**Have I Been Over-Wed?** Renooka Gopaul, 2011-09-26 My first husband Goldie was obsessed with kids and he chose to be with another woman just for kids He said he loved me but I don't know whether he was true as when I asked him to hire a surrogate mother he turned me down saying he wanted a child with love Does love mean to have physical relation only and produce children It might be so I am still searching an answer to this He asked me to stay in his life just as a mere doll and I could not accomplish that My second husband Brainie was simply obsessed with money For him money was everything and other things served no importance in his life He wanted me to be his money machine and after spending seven years with him Dave came in my life Dave my third husband was obsessed with sex For him marriage was just the license to physical relation freely Whereas for me marriage is a very sacred relation a relation which I believe can be nurtured only with love faith and happiness Again love is not a simple as it sounds to be It is the mental and emotional attachment between two persons You cannot go before two or three persons at a time and tell them that you love them Before you tell a person that you love him or her at first give a thought whether

you have any respect for that person and if you can keep him or her happy Have some love in your heart for the person with whom you are sharing a physical relation I am so confused after so many incidents in my life that I still do not have answers to many questions I am writing this book and I hope earnestly that the readers will help me in finding answers to these questions I don't know if I had been married too many times I don't know even if any one of my husbands loved me I don't know if they had just abused my life and my trust and kicked me out of their lives      **And the Trees Crept In** Dawn

Kurtagich, 2016-09-06 When Silla and Nori arrive at their aunt's home it's immediately clear that the blood manor is cursed The creaking of the house and the stillness of the woods surrounding them would be enough of a sign but there are secrets too the questions that Silla can't ignore Who is the beautiful boy that's appeared from the woods Who is the man that her little sister sees but no one else And why does it seem that ever since they arrived the trees have been creeping closer Filled with just as many twists and turns as *The Dead House* and with achingly beautiful chilling language that delivers haunting scenes **AND THE TREES CREPT IN** is the perfect follow up novel for master horror writer Dawn Kurtagich      100
