

"Every day comes with challenges, but my love for you is constant.

Thank you for being a reason to smile. I can't explain my love for you, but I feel how strong it is inside me. Seeing you around me is a blessing I will always appreciate. I love you, darling."

Love Letter:

Other People's Love Letters Bill Shapiro, 2011-02-09 Fevered notes scribbled on napkins after first dates Titillating text messages It's not you it's me relationship ends In Other People's Love Letters Bill Shapiro has searched America's attics closets and cigar boxes and found actual letters unflinchingly honest missives full of lust provocation guilt and vulnerability written only for a lover's eyes Modern love of course is not all bliss and in these pages you'll find the full range of a relationship with its whispered promises as well as its heartache But what at first appears to be a deliciously voyeuristic peek into other people's most passionate moments will ultimately reawaken your own desires and tenderness because when you read these letters you'll find the heart you're looking into is actually your own I think you're great wanna have wine Tequila again sometime I can't believe you're real and I think about you constantly in some way or the other all day I haven't given the finger to anyone driving since I met you With you I learned how to fight cleaner how to talk things out better and how to make a strong loving family out of nothing These are priceless gifts that I will carry with me the rest of my life One more thing you did for me you left and I had to get through it P S I look forward to your letters too much to call Also where do you stand on chains

How to Write a Love Letter Barrie Dolnick, Donald Baack, 2010-03-31 No one can resist a love letter Love letters are largely a lost and forgotten art Not long ago suitors used the written word to work magic and people were swept off their feet by a sweet sincere note How to Write a Love Letter teaches us once again how to reinvent this most meaningful of arts In today's rushed individualistic society love letters are more potent than ever before They embody and convey the mysterious the unexpected and the most utterly thoughtful A love letter can be anything from a brisk casual E mail asking a love interest to coffee to a handwritten marriage proposal that will serve as a family treasure always Fun flirtatious intimate provocative a love letter can be any and all of these things Even the simplest letter can cause a stir Barrie Dolnick and Donald Baack have collected a wide range of letters from old family keepsakes to casual and proper office E mails The authors demonstrate and explain to both women and men that writing a love letter is about turning sincere affection or intrigue into a unique cherishable gesture no matter how small the occasion or how short and uncomplicated the note Whether you're shy and have trouble expressing your feelings face to face or you're a romantic at heart who wants to learn more effective ways to communicate How to Write a Love Letter is your ultimate inspiration and guide Go ahead Fan the flames of a fledgling romance or tell your husband of forty years that you still adore him as much as you did the day you first married him Words are sexy romantic and wondrous Letters are legacies Learn the art today and improve your life Julie My life is starting to become different even if my days seem the same And I must confess that it's you who has changed my outlook You have opened my eyes to some amazing new possibilities Your touch is so gentle your kisses are so delicious and your body is soft when it presses against me I will forever be filled with a new sense of wonder and joy because you have shared these things with me I must confess that in some ways I feel inadequate Can I match your gentleness Can I give any
