Louis Andriessen De Staat Landmarks In Music Since 1950:

Louis Andriessen: De Staat Robert Adlington, 2017-10-03 Louis Andriessen is one of the foremost composers in the world today His music with its distinctive blend of jazz minimalism Stravinsky and the European avant garde has attracted wide audiences internationally and made him a sought after teacher among younger generations of composers De Staat The Republic brought Andriessen to international attention in 1976 and it remains his best known work This book is the first extended single author study of Andriessen in any language It opens with a detailed account of Andriessen s involvement in the political upheavals of the 1960s and 1970s which formed the basis for his later views on instrumentation and musical style The following chapters assess the principal influences on his music and the musical structure of De Staat The book closes with an extensive discussion of the meaning of De Staat in the light of the composer s firmly held socio political views The downloadable resources include a thrilling live recording of De Staat from the 1978 Holland Festival plus two earlier works not previously commercially available on compact disc De Volharding and Il Principe *The Music of Louis Andriessen* Yayoi Uno Everett, 2006 For much of his career the internationally known and still active Dutch composer Louis Andriessen has been understood as an iconoclast who challenged and resisted the musical establishment This book explores his compositions as a case study for exploring the social and aesthetic implications of new music Everett chronicles the evolution of Andriessen s music over the course of five decades the formative years in which he experimented with serialism and collage techniques his political activism in the late 1960s concept works from the 1970s that provide musical commentary on philosophical writings by Plato St Augustine and others theatrical and operatic collaborations with Robert Wilson and Peter Greenaway in the 1980s and 1990s and recent works that explore contemplative themes on death and madness Everett s analysis of Andriessen s music draws on theories of parody narrativity and intertextuality that have gained currency in musicological discourse in recent years Publisher s website **Aspects of British Music of the 1990s** Peter O'Hagan, 2017-07-05 The 1990s work of six British composers forms the focus of this collection of essays arising from a conference that took place at University of Surrey Roehampton in February 1999 The composers whose music is discussed are James Dillon Thomas Ad Harrison Birtwistle Jonathan Harvey Edwin Roxburgh and Sebastian Forbes Reflecting the aims of the conference this volume brings together composers and musicologists to discuss significant works from the last decade of the twentieth century and also some of the wider issues surrounding British music Arnold Whittall and Julian Johnson provide perspectives on the plurality of contemporary British music Edwin Roxburgh offers a personal account of The Artists Dilemma whilst the essays that follow explore aspects of musical form and structure in a variety of works The second half of the book comprises interviews with most of the composers whose music is discussed in Part I adding a further dimension to our understanding of the preoccupations of British composition at the end of the twentieth century [American Book Publishing Record](#) ,2004 **Olivier Messiaen** Peter Hill, 2007 Olivier Messiaen s Oiseaux exotiques is arguably the first of

Messiaen's major works to create a successful synthesis between his music and his passion for ornithology. Messiaen regarded birdsong as music, a belief that led for a time to an obsession with truth to nature. Here Peter Hill and Nigel Simeone provide the background to *Oiseaux exotiques*, discussing Messiaen's relations with the 1950s avant garde and his involvement with the concerts of the Domaine musical for which *Oiseaux exotiques* was composed. The authors analyse Messiaen's compositional methods in unprecedented detail and trace step by step the evolution of musical ideas from first notation to finished score. *International Bibliography of Book Reviews of Scholarly Literature Chiefly in the Fields of Arts and Humanities and the Social Sciences*, 2004. Bibliographic Guide to Music. New York Public Library. Music Division, 2004. **Notes**. Music Library Association, 2005-06. **Choice**, 2005. **Forthcoming Books**. Rose Arny, 2004. **Internationale Bibliographie der Rezensionen wissenschaftlicher Literatur**, 2007. *British Humanities Index*, 2005. **Louis Andriessen**, 1978. De Staat. Louis Andriessen, 1992. Passion. South Bank Centre (London), 2002. *De staat*, 1976.
