witnessing of 9 11 as an adult It studies the human species with an admixture of evolutionary insight free ranging horror and heavily guarded optimism It is also the uncensored voice of a conservative philosopher who dares to speak his mind on contemporary conflicts including the culture and gender wars and Islamic jihad in an age when political correctness has lowered an Ivy Curtain prohibiting freedom of expression on campus and across Western civilization entire *Shakespeare and Platonic Beauty* John Vyvyan,2013-10-01 Looking at some of the Shakespearean comedies author John Vyvyan suggests they express a consistent profoundly Christian philosophy of life based on the Platonic ideas of beauty and love In *A Midsummer Night s Dream As You Like It and All s Well That Ends Well* the heroines bring to life the idea of love as the force that is awakened in the world by beauty which then leads the soul to perfection Vyvyan believes that for Shakespeare love was preeminent over human ideas of justice that self discovery was a supreme human experience and that breaking faith with the ideal as Agamemnon Cressida and Hector all do in *Troilus and Cressida* sowed the seeds of tragedy The author s recognition of Shakespeare s use of allegory enables him to make sense of certain developments in these plays that seem weak or absurd from the psychological standpoint He does not suggest that Shakespeare s philosophy is the most important thing about his plays it is simply one thing about them that ought to be known The recognition of this philosophy enhances enjoyment of the plays giving them a new dimension and richness This edition contains a list of the author s Shakespearean references and an enhanced index **The Athenaeum** ,1914 **Saturday Review of Politics, Literature, Science and Art** ,1905 **S.A. Pictorial** ,1928 *Principle and Prudence in Western Political Thought* Christopher Lynch,Jonathan Marks,2016-03-01 Discussions of the place of moral principle in political practice are haunted by the abstract and misleading distinction between realism and its various principled or idealist alternatives This volume argues that such discussions must be recast in terms of the relationship between principle and prudence as Nathan Tarcov maintains that relationship is not dichotomous but complementary In a substantive introduction the editors investigate Leo Strauss s attack on contemporary political thought for its failure to account for both principle and prudence in politics Leading commentators then reflect on principle and prudence in the writings of great thinkers such as Homer Machiavelli and Hegel and in the thoughts and actions of great statesmen such as Pericles Jefferson and Lincoln In a concluding section contributors reassess Strauss s own approach to principle and prudence in the history of political philosophy
