Sheiks Glory:

Sheiks And Adders Michael Innes,2010-02-20 When half of the guests at a charity masquerade fete at Drool Court turn up dressed as sheiks it must be more than pure coincidence One of them is the real thing however and Sir John Appleby master detective discovers that he is in grave danger **Cassell's Illustrated History of England ,1857 John Cassell's illustrated history of England. Once the truth is revealed will they create their own family legacy or will it be their destruction *The Last Egyptian* L. Frank Baum,2022-01-11 *The Last Egyptian* 1908 is a novel by L Frank Baum Although he is more widely known as the author of the Land of Oz series Baum also used several pseudonyms to make forays into more conventional fiction for adults The Last Egyptian published anonymously is a story of corruption betrayal romance and adventure It was adapted into a 1914 silent film by Baum and J Farrell MacDonald an influential and prolific figure in early American cinema I regret said he with mock politeness that I have never before heard of your great forefather But why should you asked the Egyptian You are I suppose one of those uneasy investigators that prowl through Egypt in a stupid endeavor to decipher the inscriptions on the old temples and tombs You can read a little yes but that little puzzles and confuses you Traveling across Egypt alone English Egyptologist Winston Bey encounters an interesting local named K ra According to the young man he is the descendant of Ahtka R a powerful advisor the Rameses II Although he questions the truth of this claim Winston enlists K ra s help Back home K ra cares for his ailing grandmother Hatatcha who reveals a life changing secret upon her deathbed he is the grandson of Lord Roane a powerful Englishman who abandoned her while she was pregnant From then on K ra swears to exact revenge on the man and his family Before she dies she shows him the way to their family s ancient treasure a horde of jewels and priceless artifacts with which he will fund his plot While *The Last Egyptian* is far from the fantasy and fairy tale style most of Baum s readers adore him for it remains an entertaining work of adventure fiction for devoted fans of the Oz series and newcomers alike With a beautifully designed cover and professionally typeset manuscript this edition of L Frank Baum s *The Last Egyptian* is a classic of American literature reimagined for modern readers *The Sheik* E. M. Hull,2019-11-19 E M Hull s *The Sheik* is a provocative exploration of love and power set against the backdrop of the Arabian desert s mystique Through its vivid imagery and sensuous prose the novel encapsulates a potent mix of romance and adventure delving into the psychological complexities of its characters The narrative masterfully weaves themes of passion cultural conflict and the binary of civilization versus savagery reflective of early 20th century attitudes towards colonialism and exoticism Hull s literary style is marked by rich descriptions and a romanticized portrayal of the East adhering to the conventions of the Sheik genre that captured the imagination of its contemporary audience while simultaneously critiquing the limitations placed on women in such a society Born in 1880 in Yorkshire E M Hull was influenced by her literary surroundings and the wider socio political dynamics of her era This backdrop likely informed her portrayal of the strong female protagonist and the dynamics of power and eroticism present in her narratives Hull s experiences as a woman in a patriarchal society fueled her desire to write stories that challenged traditional gender roles allowing her characters to transcend their circumstances albeit within a framework that often reaffirms societal norms I highly recommend *The Sheik* for readers interested in early 20th century romance literature that grapples with themes of identity and desire Hull s imaginative journey will enthrall those who appreciate dramatic plots and richly drawn characters that challenge societal

conventions This novel remains a significant work for understanding the cultural narratives surrounding Orientalism and the construction of femininity during a pivotal era
