Freedom of Mind: Helping Loved Ones Leave Controlling People, Cults, and Beliefs Steven Hassan, PhD, 2022-06-22 In the post 911 world people are more susceptible than ever to charismatic figures who offer simple black v white us v them good v evil formulaic solutions The rise of the Internet increasingly sophisticated knowledge about how to influence and manipulate others and the growing vulnerabilities of people across the planet make for a dangerous potentially devastating combination Steven Hassan s new book *Freedom of Mind* provides the knowledge and awareness needed to help yourself and loved ones avoid or escape from such dangerous people and situations This must read volume is a significantly updated and revised edition of Hassan s groundbreaking *Releasing the Bonds* 2000 People who read and

benefitted from that book and also his earlier book *Combatting Cult Mind Control* 1989 will want to read Hassan's latest. It provides an up to the minute guide to the reality of undue influence the preferred term for mind control in the post 9/11 era. *Unstable Global Environment Enhances Dangers of Unethical Control*. The world has changed greatly in the last decade. The rise of the Internet, the emergence of global terrorism and of dangerous totalistic ideologies and the shifts in global markets, these and other changes have created new opportunities for unscrupulous individuals, groups and institutions to exert unethical control over others. *Freedom of Mind* exposes the techniques and methods that individuals, cults and institutions of all types, religious, business, therapeutic, educational, governmental, use to undo a person's capacity to think and act independently. Individuals More Vulnerable than Ever. The Internet is now the primary vehicle for recruitment and indoctrination. It is also a means for spreading sophisticated information about social psychology, hypnosis and other techniques of social control which are being used in ways both effective and dangerous by influence professionals. Meanwhile, people are becoming increasingly vulnerable. Sleep deprived, overweight and looking to improve themselves, overloaded with often frightening images and information, anxious about the current economic decline, climate change and government corruption on all levels. People are more susceptible than ever to charismatic figures who offer simple black v white, us v them, good v evil formulaic solutions. These factors, the rise of the Internet, increasingly sophisticated knowledge about how to influence and manipulate others and the growing vulnerabilities of people across the planet make for a dangerous, potentially devastating combination. *Freedom of Mind Provides Help for Yourself, a Loved One or a Friend*. Hassan's new book *Freedom of Mind* aims to fill the gap. It identifies and explains how to identify and evaluate potentially dangerous groups and individuals. Hassan details his groundbreaking approach, the Strategic Interactive Approach, which can be used to help a loved one leave such a situation. Step by step, Hassan shows you how to evaluate the situation, interact with dual identities, develop communication strategies using phone calls, letter writing and visits, understand and utilize cult beliefs and tactics, use reality testing and other techniques to promote freedom of mind. He emphasizes the value of meeting with trained consultants to be effectively guided and coached and also to plan and implement effective interventions. The best way to protect yourself and your loved ones is knowledge and awareness.

Multifamily Therapy Group for Young Adults with Anorexia Nervosa. Mary Tantillo, Jennifer L. Sanftner. McGraw, Daniel Le Grange, 2020-11-23. *Multifamily Therapy Group for Young Adults with Anorexia Nervosa* describes a new and innovative family centered outpatient Multifamily Therapy Group (MFTG) approach called Reconnecting for Recovery (R4R) for young adults with anorexia nervosa that is based on a relational reframing of eating disorders. Developed in concert with young adults and their families and informed by clinical observations, theory and research, R4R is designed to help young adults and family members learn the emotional and relational skills required to avoid or repair relationship ruptures for continued collaboration in recovery. The book begins with an overview of anorexia nervosa, MFTG treatment approaches and the development of R4R and moves into a session by session review of R4R including

session goals exercises and handouts Protocols case vignettes and other materials help translate the theory and research underlying this multifamily therapy group model into practice This treatment manual provides readers with explicit guidance in how to develop and conduct an outpatient R4R MFTG and a deeper understanding of the nature purposes and processes that characterize one Healing the Heart's Journey Pasquale De Marco,2025-03-08 In this comprehensive guide to navigating grief we offer compassionate support and practical strategies for healing and moving forward Whether you are grieving the loss of a loved one a job a relationship or a dream this book will help you understand the grieving process and find the strength to heal We explore the different types of grief the impact of grief on physical and mental health and the importance of self care during this difficult time We also provide strategies for coping with grief finding meaning in loss and rebuilding connections We delve into the role of spirituality in the grieving process the link between grief and creativity and the impact of grief on the workplace We offer practical advice for honoring the memory of loved ones finding hope and resilience and moving forward with life after loss Drawing on the latest research and insights from experts in the field of grief counseling this book is filled with real life stories from individuals who have experienced grief and found healing and hope With empathy and understanding we guide you through the journey of grief offering support and encouragement every step of the way This book is an invaluable resource for anyone who is grieving or supporting someone who is grieving It is a beacon of hope and a source of strength for those navigating the challenges of loss In this book you will find Expert guidance on understanding and coping with grief Practical strategies for healing and moving forward Real life stories of hope and resilience Insights into the role of spirituality creativity and the workplace in the grieving process Tools and resources for supporting yourself and others through grief If you are ready to begin your journey of healing this book is here to hold your hand and guide you through the darkness With compassion and understanding we will help you find your way to hope and healing If you like this book write a review **Ethics in Practice** Hugh LaFollette,2020-02-12 The bestselling and field defining textbook which has introduced generations of students to the field of practical ethics now in a new fully revised fifth edition For more than twenty years Ethics in Practice has paved the way for students to confront the difficult ethical questions they will must or do already face Accessible to introductory students yet sufficiently rigorous for those pursuing advanced study this celebrated collection encourages and guides readers to explore ethical dimensions of important controversial topics such as euthanasia environmental action economic injustice discrimination incarceration abortion and torture In combining new and revised modern texts with works of classic scholarship Ethics in Practice equips readers to consider wide ranging ideas in practical ethics and to understand the historical basis for contemporary developments in ethical theory Revisions and updates to the new edition of Ethics in Practice focus on covering pressing global issues and adding depth to key sections Many sections have been expanded to offer more thorough coverage of topics in ethical theory Edited by Hugh LaFollette highly regarded for his contributions in the field of practical ethics this important volume Explores

The Practical Caregiver's

Essential Guide Sara M. Barton,2020-06-28 This guide will help you to better understand your loved one s need for care and how you can effectively provide it while still maintaining your own good health There are three important rules for good family care 1 Love is never enough You can love someone utterly and completely but without the right tools and education you can fail as a caregiver 2 You have to take care of yourself in order to be able to take care of your loved one If you fail there will be two people who need a caregiver you and your loved one 3 What you don t know or understand can hurt you and your loved one when you learn about what ails your loved one you can also learn about what will make care better
