The Late Bloomer Ken Baker, 2016-09-27. Soon to be a feature film. The Late Bloomer is the revealing, harrowing, and often funny memoir of a celebrity journalist and former hotshot hockey player who discovers that he has been biochemically infused with a female hormone. On the surface, Ken Baker seemed a model man. He was a nationally ranked hockey goalie, a Hollywood correspondent for People, a guest lister at celebrity parties, and girls came on to him. Inside, though, he didn't feel like the man he was supposed to be. Although attracted to women, Ken had little sex drive and thus even less of a sex life. To his anguish, he repeatedly found himself unable to perform sexually. And regardless of strenuous workouts, his body struggled to build muscle, earning him the nickname 'Pear' from his macho teammates. Physically, matters turned bizarre when he discovered that he was lactating. The testosterone-driven culture in which Ken grew up made it agonizingly difficult for him to seek help. But in time, he discovered something that lifted years of pain, frustration, and confusion: a brain tumor was causing his body to be flooded with massive amounts of a female hormone.

which was disabling his masculinity Five hours of surgery accomplished what years of therapy rumination and denial could not and allowed Ken Baker to finally feel and function like a man Now Ken s story comes to the screen in the feature film *The Late Bloomer* starring Academy Award winner J K Simmons and Jane Lynch
