Life Now Jansher, 2024-07-30 The capability of today's man has become so narrow that it is painful to imagine Today's human life is reduced to working eating sleeping and reproducing First they placed today's man in a certain place then gave him the wrong values National values patriotism ideological values They caught him at a certain point They closed all avenues for him They took away his chances Today's man knows nothing about life He sees nothing of creation Today's man never knows how far the beauty of nature and divine creation is spread He knows nothing Because his whole life is spent fighting over things that are all lies and illusions his life is wasted fighting and struggling with his comrades He never gets anywhere That is why he is in agony Then few people take advantage of the facilities and the nations beat each other over the head they are busy enjoying life and creation The sole mission of humanity today is to provide land for certain groups to live on Human slavery today has become so brilliant that it has almost assumed the color of sanctity and godliness In the name of knowledge and education he learns the art of slavery in the first half of his life and in the second half he does his slavery They call it alive

The Trouble with Buddhism Robert M. Ellis, 2011-03-13 This book is a critique of Buddhism by a philosopher with about 20 years experience of practising Buddhism It attempts to judge Buddhism by the standards of its own key insight of the Middle Way This book argues that Buddhism has often abandoned the Middle Way and allowed dogmatic metaphysical assumptions to take its place The Buddha criticised appeals to metaphysics yet many of the trappings of traditional Buddhism are built on it whether these are karma and rebirth the revelations of the enlightened and their scriptures dependent origination the interpretation of the Four Noble Truths alienated idealisations of love or rituals that celebrate metaphysics rather than insight This is not a purely negative book but an attempt at a balanced appraisal of Buddhism with praise as well as criticism In the West we have an opportunity to evaluate Buddhism anew and reform it so that it best applies its own insights
