Rhythms of Faithfulness Andy Goodliff, Paul Goodliff, 2018-10-31 This collection of essays by British Baptists honors the work of John Colwell amongst the Baptist community recognizing in particular the contribution he has made to Christian doctrine and ethics and more recently his involvement in the formation of The Order for Baptist Ministry OBM The book explores what we are doing in morning prayer and what it is to allow the seasons and festivals of the Christian year to shape our lives

The Gay Detective Novel Judith A. Markowitz, 2015-02-16 Gertrude Stein called it the only really modern novel form that has come into existence yet the mystery genre was a century old before it featured its first gay main character in a novel Since then gay and lesbian detective fiction has been one of the fastest growing segments of the genre It incorporates gay and lesbian cultural elements and offers crossover appeal Its authors call upon a century of development in the mystery genre while providing new more accurate images of lesbians and gay men than generally found in mainstream literature and popular media This groundbreaking study of gay and lesbian detective fiction examines mystery series and historically significant stand alone novels published since the early 1960s Part I is an overview that describes how these novels make gay and lesbian life visible and forge new powerful images It also examines how they fit into the larger history of mystery fiction The series analyses in Part II are grouped according to the type of main character police officer private investigator amateur sleuth etc Each section discusses main and secondary characters of that type characteristic themes for the group and more The analyses of individual series cover main characters themes plot points and other elements Comments from authors interviewed for this book play a central role in those analyses Part III lists series spanning themes e g homophobia the closet gay marriage and the novels and series that address each of those themes

Rhythm and Will in Victorian Poetry Matthew Campbell, 1999-04-22 In Rhythm and Will in Victorian Poetry first published in 1999 Matthew Campbell explores the work of four Victorian poets Tennyson Browning Hopkins and Hardy as they show a consistent and innovative concern with questions of human agency and will The Victorians saw the virtues attendant upon a strong will as central to themselves and to their culture and Victorian poetry strove to find an aesthetic form to represent this sense of the human will Through close study of the metre rhyme and rhythm of a wide range of poems including monologue lyric and elegy Campbell reveals how closely technical questions of poetics are related in the work of these poets to issues of psychology ethics and social change He goes on to discuss more general questions of poetics and the implications of the achievement of the Victorian poets in a wider context from Milton through Romanticism and into contemporary critical debate
