feelings toward a successful resolution that is in everyone's best interest.

Lone Parenthood in the Life Course Laura Bernardi, Dimitri Mortelmans, 2017-11-08 Lone parenthood is an increasing reality in the 21st century reinforced by the diffusion of divorce and separation. This volume provides a comprehensive portrait of lone parenthood at the beginning of the XXI century from a life course perspective. The contributions included in this volume examine the dynamics of lone parenthood in the life course and explore the trajectories of lone parents in terms of income poverty labour market behaviour wellbeing and health. Throughout comparative analyses of data from countries as France the United Kingdom Ireland Germany Belgium Sweden Switzerland Hungary and Australia help portray how lone parenthood varies between regions cultures generations and institutional settings. The findings show that one parent households are inhabited by a rather heterogeneous world of mothers and fathers facing different challenges. Readers will not only discover the demographics and diversity of lone parents but also the variety of social representations and discourses about the changing phenomenon of lone parenthood. The book provides a mixture of qualitative and quantitative studies on lone parenthood. Using large scale and longitudinal panel and register data the reader will gain insight in complex processes across time. More qualitative case studies on the other hand discuss the definition of lone parenthood the public debate around it and the social and subjective representations of lone parents themselves.
