

A dramatic landscape featuring a jagged, dark mountain peak in the foreground. The sky is a vibrant mix of orange, red, and purple, suggesting a sunset or sunrise. The overall mood is contemplative and inspiring.

We do not escape into  
philosophy, psychology, and art –  
we go there to restore our  
shattered selves into whole ones.

Anais Nin

# Shattered Selves

**Susan J. Hekman**

## **Shattered Selves:**

**Shattered Selves** James M. Glass, 1993      **Elaborate Selves** E Mark Stern, 2013-12-16 In this fascinating volume Anthony Molino interviews some of today's foremost thinkers in psychoanalysis and psychotherapy. Organized around the fertile and controversial concept of multiplicity, *Elaborate Selves* explores the life work and thought of a diverse group of therapists who have played key roles in furthering postmodern perspectives on self experience. Through five engaging conversations, readers discover how discontinuities in self experience reflect phenomena that are both fundamental to formations of human identity and central to an understanding of contemporary relationships. Throughout the strands of these interviews, theory and practice come alive in a multivocal exploration at the intersections of culture and history, ideology and instinct, biology and fantasy, nostalgia and hope, and ultimately of trauma and treatment. *Elaborate Selves* explores the postmodern concern with the notion of a multiple or fragmented self. In this context, the stories, lives, and selves of the very therapists interviewed are seen to reflect predicaments and tensions of the culture at large. Each interview explores a therapist's unique contribution to the field while making connections between efforts and theories that at a first glance appear remarkably diverse. Among these are the constructivism of Jungian Buddhist and feminist Polly Young-Eisendrath, the inspired object relations theorizing of Christopher Bollas, and the mystic sensibilities of Michael Eigen. Readers will find that the depth and complexities of the following issues are rendered in a language that is at once both compelling and accessible: contemporary theories of the self and implications for clinical practice; psychoanalysis and postmodernism; psychoanalysis and spirituality; myth and ritual as a basis for self knowledge and group psychotherapy. A fundamental text for clinicians and students of all schools of psychoanalysis, contemporary social theory, philosophy, and religious thought, *Elaborate Selves* is a major contribution to the ever-growing genre of the interview. Indeed, the interviews collected in this unique volume offer more than an exciting exploration of a singular group of life experiences. They probe beyond the biographical to illustrate connections between personal and intellectual history and between life experience, culture, and the production of knowledge in an increasingly complex world.

*Private Selves, Public Identities* Susan J. Hekman, 2010-11-01 In an age when we are all multiculturalists now, as Nathan Glazer has said, the politics of identity has come to pose new challenges to our liberal polity and the presuppositions on which it is founded. Just what identity means and what its role in the public sphere is are questions that are being hotly debated. In this book, Susan Hekman aims to bring greater theoretical clarity to the debate by exposing some basic misconceptions about the constitution of the self that defines personal identity, about the way liberalism conceals the importance of identity under the veil of the abstract citizen, and about the difference and interrelationship between personal and public identity. Hekman's use of object relations theory allows her to argue against the postmodernist resort to a fictive subject for a core self that is socially constructed in the early years of childhood but nevertheless provides a secure base for the adult subject. Such a self is social, particular, embedded, and connected—a stark contrast to the neutral and

disembodied subject posited in liberal theory This way of construing the self also opens up the possibility for distinguishing how personal identity functions in relation to public identity Against those advocates of identity politics who seek reform through the institutionalization of group participation Hekman espouses a vision of the politics of difference that eschews assigning individuals to fixed groups and emphasizes instead the fluidity of choice arising from the complex interaction between the individual's private identity and the multiple opportunities for associating with different groups and the public identities they define Inspired by Foucault's argument that power is everywhere Hekman maps out a dual strategy of both political and social cultural resistance for this new politics of identity which recognizes that with significant advances already won in the political legal arena attitudinal change in civil society presents the greatest challenge for achieving more progress today in the struggle against racism sexism and other forms of oppression

*Concepts of the Self* Anthony Elliott, 2020-05-07 This new updated edition provides a lively lucid and compelling introduction to contemporary controversies over the self and self identity in the social sciences and humanities In an accessible and concise format the book ranges from classical intellectual traditions of symbolic interactionism psychoanalysis and Foucauldian theory through feminism and postfeminism to postmodernism and the mobilities paradigm With characteristic verve and clarity Anthony Elliott explores the relationship between power identity and personhood connecting varied theoretical debates directly to matters of contemporary relevance and urgency such as identity politics the sociology of personal relationships and intimacy and the politics of sexuality This edition also includes a new chapter on the digital revolution which situates the self and work life transformations within the context of AI Industry 4.0 advanced robotics and accelerating automation Offering thoughtful entry points to a rich and complex literature along with robust critical responses to each theory *Concepts of the Self* will continue to be an invaluable text for students of social and political theory sociology social psychology cultural studies and gender studies

**Self-Knowledge and the Self** David A Jopling, 2002-09-11 In this clear and reasoned discussion of self knowledge and the self the author asks whether it is really possible to know ourselves as we really are He illuminates issues about the nature of self identity which are of fundamental importance in moral psychology epistemology and literary criticism Jopling focuses on the accounts of Stuart Hampshire Jean Paul Sartre and Richard Rorty and dialogical philosophical psychology and illustrates his argument with examples from literature drama and psychology

**Beside One's Self** Catherine Robinson, 2011-05-24 What is it to feel homeless How does it feel to be without the orienting geography of home Going beyond homelessness as a housing issue this book uniquely explores the embodied emotional experiences of homelessness In doing so Robinson reveals much about existing gaps in service responses in community perceptions and in the ways in which homelessness most often becomes visible as a problem for policy makers She argues that the emotional dimension of displacement must be central to contemporary practices of researching understanding writing and responding to homelessness She situates the issue of homelessness at the nexus of important broader intellectual and methodological

developments that take bodily and spatial experience as their starting point Drawing on field research and interviews Robinson details the lives of homeless individuals in Sydney Australia The moving narratives of these individuals bear witness to the key experiences of corporeal fragmentation geographical detachment and social alienation At the book s core lies a call to legitimize scholarly work that focuses on emotions particularly trauma facilitating researchers and policy makers to explore new avenues for evaluating service delivery Beside One s Self bridges the divide between research that has policy implications and research that makes theoretical contributions

**A Journey Into The Abyss: My Battle With Borderline Personality Disorder** Pasquale De Marco,2025-04-22 Step into the depths of the human psyche and explore the enigmatic world of Borderline Personality Disorder BPD in this comprehensive guide Written with empathy and expertise this book delves into the complexities of BPD offering a lifeline of understanding and support to those affected by this challenging condition Through personal narratives and expert insights this book unravels the intricate tapestry of BPD s symptoms its impact on relationships and the arduous journey towards recovery It sheds light on the emotional turmoil the intense mood swings and the relentless self destructive behaviors that often accompany BPD But amidst the darkness there is hope This book illuminates the path towards healing and empowerment providing practical strategies for managing symptoms building resilience and fostering healthy relationships It explores the transformative power of therapy medication and self care empowering individuals with BPD to take control of their lives Whether you are a sufferer of BPD seeking solace and guidance a loved one searching for deeper understanding or a mental health professional seeking to expand your knowledge this book is an invaluable resource It dispels the myths and misconceptions surrounding BPD fostering a climate of compassion and acceptance Join the movement to break the stigma and create a world where individuals with BPD can thrive This book is a beacon of hope a testament to the strength of the human spirit and an indispensable tool for anyone touched by the complexities of Borderline Personality Disorder If you like this book write a review on google books

**The Shattering of the Self** Cynthia Marshall,2003-05-22 In The Shattering of the Self Violence Subjectivity and Early Modern Texts Cynthia Marshall reconceptualizes the place and function of violence in Renaissance literature During the Renaissance an emerging concept of the autonomous self within art politics religion commerce and other areas existed in tandem with an established popular sense of the self as fluid unstable and volatile Marshall examines an early modern fascination with erotically charged violence to show how texts of various kinds allowed temporary release from an individualism that was constraining Scenes such as Gloucester s blinding and Cordelia s death in King Lear or the dismemberment and sexual violence depicted in Titus Andronicus allowed audience members not only a release but a shattering as opposed to an affirmation of the self Marshall draws upon close readings of Shakespearean plays Petrarchan sonnets John Foxe s Acts and Monuments of the Christian Martyrs and John Ford s The Broken Heart to successfully address questions of subjectivity psychoanalytic theory and identity via a cultural response to art Timely in its offering of an account that is both historically

and psychoanalytically informed *The Shattering of the Self* argues for a renewed attention to the place of fantasy in this literature and will be of interest to scholars working in Renaissance and early modern studies literary theory gender studies and film theory

*Paranoia Within Reason* George E. Marcus, 1999-03-15 This text examines conspiracy theories and tackles paranoia as a style of debate within science psychotherapy and popular entertainment A conspiracy theory emerges as a way to address the inadequacies of rational expertise and organization in the face of the changes that undermine them

**The Bifurcation of the Self** Robert W. Rieber, 2006-08-03 For more than a hundred years dissociative states sometimes referred to as multiple personality disorder have fascinated the public as well as scientists The precise nature of this disorder is a controversial one dividing clinicians theorists and researchers Challenging the conventional wisdom on all sides Robert Rieber's *Bifurcation of the Self* traces the clinical and social history of dissociation in a provocative examination of this widely debated phenomenon At the core of this history is a trio of related evolutions hypnosis concepts of identity and dissociation beginning with nineteenth century hysterics and culminating in the modern boom in Dissociative Identity Disorder DID diagnoses and the parallel rise in childhood abuse repressed memory cases Rieber does not argue the non existence of DID rather he asserts that it is a rare disorder exaggerated by dissociation advocates and exploited by the media In doing so he takes on some of the most difficult questions in the field How crucial is memory to a person's identity Can two or more autonomous personalities actually exist in the same body If trauma causes dissociation why aren't there more DID cases Why are DID cases prevalent in some eras but not in others Does dissociative disorder belong in the DSM The book is rigorously illustrated with two centuries worth of famous cases including Christine Beauchamp Ansel Bourne Eve Black Eve White and most notably the woman known as Sybil whose story is covered in depth with newly revealed manuscripts And Rieber reviews the current state of DID related controversy from the professionals who feel that the condition is underreported to those who consider it a form of malingering so that readers may draw their own conclusions

This is likewise one of the factors by obtaining the soft documents of this **Shattered Selves** by online. You might not require more time to spend to go to the ebook initiation as well as search for them. In some cases, you likewise reach not discover the message Shattered Selves that you are looking for. It will enormously squander the time.

However below, behind you visit this web page, it will be appropriately categorically simple to acquire as competently as download guide Shattered Selves

It will not receive many times as we run by before. You can realize it while put on an act something else at home and even in your workplace. therefore easy! So, are you question? Just exercise just what we meet the expense of below as with ease as evaluation **Shattered Selves** what you similar to to read!
