Love And Conflict A Covenantal Model Of Christian Ethics:

Love & Conflict Joseph L. Allen, 1990 *Love and Conflict* Joseph L. Allen, 1995 In *Love and Conflict* Joseph L. Allen offers an understanding of Christian ethics that centers around the idea of covenant First Allen interprets human relationships as covenantal and second he proposes covenant love patterned after God's steadfast love as the basic moral standard *Love and Conflict* proposes covenant love as the central theme in Christian ethics and argues that the reality of conflict is a significant factor in ethical dilemmas a factor often overlooked in proposed standards of conduct In attempting to identify priorities among various claims Allen adds an important feature to *Love and Conflict* by distinguishing four types of moral conflict He also discusses the interrelation of love and conflict in marriage political community and church Originally published in 1984 by Abingdon Press *Rights and Christian Ethics* Kieran Cronin, 1992 Kieran Cronin helps philosophers and theologians to understand each other's perspectives on rights making this book a significant contribution to Christian ethics and moral philosophy *Christian Ethics* Judith Caron, 2001-12-27 *Christian Ethics* focuses on understanding the relationship between one's ethical self society's rules and the consequences of one's actions It operates from a Judeo-Christian perspective that also takes into account the ethical system of other major world religions *Christian Ethics* draws from philosophy theology and psychology It considers the roles of personality development conscience formation gender difference religious values and social structures in ethical decision making It probes the questions and dilemmas of good vs evil personal vs communal values authority vs conscience religion vs society and civil vs moral law Examples and case studies drawn from the fields of social medical sexual business political environmental and personal ethics are used throughout the book and illuminate the process for personal decision making **A New Protestant Labor Ethic at Work** Ken Estey, 2011-01-01 Estey proposes a labor ethic that emphasizes the protest in Protestantism The purpose of this ethic is to interrupt the drudgery of the Protestant work ethic which Estey asserts is the dominant cultural ideal in the U S Protestantism must not be about capitulation to capitalism and a Protestant ethic that works must be one that questions and confronts authority in order to undo the newest and oldest forms of dehumanization as they pertain to workers labor issues and conditions in the workplace **Covenantal Biomedical Ethics for Contemporary Medicine** James J. Rusthoven, 2014-04-29 Principles based biomedical ethics has been a dominant paradigm for the teaching and practice of biomedical ethics for over three decades Attractive in its conceptual and linguistic simplicity it has also been criticized for its lack of moral content and justification and its lack of attention to relationships This book identifies the modernist and postmodernist worldviews and philosophical roots of principlism that ground the moral minimalism of its common morality premise Building on previous work by prominent Christian bioethicists an alternative covenantal ethical framework is presented in our contemporary context Relationships constitute the core of medicine and understanding the ethical meaning of those relationships is important in providing competent and empathic care While the notion of covenant is articulated

through the richness of meaning taught in the Christian Scriptures covenantal commitment is also appreciated in Islamic Jewish and even pagan traditions as well In a world of increasing medical knowledge and consequent complexity of care such commitment can help to resist enticements toward the pursuit of self interest It can also improve relationships among caregivers each of whose specific expertise must be woven into a matrix of care that constitutes optimal medical practice for each vulnerable and needy patient
