dramatic genius of Bach's Passions is fully evident in virtually all of the composer's sacred cantatas. Ringer approaches the sacred cantatas as sermons in musical dramatic form, un-staged operas planned for each occasion of the church year. Bach's era relished dramatic contrast and his use of the human voice offers a constantly changing pallet of vocal colors. The singers play roles throughout the cantatas from penitent sinner to ardent believer to Christ himself. This book is accompanied by online audio tracks of select Bach cantatas from the Naxos music library. It will be of use to readers interested in opera and vocal music who have already come to love Bach's Passions and who want to familiarize themselves with this wide array of masterpieces.
