The African American Experience in Crime Fiction Robert E. Crafton, 2015-06-08 An immensely popular genre crime fiction has only in recent years been engaged significantly by African American authors Historically the racist stereotypes often central to crime fiction and the socially conservative nature of the genre presented problems for writing the black experience and the

tropes of justice and restoration of social order have not resonated with authors who saw social justice as a work in progress. Some African American authors did take up the challenge. Pauline Hopkins, Rudolph Fisher, and Chester Himes led the way in the first half of the 20th century, followed by Ishmael Reed's anti-detective novels in the 1970s. Since the 1990s, Walter Mosley, Colson Whitehead, and Stephen L. Carter have written detective fiction focusing on questions of constitutional law, civil rights, biological and medical issues, education, popular culture, the criminal justice system, and matters of social justice. From Hopkins's *Hagar's Daughter* published in 1901 to Himes's hardboiled Harlem Detective series to Carter's patrician world of the black bourgeoisie, these authors provide a means of examining literary and social constructions of the African American experience. Instructors considering this book for use in a course may request an examination copy here. *The Longman Anthology of British Literature* David Damrosch, 2003. The Longman Compact Anthology of British Literature is a concise and thoughtfully arranged survey of British literature. Within its pages, canonical authors mingle with newly visible writers. English accents are heard next to Anglo-Norman, Welsh, Gaelic, and Scottish ones; female and male voices are set in dialogue. Literature from the British Isles is integrated with post-colonial writing, and major works are illuminated by clusters of shorter texts that bring literary, social, and historical issues vividly to life. Readers interested in British Literature. *Murder 101* Edward J. Rielly, 2014-08-23. This collection of essays examines how college professors teach the genre of detective fiction and provides insight into how the reader may apply such strategies to his or her own courses. Multi-disciplinary in scope, the essays cover teaching in the areas of literature, law, history, sociology, anthropology, architecture, gender studies, cultural studies, and literary theory. Also included are sample syllabi, writing assignments, questions for further discussion, reading lists, and further aids for course instruction. *Lesbian Detective Fiction* Phyllis M. Betz, 2006-07-24. This work examines how lesbian detective and mystery fiction represents lesbian characters and experience within the confines of the genre. As this book points out, such fiction reveals the lesbian's increasing visibility in the wider society. Nevertheless, it can still be difficult to find a complete representation of lesbian life in mainstream literature. Often the best place to find the lesbian represented in books is within the pages of genre fiction, especially the detective story. This book looks at how the lesbian characters' public and private lives intersect, often at the point of coming out or of moving from isolation to connection with the community. Also considered is the lesbian detective's typical confrontation with two crucial elements of the investigator's role: the use of violence and the acquisition and expression of authority within police systems. Other topics of discussion include the cultural environments in which the stories are situated and the use of humor as a key weapon in the lesbian detective's investigative arsenal. **African American Literature** Hans Ostrom, J.
