Long Live the Empress! Redoing the Story After a Poisonous End: Volume 1* Tsuta Sonehara,2025-05-05 Westalia daughter of an aristocrat has been brought up and educated with the expectation that she will become the future queen of her kingdom However when she is betrayed by a close friend and framed for an attempted murder she is sentenced to death by poisoning Luckily Westalia a master of poisons manages to sneak an antidote fake her own death and escape with her life Now on the run Westalia must put her royal education to use as she steals her way across national borders commits some crimes and endures the gruelling selection process to try and become empress of a neighboring empire and regain everything she s lost All the while an irritating man who seems awfully familiar seems to follow her at every turn Still with her loyal lady knight by her side Westalia will do all that she can to make her dreams come true **The King is dead, long live the King!** Eugene Wish,2021-08-11 This ancient legend tells how the Great Evil tried to get to the world taking advantage of the human passion for power and the vindictiveness of the elves Mining Is Dead. Long Live Geopolitical Mining Eduardo Zamanillo,Marta

Rivera,2025-08-28 Mining Is Dead Long Live the New Geopolitical Mining While Western capitals lawyered the future China engineered the supply chain Critical minerals lithium copper rare earths nickel graphite are no longer commodities they are the invisible infrastructure of power From AI and clean energy to defense and space entire strategies now hinge on who controls the midstream and the downstream China understood this first As the United States Europe Canada and Australia cycled through layered impact assessments duplicative approvals and overlapping reviews a misapplication of well intended legislation that prioritized form over substance Beijing invested with long term vision built refineries secured supply chains and turned critical minerals into political industrial and technological sovereignty It did not stop at extraction China processed added value and consolidated control of the midstream and downstream transforming resources into true industrial power This book is a playbook for the new era of Geopolitical Mining With up to date data regional comparisons and a practical framework for decision makers it shows how Africa Latin America and Asia beyond China are becoming decisive arenas and what leaders must do before supply chains lock in Crucially it explains why symbolism matters how the stories nations tell about mining purpose identity and meaning become strategic assets that create trust legitimacy and consent Sovereign speed as the decisive advantage Symbolism it is about understanding the invisible forces shaping our future The mining we knew is gone welcome to the era we call Geopolitical Mining The Project is Dead ... Long Live the Project! Andreas von Grebmer,2004 **Socialism Is Dead! Long Live Socialism!** Todor Bombov,2017-01-10 This work is divided into two autonomous books The first book The State represents a radically new political system of society one which is the most democratic system ever possible This is a completely new society a real civil society which otherwise in the capitalist system is only a utopia In this book I scrutinize the principles of scientific socialism i e all those principles of Marxism concerning the state that build socialism as a political system The second book The Economic Theory of Socialism is a sequel and as far as I know the only sequel of the greatest work by Karl Marx Capital The economics of socialism makes Marx s socialism already completely possible In this book I scrutinize the economic laws that build socialism as a more effective economic system than capitalism These laws are extracted from Marx s main work Capital From 1917 to 1991 the totalitarian system in USSR and East Europe was called socialism and even by the scientific nonsense and absurd names of communism and communist system In this system the official ideology was allegedly Marxism but really it could not endure any Marxist criticism There was never any socialism anywhere In the twentieth century we passed through a system of utopian socialism as proof that this was not socialism that was not possible but for the utopia of writers before and after Marx We were visited by a utopian socialism which at the contemporary stage is simply capitalism state monopolistic There is no better application of Keynes s doctrine than the socialism of the twentieth century His planned capitalism is actually planned socialism **The Rebellion of the Beasts, Or, The Ass is Dead! Long Live the Ass!!!** Leigh Hunt,1825 Why Niebuhr Now? John P. Diggins,2011-06-30 In this book the author tackles the complicated question of why at a time of great

uncertainty about America's proper role in the world leading politicians and thinkers are turning to Niebuhr for answers He begins by clearly and carefully working through Niebuhr's theology which focuses less on God's presence than his absence and the ways that absence abets the all too human sin of pride He then shows how that theology informed Niebuhr's worldview leading him to be at the same time a strong opponent of fascism and communism and a leading advocate for humility and caution in foreign policy

#RhodesMustFall Nyamnjoh, Francis B., 2016-04-18 This book on rights entitlements and citizenship in post apartheid South Africa shows how the playing field has not been as levelled as presumed by some and how racism and its benefits persist Through everyday interactions and experiences of university students and professors it explores the question of race in a context still plagued by remnants of apartheid inequality and perceptions of inferiority and inadequacy among the majority black population In education black voices and concerns go largely unheard as circles of privilege are continually regenerated and added onto a layered and deep history of cultivation of black pain These issues are examined against the backdrop of organised student protests sweeping through the country's universities with a renewed clamour for transformation around a rallying cry of Black Lives Matter The nuanced complexity of this insightful analysis of the Rhodes Must Fall movement elicits compelling questions about the attractions and dangers of exclusionary articulations of belonging What could a grand imperialist like the stripling Uitlander or foreigner of yesteryear Sir Cecil John Rhodes possibly have in common with the present day nimble footed makwerekwere from Africa north of the Limpopo The answer Nyamnjoh suggests is to be found in how human mobility relentlessly tests the boundaries of citizenship

Dead Theory Jeffrey R. Di Leo, 2016-05-19 What is the legacy of Theory after the deaths of so many of its leading lights from Jacques Derrida to Roland Barthes Bringing together reflections by leading contemporary scholars *Dead*

The Dead Man's Finery Ramón del Valle-Inclán, 2013 Ramon del Valle Inclán is one of Spain's greatest dramatists His particular legacy is the esperpento a satirical mode combining tragedy and farce and characterised by its use of the grotesque *The Dead Man's Finery* 1926 and *The Captain's Daughter* 1927 are two short esperpentos that satirise the military which for Valle Inclán encapsulated the worst and most retrogressive qualities of the Spanish nation In *The Dead Man's Finery* Johnny Bluster is a decommissioned veteran of the Spanish American War who steals a dead man's clothes in order to woo a prostitute A parody of the Don Juan legend the play takes the problematic protean and devilish Don Juan and sets his outrageous behaviour in a very particular social and historical context *The Captain's Daughter* is the most historically and politically oriented of Valle Inclán's works for the theatre A man is killed and the accident of his death sets off a chain of events in which exploitation and self interest are the orchestrating forces concluding in a military coup that topples the government An overt satire of the rise to power of General Primo de Rivera in 1923 the play dispenses with the individual protagonist and portrays a society in crisis Notorious for his recondite use of language Valle Inclán emphasises the popular idiom without ever falling into picturesque realism Rather than recreate accurate modes of speech he creates a mode of expression that highlights incongruity and contrast emphasising the puppet like quality of his characters Translated here for the first time into English the plays are accompanied by a critical introduction and notes to guide the reader or director of these plays Notorious for his recondite use of language in these plays Valle Inclán emphasises the popular idiom without ever falling into picturesque realism rather than recreate accurate modes of speech he creates a mode of expression that brings together all the play's characters regardless of their status or place in society The emphasis on incongruity and contrast creates a peculiarly sarcastic tone that permeates the dialogue The plays are accompanied by a critical introduction and notes to guide the reader or director of these plays both fine examples of Valle Inclán's expressionistic and experimental theatre

Index to All the Passages in the Dramatic Works of the Poet Mary Cowden- Clarke,1845 *Is Rock Dead?* Kevin J.H. Dettmar,2013-01-11 Rock and roll s death has been forecast nearly since its birth the country song The Death of Rock and Roll appeared in September 1956 showing that the music had already outraged a more conservative listening audience Is Rock Dead sets out to explore the varied and sometimes conflicting ways in which the death of rock has been discussed both within the discourse of popular music and American culture If rock is dead when did it die Who killed it Why do rock journalists lament its passing Has its academic acceptance stabbed it in the back or resuscitated an otherwise lifeless corpse Why is rock music the music that conservatives love to hate On the other side of the coin how have rock s biggest fans helped nail shut the coffin Does rock feed on its own death and rebirth Finally what signs of life are there showing that rock in fact is surviving Is RockDead will appeal to all those who take seriously the notion that rock is a serious musical form It will appeal to students of popular music and culture and all those who have ever spun a 45 cranked up the radio or strummed an air guitar

Crises of the Sentence Jan Mieszkowski,2019-04-02 There are few forms in which so much authority has been invested with so little reflection as the sentence Though a fundamental unit of discourse it has rarely been an explicit object of inquiry often taking a back seat to concepts such as the word trope line or stanza To understand what is at stake in thinking or not thinking about the sentence Jan Mieszkowski looks at the difficulties confronting nineteenth and twentieth century authors when they try to explain what a sentence is and what it can do From Romantic debates about the power of the stand alone sentence to the realist obsession with precision and revision to modernist experiments with ungovernable forms Mieszkowski explores the hidden allegiances behind our ever changing stylistic ideals By showing how an investment in superior writing has always been an ethical and a political as well as an aesthetic commitment Crises of the Sentence offers a new perspective on our love hate relationship with this fundamental compositional category
