Modern Thinker and Author's Review Dagobert David Runes,1932 **In a Carpenter's Overall** Ishmael Angelo,2006-01-20 The foundation of religion is a true idea of God It is upon this idea of the Divine that all doctrines ultimately rest Christianity affirms the existence of three Divine persons in the one God the Father the Son and Holy Spirit This is an erroneous concept that has been uncritically embraced in the Roman Orthodox and Protestant Churches The idea of a triumvirate of Divine persons has had disastrous consequences for mankind It spawned the doctrine of the atonement that interprets the Crucifixion in terms of a human sacrifice for sin a propitiation by the Son to a wrathful Father whose sense of justice demanded punishment for sin As a direct consequence of the widespread acceptance of this preposterous doctrine Christianity inevitable acquired the status of a do nothing religion the gods having done it all for man who is justified that is declared righteous by mere faith in the atoning death of Jesus The result has been the emasculation of the Christian Faith and the erosion of genuine spirituality as no serious effort is mad towards a reformation of character through the renunciation of evil In A Carpenter s Overall affirms the existence of one God who incarnated in the person of Jesus Christ in whom resided the Father the Son and the Holy Spirit one God in one Divine person In the words of Paul In him dwelleth all the fullness of the Godhead bodily Colossians 2 9 Having established that the Jesus of the New Testament is the very I AM THAT I AM of the Old Testament the idea of the Crucifixion as a human sacrifice for sin is examined and shown to be unscriptural unnecessary and utterly blasphemous The doctrine of instant salvation justification by faith is refuted repentance and the renunciation of evil being the only means whereby salvation can be attained A true idea of the Divine is affirmed one God whose very nature is centered infinite love and compassion for the human race and who enfleshed Himself entering into the dimensions of space and time in response to the demands of this unfathomable love In A Carpenter s Overall is based on the revelations of Emanuel Swedenborg the eminent 18th century scientist turned theologian and revelator the sleeping giant in the bosom of Christianity waiting to be discovered And the most fascinating part of the book is the 138 quotations from his theological works classified under 20 subject headings in Appendix V These quotations are utterly sublime and make an excellent introduction to the Writings the name applied to Swedenborg s 30 volumes of theological exposition God s glorious gift to the human race divinely inspired as the Old Testament and the New In the Writings is the Second Coming of the Lord The Publisher and Bookseller ,1933 Official organ of the book trade of the United Kingdom *Life Understood from a Scientific and Religious Point of View* Frederick Lawrence Rawson,1920

Current Literature ,1932 **The Publishers' Circular and Booksellers' Record** ,1929 *An Introduction to Nietzsche as Political Thinker* Keith Ansell-Pearson,1994 An introduction to Nietzsche's political thinking which traces the development of his thinking on politics from his early writings to the mature work where he advocates aristocratic radicalism as opposed to petty European nationalism Key ideas the will **Dictionary Catalog of the Research Libraries of the New York Public Library, 1911-1971** New York Public Library. Research Libraries,1979 **Ethics in Forensic Science** J.C. Upshaw Downs,Anjali Ranadive Swienton,2012-03-20 This work will draw upon the expertise of the editors as authors and various contributors in order to present several different perspectives with the goal of approaching and understanding when ethical lines are crossed In order to achieve this goal comparisons of various canons of ethics from related fields such as medicine law the military science and politics will be examined and applied Case studies will be presented throughout to illustrate ethical dilemmas and challenge the reader with the goal of greater understanding First book to comprehensively address ethics in forensics beyond the laboratory Real life cases presented involving unethical behavior to illustrate concepts Discusses ethical considerations while delineating opinion from fact in testimony Places forensic ethics within the canons of the legal and medical systems **Decimal Classification and Relative Index for Libraries, Clippings, Notes, Etc** Melvil Dewey,1911 **The Eclipse of 'Elegant Economy'** Martin Cohen,2016-03-23 Elizabeth Gaskell might have been amused to learn that the Victorian elegant economy she mocked so poignantly in *Cranford* reached a new apogee in the mid twentieth century and endured the invasion of its precise antithesis conspicuous consumption For Britons of all classes the years of austerity during and after the Second World War were years of disorientation and fears of resurgence of the worst of the interwar decades They had never had more money in their pockets or less material things on which to spend it Many took refuge in the elegant economy its creator dubbed a sort of sour grapeism which made us very peaceful and satisfied Constrained by rationing manufacturing and import controls personal finance could only be disbursed on non material things sometimes wisely sometimes pragmatically and sometimes by throwing all caution to the wind Here for the first time is the history of these diverse reactions explored through Britain's metamorphosis from austerity to affluence with consumerism seen through fresh eyes Today political commentators constantly warn of the encroachment of austerity This book is a timely reminder of the years of real austerity in Britain when regardless of financial status everyone suffered its tribulations when a sub prime mortgage was unimaginable when abuse of expense claims by public figures was unthinkable and when no one dared utter a word critical of their bank or its manager **"I Have Always Loved the Holy Tongue"** Anthony Grafton,Joanna Weinberg,2011-01-03 An extraordinary book New Republic Fusing high scholarship with high drama Anthony Grafton and Joanna Weinberg uncover a secret and extraordinary aspect of a legendary Renaissance scholar's already celebrated achievement The French Protestant Isaac Casaubon 1559-1614 is known to us through his pedantic namesake in George Eliot's *Middlemarch* But in this book the real Casaubon emerges as a genuine literary hero an intrepid explorer in the

world of books With a flair for storytelling reminiscent of Umberto Eco Grafton and Weinberg follow Casaubon as he unearths the lost continent of Hebrew learning and adds this ancient lore to the well known Renaissance revival of Latin and Greek The mystery begins with Mark Pattison s nineteenth century biography of Casaubon Here we encounter the Protestant Casaubon embroiled in intellectual quarrels with the Italian and Catholic orator Cesare Baronio Setting out to understand the nature of this imbroglio Grafton and Weinberg discover Casaubon s knowledge of Hebrew Close reading and sedulous inquiry were Casaubon s tools in recapturing the lost learning of the ancients and these are the tools that serve Grafton and Weinberg as they pore through pre 1600 books in Hebrew and through Casaubon s own manuscript notebooks Their search takes them from Oxford to Cambridge from Dublin to Cambridge Massachusetts as they reveal how the scholar discovered the learning of the Hebrews and at what cost

T&T Clark Handbook of the Doctrine of Creation ,2024-03-07 The T how the doctrine of creation informs and is informed by various dogmatic commitments and how the doctrine of creation relates to a range of human concerns and activities The Handbook represents a celebration of fascination with bewilderment at lament about and hope for all that is and serves as a scholarly innovative and constructive reference for those interested in attending to what Christian belief has to contribute to thinking about and living with the mysterious existence named creation

Critique of Religion and Philosophy Walter A. Kaufmann,2020-06-16 From one of the major figures of twentieth century intellectual life an incisive critique of faith and reason in the secular age Originally published in 1958 Critique of Religion and Philosophy is Walter Kaufmann s luminous appraisal of the orthodoxies of his day Although he was a philosopher first and foremost Kaufmann was not immune to the wellsprings from which religion originates considering it to be among the most vital and radical expressions of the human intellect In this panoramic and uniquely personal book he tests the limits of faith and reason in our secular age Kaufmann discusses topics ranging from positivism and existentialism to language scripture and Eros and shares his views on thinkers such as Plato Aquinas Kant Bultmann Niebuhr and Freud Challenging playful and disarmingly honest Critique of Religion and Philosophy is as bold and provocative as when it was first published

Gertrude Stein, Writer and Thinker Claudia Franken,2000
