Shark Callers:

The Shark Callers Glenys Köhnke,1974 **The Shark Caller** Zillah Bethell,2021-02-04 WINNER OF THE EDWARD STANFORD CHILDREN S TRAVEL BOOK OF THE YEAR 2022 A SUNDAY TIMES CHILDREN S BOOK OF THE WEEK Dive beneath the waves with this spell binding adventure of friendship forgiveness and bravery set on the shores of Papua New Guinea perfect for fans of Katherine Rundell and Eva Ibbotson I want to be able to call the sharks Teach me the magic and show me the ways Blue Wing is desperate to become a shark caller but instead she must befriend infuriating newcomer Maple who arrives unexpectedly on Blue Wing s island At first the girls are too angry to share their secrets and become friends But when the tide breathes the promise of treasure they must journey together to the bottom of the ocean to brave the deadliest shark of them all The most incredible story tender and wise with themes of friendship love grief revenge and acceptance Michelle Harrison Magnificent and beautiful Sophie Anderson **The Shark Caller** Dianne Wolfer,2016-08-01 Only a twin from a shark calling family can appease the ancestors and bring a community back together in this powerful and haunting story Isabel is on a plane heading back to her island birthplace in Papua New Guinea Izzy is looking forward to seeing her family again but there s another tragic reason for the trip Izzy s twin brother Ray died in a freak diving accident and Izzy and her mum are taking his ashes home for traditional death ceremonies After they arrive Izzy realises things have changed since their last visit Logging threatens the community s way of life and sharks no longer answer the song of the shark callers Izzy s cousin Noah explains that the clan needs someone to undertake a traditional diving ritual The person must be a twin from the shark calling lineage The dive will be perilous And Izzy is the last twin Will she have the courage to attempt the dive And what deep dark secrets will the ocean reveal if she does **The Shark Callers** Campbell,Eric Campbell,1993 **Shark** Dean Crawford,2008-08 In Shark Dean Crawford explores the long relationship between shark and man revealing that behind the fearsome caricature is a complex animal that deserves a thoughtful reconsideration

Demon Fish Juliet Eilperin,2011-06-14 A group of traders huddles around a pile of dried shark fins on a gleaming white floor in Hong Kong A Papua New Guinean elder shoves off in his hand carved canoe ready to summon a shark with ancient magic A scientist finds a rare shark in Indonesia and forges a deal with villagers so it and other species can survive In this eye opening adventure that spans the globe Juliet Eilperin investigates the fascinating ways different individuals and cultures relate to the ocean s top predator Along the way she reminds us why after millions of years sharks remain among nature s most awe inspiring creatures From Belize to South Africa from Shanghai to Bimini we see that sharks are still the object of an obsession that may eventually lead to their extinction This is why movie stars and professional athletes go shark hunting in Miami and why shark s fin soup remains a coveted status symbol in China Yet we also see glimpses of how people and sharks can exist alongside one another surfers tolerating their presence off Cape Town and ecotourists swimming with sharks that locals in the Yucat n no longer have to hunt With a reporter s instinct for a good story and a scientist s curiosity

Eilperin offers us an up close understanding of these extraordinary mysterious creatures in the most entertaining and illuminating shark encounter you re likely to find outside a steel cage *The Shark Club* Ann Kidd Taylor,2018-06-05 A quintessential summer read Marie Claire A warm and wonderfully vivid novel about taking second chances in life and in the sea One summer day on the beach in Florida two extraordinary things happen to Maeve Donnelly First she is kissed by Daniel the boy of her dreams Then she is bitten by a blacktip shark Eighteen years later Maeve has thrown herself into her work as a world traveling marine biologist discovering more about the minds of misunderstood sharks But when Maeve returns home to the legendarily charming and eccentric Hotel of the Muses where she was raised by her grandmother she finds more than just the blood orange sunsets and key lime pies she s missed waiting for her While Maeve has always been fearless in the water on land she is indecisive A chance meeting on the beach with a plucky irresistible little girl who is just as fascinated by the ocean as Maeve was growing up leaves her at a crossroads Should she re kindle her romance with Daniel the first love she left behind when she dove into her work Or indulge in a new romance with her colleague Nicholas who turns up in her hometown to investigate an illegal shark finning operation Set against the intoxicating backdrop of palm trees calypso bands and perfect ocean views *The Shark Club* is a story of the mysterious passions of one woman s life her first love and new love the sea and sharks that inhabit it **The Whale Caller** Zakes Mda,2006-10-17 A voice for which one should feel not only affection but admiration *The New York Times* *The Whale Caller* Zakes Mda s fifth novel is his most enchanting and accessible book yet a romantic comedy of sorts in which the changing face of post apartheid South Africa is revealed through prodigious lyrical storytelling As the novel opens the seaside village of Hermanus on the country s west coast is overrun with whale watchers foreign tourists wearing floral shirts and toting expensive binoculars determined to see whales in their natural habitat But when the tourists have gone home the *Whale Caller* lingers at the shoreline wooing a whale he calls Sharisha with cries from a kelp horn When Sharisha fails to appear for weeks on end the *Whale Caller* frets like a jealous lover oblivious to the fact that the town drunk Saluni a woman who wears a silk dress and red stiletto heels is infatuated with him After much ado which Mda relates with great relish the two misfits fall in love But each of them is ill equipped for romance and their on again off again relationship suggests something of the fitful nature of change in post apartheid South Africa where just living from one day to the next can be challenge enough Mda has spoken of the end of apartheid as a lifting of the South African novelist s burden to write on political subjects With *The Whale Caller* he has written a tender charming novel the work of a virtuoso among international writers **Shark Man** Riley Elliott,2014-11-07 The adventures of a shark scientist and his mission to change our perception of New Zealand s most feared and misunderstood predator Riley Elliott is a surfer spear fisherman and shark scientist from the Waikato currently writing a PhD at Auckland University He s also on a mission to share his fascination with sharks raise the profile of their dwindling numbers and question the legitimacy of shark finning in our waters Riley s passion for sharks started while he was working at the Oceans Research Great White Shark

Station in South Africa where he learned to free dive with sharks beyond the cage Upon his return to New Zealand Riley began research for his PhD and in the process uncovered some alarming trends Riley Elliott is making it his mission to educate New Zealanders about the over exploitation of sharks in our waters particularly the controversial practice of shark finning and how it affects the ocean ecosystem In the process he s becoming New Zealand s most popular expert on shark species and a go to commentator about our increasing encounters with this deadly ocean predator Shark Man is Riley s story from his time learning to scuba dive and spearfish his early fascination with sharks while surfing life at Raglan his first encounters with great whites in South Africa and learning to safely free dive to his study of New Zealand sharks species and the making of the TVNZ television documentary series Shark Man The book also has information about New Zealand s prevalent shark species where they live how they hunt and their interaction with humans with fascinating new insights and little known facts

Sharks and People Thomas P. Peschak, 2014-02-27 At once feared and revered sharks have captivated people since our earliest human encounters Children and adults alike stand awed before aquarium shark tanks fascinated by the giant teeth and unnerving eyes And no swim in the ocean is undertaken without a slight shiver of anxiety about the very real and very cinematic dangers of shark bites But our interactions with sharks are not entirely one sided the threats we pose to sharks through fisheries organized hunts and gill nets on coastlines are more deadly and far reaching than any bite In *Sharks and People* acclaimed wildlife photographer Thomas Peschak presents stunning photographs that capture the relationship between people and sharks around the globe A contributing photographer to National Geographic Peschak is best known for his unusual photographs of sharks his iconic image of a great white shark following a researcher in a small yellow kayak is one of the most recognizable shark photographs in the world The other images gathered here are no less riveting bringing us as close as possible to sharks in the wild Alongside the photographs *Sharks and People* tells the compelling story of the natural history of sharks Sharks have roamed the oceans for more than four hundred million years and in this time they have never stopped adapting to the ever changing world their unique cartilage skeletons and array of super senses mark them as one of the most evolved groups of animals Scientists have recently discovered that sharks play an important role in balancing the ocean including maintaining the health of coral reefs Yet tens of millions of sharks are killed every year just to fill the demand for shark fin soup alone Today more than sixty species of sharks including hammerhead mako and oceanic white tip sharks are listed as vulnerable or in danger of extinction The need to understand the significant part sharks play in the oceanic ecosystem has never been so urgent and Peschak s photographs bear witness to the thrilling strength and unique attraction of sharks They are certain to enthrall and inspire
