Sharing Values To Live By Series:

The Malevolent Leaders Stephen C Craig, 2019-07-11 Trust in government dropped to a near record low during the 1992 election as Ross Perot's startling campaign illustrated all too graphically. Stephen Craig shows the trajectory of this popular discontent over the years and predicts that the confidence gap is not likely to close until citizens adjust their perceptions and expectations of government—a shift that would represent a major change in our political culture. Blending survey data and interviews with both elites and nonelites, Craig gives us a nuanced view of how people assess their leaders, how leaders see themselves, and how opinions converge and diverge on the issues that matter most: the economy, the environment, and above all, the quality of our democracy. **Cultural Theory** Michael Thompson, Richard J. Ellis, Aaron Wildavsky, Mary

Wildavsky, 2018-06-27 Why do people want what they want? Why does one person see the world as a place to control while another feels controlled by the world? A useful theory of culture, the authors contend, should start with these questions, and the answers given under different historical conditions should apply equally well to people of all times, places, and walks of life. Taking their cue from the pioneering work of anthropologist Mary Douglas, the authors of *Cultural Theory* have created a typology of five ways of life: egalitarianism, fatalism, individualism, hierarchy, and autonomy, to serve as an analytic tool in examining people, culture, and politics. They then show how cultural theorists can develop large numbers of falsifiable propositions. Drawing on parables, poetry, case studies, fiction, and the Great Books, the authors illustrate how cultural biases and social relationships interact in particular ways to yield life patterns that are viable, sustainable, and ultimately changeable under certain conditions. Figures throughout the book show the dynamic quality of these ways of life and specifically illustrate the role of surprise in effecting small and large-scale change. The authors compare *Cultural Theory* with the thought of master social theorists from Montesquieu to Stinchcombe and then reanalyze the classic works in the political culture tradition from Almond and Verba to Pye. Demonstrating that there is more to social life than hierarchy and individualism, the authors offer evidence from earlier studies showing that the addition of egalitarianism and fatalism facilitates cross-national comparisons.

A Genealogy Of Political Culture Michael E. Brint, 2019-09-10 In this lively and witty history of the study of political culture, Michael Brint examines the differences between the French sociological tradition from Montesquieu to Tocqueville, the German tradition of cultural philosophy from Kant to Weber, and the American scientific or behavioral tradition from Almond and Verba forward. Enlisting his own tra

Wisconsin Career Guidance Resource Manual Donald W. Severson, 1978 **District Leaders** Rachel Sady, 2019-04-05 This book highlights the roles played by a selection of people who make up the lowest layer of elected party office holders and are closest to voters. It analyzes three themes that emerge from ethnographic data: political process participation, the role of parties, and parapolitical factionalism. **Planning, Plotting, & Producing Your Series** Heather Cardona, 2023-08-27 **Sharing Your Life Mission Every Day** Various Authors, 2009-08-30 *Sharing Your Life Mission Every Day* just isn't that hard. You need a few skills, a few friends for support, and a glimpse of God's heart.

for those who don't know him. These six sessions will equip you to extend love to seekers around you and talk about your experience with God in ways that people will understand. God doesn't ask you to do it alone; discover the power that comes from teaming up. Doing Life Together is a groundbreaking study. It's the first small group curriculum built completely on the purpose-driven paradigm. The greatest reason I'm excited about it is that I've seen the dramatic changes it produces in the lives of those who study it. From the foreword by Rick Warren: Based on the five biblical purposes that form the bedrock of Saddleback Church, Doing Life Together will help your group discover what God created you for and how you can turn this dream into an everyday reality. Experience the transformation firsthand as you begin Connecting, Growing, Developing, Sharing, and Surrendering your life together for him.

Cultures Of Unemployment Godfried Engbersen, 2019-04-08. The cultures of unemployed people in the United States and abroad are complex, varied, and offer explanatory power when analyzed as they are here in a systematic way. The authors use case studies and survey data to devise a framework for a better understanding of the effects of welfare state policy on the chronically unemployed. They analyze the

Westview, 1990, the landmark statement of political culture theory authored by Michael Thompson, Richard Ellis, and Aaron Wildavsky, and to extend and challenge the analysis developed there.
