of your pants financial investigations and prosecutions in recent history Rob Sand the youngest attorney in his office was assigned a new case by his boss who was days away from retirement Inside the thin accordion binder Sand received was meager evidence that had been gathered over the course of two years by Iowa authorities regarding a suspicious lottery ticket No one expected the case to go anywhere No dead body no shots fired and no money paid out Why should they care There was no certainty that a crime had even been committed But a mysterious Belizean trust had attempted to claim the 16 million ticket then decided to forgo the money and maintain anonymity when the State of Iowa demanded to know who had purchased the ticket Who values anonymity over that much money Both a story of small town America and a true crime saga about the largest lottery rigging scheme in American history The Winning Ticket follows the investigation all the way down the rabbit hole to uncover how Eddie Tipton was able to cheat the system to win jackpots over 16 million and go more than a decade without being caught until Sand inherited the case Just as remarkable as the crime are the real life characters met along the way an honest fireworks salesman a hoodwinked FBI agent a crooked Texas lawman a shady attorney representing a Belizean trust and yes Bigfoot hunters While some of the characters are nearly unbelievable the everyday themes of integrity and hard work resonate throughout the saga As the case builds toward a reckoning The Winning Ticket demonstrates how a new day has dawned in prosecuting complex technological crimes
